

# INSTALLMENTS

Vol. 3, Issue 8, August 2015

[www.facebook.com/utalibraries](http://www.facebook.com/utalibraries)

## Welcome Back Students!

## Ringside: Memories of World Class Championship Wrestling

A new exhibit opening in Special Collections Aug. 24

## New technology available for checkout

Sure, you know you can check out books and even laptops at the library, but here are 10 technology tools we bet you didn't know you could check out at UTA Libraries!

1. Graphing calculators
2. Headphones
3. Headphones with microphone
4. Portable DVD players
5. USB drawing tablets
6. Flip cameras for video or still photos
7. Digital recorders
8. Surface tablets. Coming later this fall!
9. Acer Chromebooks. Coming later this fall!
10. iPad Airs. Coming later this fall!

**Extra credit: Robots!** Students can check out a telepresence robot for three hours at Central Library. Robots must remain in the building.  
<http://library.uta.edu/technology>

## Free Textbook Project returns

The Textbook Project—a program offering a selection of 1000- and 2000-level textbooks that can be checked out for two hours—has returned for fall 2015. A complete list of books is located at [libguides.uta.edu/TextbookProject](http://libguides.uta.edu/TextbookProject).

Single copies of select textbooks are stored in the Reserves area of Central or Science and Engineering Library, depending on the subject. The textbooks must remain in the library and copying is permitted. Electronic copies of textbooks are not available. To check out a textbook, get the call number of the book and go to the location indicated on the record. At the service desk, present the call number and your MavID and the book will be retrieved for you.

## UTA FabLab is expanding!

Follow our progress on  
Facebook and Twitter.
