## Oilfield Revolutionary author to speak at Friends event

7:30 p.m.  
Friday, Feb. 12  
Central Library sixth floor

Everette Lee DeGolyer wore many hats—and he wore them with distinction. Though not a geophysicist, he helped make geophysics central to oil exploration. Though not a politician, he played an important role in the national politics of energy. Though trained as a geologist, he became an important business executive. DeGolyer left his stamp on oil exploration and his name on a number of philanthropic institutions.

The event, sponsored by Friends of the UTA Libraries, is free and open to the public.
