Subject: FW: Requesting to put an article in home institutional repository

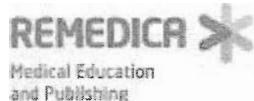

Dear Tommie,

Thank you for your email.

I am very happy to grant permission to put the below-mentioned article in the UTA institutional repository.

Best wishes,
Scott

Subject: Requesting to put an article in home institutional repository

Dr. Robert Gatchel has an article published in Advances in Pain Management. I am requesting permission to put this article in the institutional repository at the University of Texas at Arlington, where Dr. Gatchel on the faculty.

The article is "Methods for Monitoring Medication Use in Chronic Pain Patients". Advances in Pain Management, V. 21, pp 54-58, 2008.

Does your policy permit this?

Thank you.
