Duncan Robinson

Professor Robinson, UT Arlington's Pioneer

The 1969-70 Reveille staff is proud to dedicate this year's annual to Duncan Robinson, member of the university's staff for more than 40 years.

He was a member of Sigma Tau Delta, honorary English fraternity, Sigma Delta Chi, honorary Journalism fraternity and listed in *Who's Who in American College and Universities*.

Mr. Robinson received his B.A. degree in English from North Texas Teacher's College in Denton in 1928. He joined the North Texas Junior Agricultural College faculty as an instructor in public speaking and freshman English. He added a laboratory course using slides for improving the writing skills of students needing help in freshman English.

Prof. Robinson received his master's degree from Southern Methodist University in 1934 and later spent summer sessions at the University of Colorado and UT Austin working toward a doctorate. He was appointed professor of English at North Texas Agricultural College in 1938. He continued as director of information for the college as well as faculty advisor for the student newspaper, a position he held for 20 years. He was named chairman of the English Department in 1954 after the death of W. A. Ransom.

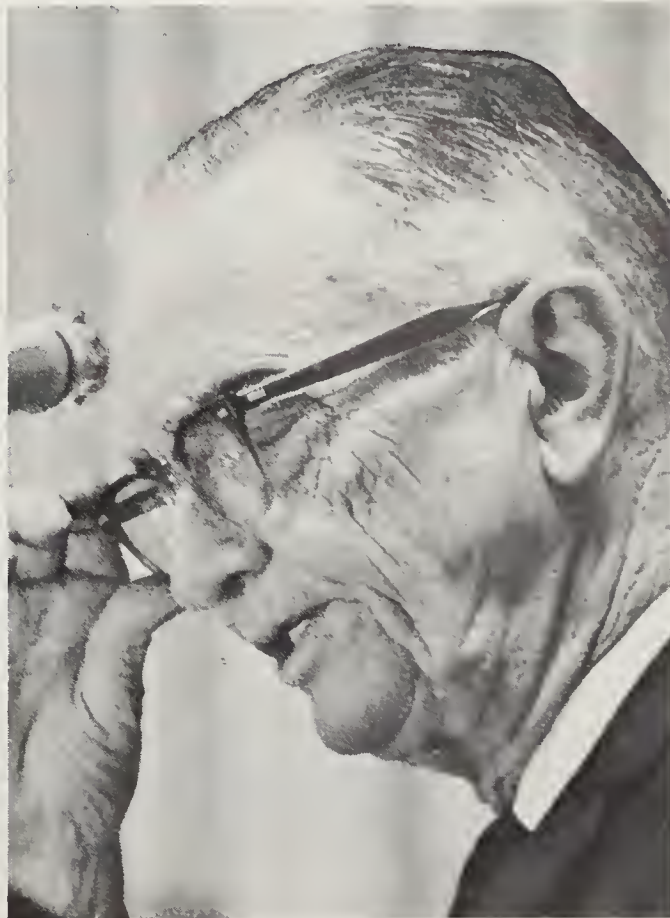

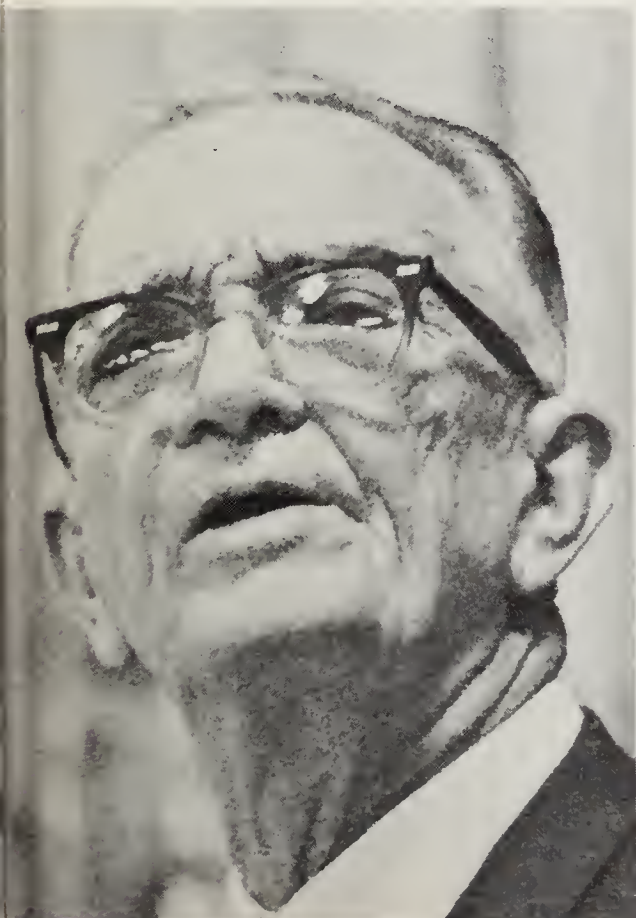

Prof. Robinson has contributed much to the UT Arlington curriculum. He developed the first "Survey of English Literature" course in 1932, added a "Southwestern Literature" junior level course, and a "Mark Twain" senior level course in 1959. Mr. Robinson is the author of several articles on Southwestern history and personalities. His book, *Texas Three Legged Willie*, published by the Texas Historical Association in 1948, added to the prestige of a growing school.

Professor Robinson is always willing to listen to a student's problems.

Mr. Robinson was one of three from UTA to be nominated for the Piper Professor Award this year.

Although his 16 years able service to the university as department chairman of English will terminate at the end of the current summer session, his greatest contribution has come in the classroom. Mr. Robinson's wit, understanding, knowledge of the meaning of literature and consistent interest in the individual are the characteristics he has imprinted upon the lives of thousands of students. It is as an educator of young men and women that he has made his mark at UT Arlington.

ARLINGTON COLLEGE 1895-1902

**EDWARD EMMETT RANKIN
FATHER OF ARLINGTON COLLEGE**

In the spring of 1895, Edward Emmett Rankin, the "Father of Arlington College," suggested that the citizens of the community of Arlington open a private college in the town; he proposed the names of Lee M. Hammond and William M. Trimble for co-principals. Later that year, on one block of land donated by the Ditto and Collins Land Company, the one-building school opened its doors.

At opening, the college had a faculty of six and from 75 to 100 students. The curriculum covered elementary through high school grades, with courses in mathematics, grammar, Latin, and the natural sciences. In 1901, due to lack of funds, Arlington College ceased to operate in full scale.

CARLISLE MILITARY ACADEMY 1902-1913

**FIRST FACULTY OF CMA, 1902
(SUPT. CARLISLE IS IN CENTER)**

In 1906 the Arlington College Corporation deeded the property to a board of trustees, who agreed to turn it over to any school which operated in the building for four years. Carlisle Military Academy met this requirement and on June 2 took over with Dr. James M. Carlisle as superintendent.

As Carlisle Military Academy, the campus was enlarged to four city blocks (ten acres), containing an administration building and three barracks for cadets. The curriculum covered two preparatory years and four academic years. The faculty of eight taught courses in mathematics, history, science, business, Latin, grammar, and military science and tactics.

The cadets became familiar with military discipline, which aimed at producing well-developed citizens. The Academy closed in 1913 for lack of funds.

ARLINGTON TRAINING SCHOOL

1913-1916

The Arlington citizens board, determined to have a college in their town, leased the property to Dr. H. K. Taylor in 1913. He became the president of Arlington Training School with his sons-in-law as principals.

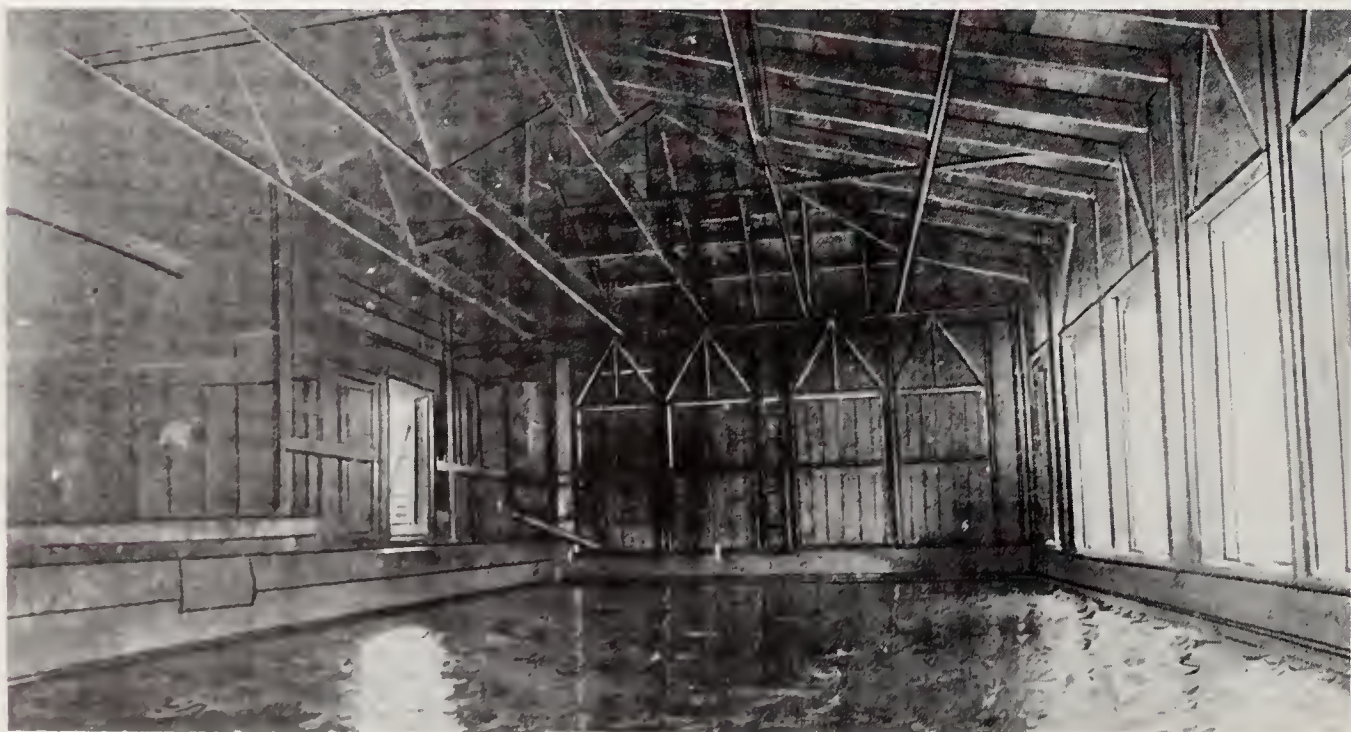

The faculty of seven taught English, mathematics, history, science, foreign languages, and vocational business and agriculture courses. The classes were small to allow individual attention to each pupil and therefore to help mold his character. Military discipline was employed at the school.

Girls were admitted to the college and offered a special program in music. The school stressed athletics and physical training for all.

As public high schools became more numerous, private academies began to wane. In 1916 the Training School closed due to insufficient funds. It became Arlington Military Academy under John Dodson's supervision; losing its high academic rating due to lack of funds, the Academy closed after one year of operation.

GRUBBS VOCATIONAL COLLEGE

1917-1923

In 1916 Judge V. W. Grubbs enlisted the citizens of Arlington in a campaign for legislation to make Arlington's college a state vocational school. The campaign successfully ended on March 26, 1917, when Governor James Ferguson signed the bill creating the two-year junior college which was to be a part of the Agricultural and Mechanical College of Texas system.

The Grubbs Vocational College property consisted of the Carlisle Military Academy's ten acres in addition to 100 acres contributed by the Texas A&M

system. M. L. Williams was appointed dean and served in that capacity throughout the school's operation.

During Grubbs' first year as a state institution the enrollment was 66, with a faculty of 14. The school's curricular emphasis was in the areas of agriculture, mechanical arts and industry-related fields. By 1923, courses in pre-engineering, business administration, vocational carpentry and accounting had been added. In that year, 240 students were enrolled.

NORTH TEXAS AGRICULTURAL COLLEGE 1923-1949

In 1923 a bill was passed by the state legislature changing the school's name from Grubbs Vocational College to the North Texas Junior Agricultural College (the "Junior" was later dropped). The reason for the change was given as the private connotation of the individual's name "Grubbs" and the limit in function imposed by "vocational."

North Texas Agricultural College was still a two-year college within the Texas Agricultural and Mechanical College system. During the 1924-25 school year, the faculty numbered 30; in 1934, after an administrative change, the college had a faculty of 50 and an enrollment of 1023.

From 1934 on, the school offered courses in agriculture, commercial, domestic and mechanical arts, military science and vocational education, as well as the usual academic courses. Two-year courses in agriculture, business administration, pre-med, pre-law, home economics and various engineering fields were also offered.

By 1934 the college owned a farm of 100 acres, while the campus itself consisted of 33 acres.

ARLINGTON STATE COLLEGE

1949-1967

WEST SECOND STREET, CENTER OF THE CAMPUS

With the year 1949 came another name change for the school, as the largest state-supported junior college in the Southwest became known as Arlington State College.

Emphasis in the two-year junior college was placed on agriculture, home economics, business and secretarial administration, and pre-engineering.

By 1953, the number of departments had narrowed to five: agriculture, arts and sciences, business administration, engineering and fine arts. ROTC came to the campus in 1956; all agriculture courses were discontinued in 1958.

In 1959 the school was elevated to senior college status. At that time the college became divided into two departmentalized schools, the School of Arts and Sciences and the School of Engineering, and two divisions, one in business administration and the other a technical institute.

The college embarked in 1964 upon the largest expansion program in the history of ASC. The three million dollar program included the construction of new buildings and parking lots. December of that year found ASC accredited by the Southern Association of Colleges and Schools.

FRESHMEN GET ACQUAINTED

In December of 1964, students at ASC learned of a proposed move by Texas A&M University to incorporate all four schools within its system into one closely knit "super university." The proposal included changing the name of ASC to Texas A&M at Arlington. Opposition to the plan unified the student body throughout the year.

Arlington State College's efforts to separate itself from the Texas A&M University system reached a successful conclusion on Friday, April 23, 1965, when Governor John Connally signed the bill which transferred ASC from the Texas A&M system to the University of Texas system.

The University of Texas at Arlington

Arlington's growing baby found its final name in 1967 when the University of Texas Regents, with legislative approval, changed the school's name to the University of Texas at Arlington. From the first block of land occupied by 75 students, the college has sprouted into 270 acres with \$38,000,000 worth of facilities; these are filled with 13,000 mostly commuter students instructed by a faculty of 595.

After 75 years of progress and growth, the University of Texas at Arlington can take pride in the heritage which has prepared it to meet the challenges of the future.

THROWING THE HAMMER

ACTIVITIES

Year Opens With Struggles to Obtain Goals

"Hopefuls" this year launched a barrage of monumental strivings, in both curricular and non-curricular areas. The desired end was to be reached through individual effort in events which climaxed the beginning of the school's 75th year.

Rush for fraternity and sorority memberships bustled during September and early October; the totals showed sororities pledging 81 and fraternities 236. Registration caused the usual long lines, resulting in the final student enrollment tabulation of 13,869.

Fall elections were held during the middle of October to select a Miss Dixie Belle, the freshman cheerleaders and freshman officers, and to fill unoccupied Student Congress seats. October 15 and November 13-14 witnessed the UT Arlington Viet Nam Moratorium Committee at work.

Interfraternity Council members present bids to future pledges at bid house.

Clutching class schedules, members of the straggling registration line ponder the chances of obtaining the course sections they desire.

Linda Atkins cheerfully demonstrates the subtle techniques of vote-soliciting to a resigned Jeff Barton as she campaigns for the Miss Dixie Belle crown during the fall student elections.

Singing of freedom, Moratorium supporters end the night vigil.

As glistening lights from campus buildings illuminate the black sky, Moratorium vigil keepers enjoy their company throughout the long night.

A beruffled but sober clown enjoys the many festivities of the Karnival booths as he adds his own lively color to the scene.

Kappa Sigma Hosts Annual Charity Karnival

Shivering victims prepare for another swim as the next in line takes aim.

Balloons and booths casually lined the mall October 24 for the Kappa Sigma Karnival. Of those participating, En Ami's bean bag booth, Phi Gamma Delta's dunking booth and the Inter - Dorm Council's marshmallow - eating contest were the first place winners. They brought in the most money to be donated to the Arlington Day Care Center. Phi Mu's cartoon caricatures and photos along with Kappa Alpha's jail collected the second greatest amounts at the Karnival.

Sorority skits took place that afternoon and found Phi Mu and Alpha Chi Omega first and second respectively for their interpretation of highlights of the school's past.

The Karnival ended its merry run at UT Arlington with a dance at the UAW Hall in Grand Prairie that evening. Those groups who won honors for their excellence or contributions were awarded trophies at the final celebration.

The Sig Karnival's charitable fun brought welcome relief from mid-semester blues.

Ken Wells takes a shaving cream pie full in the mouth, courtesy of the Delta Tau Delta-sponsored pie toss at the Kappa Sig Karnival.

Dr. K. O. Emery, Morgan Woodward, and Dr. Herman Brautigam receive alumni recognition.

Mayor Tom Vandergriff chats with a hostess at the coffee for decoration judges.

Various displays for Homecoming on campus interpret the scene of American moon exploration following this year's timely overall Homecoming activity theme, "American on the Moon."

Achievement Keynoted in Homecoming Events

Hollywood actor Morgan Woodward shares his knowledge with drama students.

Homecoming climaxed November with its traditional festivities. Three alumni were honored for their professional achievement. Dr. Herman A. Brautigam, educator; Dr. K. O. Emery, oceanographer and Morgan Woodward, the television and motion picture actor, were the three recognized at the half-time activities of the Abilene Christian College game. Also, two Miss Dixie Belles were chosen when the election between Linda Atkins and Kathy Christal ended in a tie, the first ever to occur.

Decoration judges gave the NCO Club the trophy for the best in keeping with the theme. Koinonia received the most original award. AIA won for the largest display, Pachi for the best building and the BSU for the most beautiful decoration. Other awards went to Phi Gamma Delta for the best wood supply, Tri-Delta for the best bonfire skit, and Gary Gansert and Candy Beach, Mr. and Miss School Spirit.

As dawn breaks behind him, a bonfire woodgatherer carefully adds his contributions to the mountainous pile of lumber.

Sororities Battle in Phi Delt-Sponsored Melee

En Amis were crowned with figurative laurel weaths for capturing first place in overall points in the Phi Delta Theta Winter Olympics. Zeta Tau Alpha placed second with Phi Mu and Delta Delta Delta tying for third.

Exciting competition in thirteen events held on December 20th entertained an audience of onlookers including fraternity men and sorority sisters of competitors. Individual points awarded gave En Ami the lead with firsts in chariot decoration, the egg toss, apple bob, licorice ice cream race, and the "surprise event"—finding pickles in whipped cream pies.

Other first places snagged were Alpha Chi Omega in the toga contest, Delta Zeta in the Trojan horse event and Zeta Tau Alpha in the tricycle race, musical tubs, and egg rolling, while Phi Mu won a first in the spoon dig.

A semi-formal dance the evening of the 21st at the Tarrant County Convention Center, at which the winning sorority received the trophy topped the Olympian revelry.

Sorority beaus literally get egg on their faces as their riders have a smashing good time during competition in the Trojan horse event.

Suds of flour and molasses mix drench swift female players in the sloppy Olympics game of musical tubs.

Grecian charm and beauty serenely radiate from the sextet of entries in the toga contest, with Debbie Carroll of Alpha Chi Omega taking top laurels in the event.

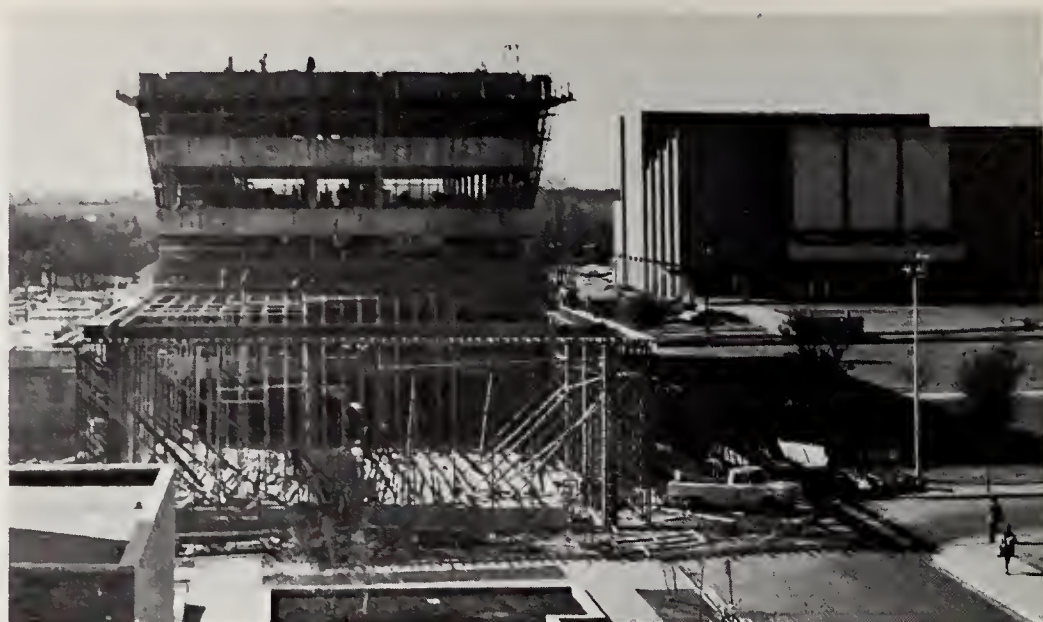

Pedaling for a Zeta win, Linda Bush and Donna Thomas giggle their way to victory by way of a bumpy tricycle-chariot ride across rough terrain

An apple bobber frantically clutches the fruit of her labor with her teeth, showering herself with water as she starts the precarious foot race toward the finish line.

Construction Accident Makes Area Headlines

On December 5 the new University Hall's second floor collapsed while under construction, leaving concrete and wood and steel beams covering 19 workers. Within two hours all workmen were recovered from the debris thanks to the swift action of the Arlington fire department and two cranes. No deaths resulted from the tragedy which was believed to have occurred from metal shorings giving way in the rainy weather. McCann Construction Company was building the edifice which will house the social sciences upon completion. The cost of the damage was undetermined but 810,000 pounds of concrete and wooden shoring were estimated to have fallen 30 feet in the rainy afternoon mishap.

Construction runs smoothly on the building with no hint of coming disaster.

Firetrucks and ambulances aid injured workmen in the Friday, December 5 accident, as black umbrellas waiting for news dot the sidelines.

Present Texas law dictates that no alcoholic beverages can be sold or consumed on state property. In this year's spirit of change, Student Congress presented a resolution to change this so that any person legally of age could acquire alcoholic beverages in the student center. The state regulations would be observed and the money from the sale would be used by Student Congress in the interest of the student body. If passed, the President of the university would receive the resolution to act upon it. The campaign was promoted with root beer served in paper beer cups on the steps of the student center.

Student Congress President Bill Saunders said he would like to see a statewide movement to accomplish the motion. The goal was short-lived, however, as the Congress itself soon voted it down.

Bill Saunders, Student Congress president, expounds on the subject of beer on campus as his listener sips the token root beer distributed in the student center rally.

Campus Beer, New Fraternities Stir Interest

Alpha Phi Alpha, a Negro national fraternity, and Beta Phi Sigma, a new local group, joined the interfraternity Council on campus. Alpha Phi Alpha was originally established at Cornell University in 1907; the national will initiate 17 members as the Zeta Chi chapter on the UT Arlington campus. Sponsoring the men are Dean Reby Gary and the Beta Tau Lambda graduate chapter of the national fraternity.

Beta Phi Sigma is a newly organized local fraternity that operates as the seventh social fraternity. Dr. Paul Bartlett, business law and economics professor, sponsors the group on campus. The men plan to go national in the immediate future.

Dan Reby Cary joins with members of Alpha Phi Alpha and Collegians for Afro-American Progress to prepare the library exhibit for Afro-American History Week.

Campus Observes Afro-American History Week

Afro-American History Week, February 9-13, was observed with library displays of black contributions. A film series, paintings by Anna Stanley, and a play entitled "The Man Nobody Saw" by Elizabeth Blake also commemorated the blacks.

The week itself was sponsored by Alpha Phi Alpha and Collegians for Afro-American Progress. The latter also sponsored Black Awareness Week.

It included a fashion show of black styles, films indicative of the black situation, and a series of lectures by prominent black speakers. Leroy Haynes of El Centro College; Keith Worrell, a sociology professor at Southern Methodist University; Dr. Ron Brothers; Frank Wyman, a graduate student at UT Austin; and Gene Johnson, a former UT Arlington student and CAP president, were scheduled to speak during the week. The president of CAP said the week was to become an annual attempt to give an indepth look at the true concept of black awareness.

In the foyer of the library, cased in glass, documents of Afro-American history are displayed, enticing the passerby to learn from other library volumes.

"The Man Nobody Saw," by Elizabeth Blake and produced by "The Hypocrites" from University Christian Church, is prepared for presentation in its entirety in the student center as a part of the school's Afro-American history observance.

Keith Worrell addresses students on black capabilities.

Maria Uribe, center, receives the Miss Mexico title from judges, with Frances Vasquez, left, and Carol Lynch as runners-up.

Miss Mexico and Bunny Visit Fashion Show

Playboy Bunny Connie Kreski wows the crowd at the Playboy Fashion Show.

As part of the February 23-27 week-long celebration of "Mexico, Country of the Year," SAB Hospitality sponsored the annual Playboy Fashion Show on Thursday. As expected, a bunny was on hand, though heavily guarded, to add her touch of beauty to the scene. Playmate of the Year 1969 Connie Kreski commented on the parade of masculine attire along with KFJZ disc jockey Lee Randall. She even bestowed a lucky bystander with a kiss. The clothes worn by the organization and fraternity men were a variety of bright business suits and colorful sportswear from the Classic Squire Men's Shop, co-host of the show. Afterwards Miss Kreski was at the shop to give her autograph to interested customers of the concern.

Sophomore Maria Uribe of Irving, chosen Miss Mexico of UT Arlington in the February 23 contest, was presented to the substantially male audience. Her runners-up, freshmen Carol Lynch of Arlington and Francis Vasquez of Fort Worth, were also recognized at the fashion show.

In a four-to-one brawl for the March 5 evening rodeo in Mansfield, Texas, fraternity men run doggedly, as they inexpertly try to lasso an irate Hereford.

The ladies of Alpha Chi Omega accepted blue ribbon honors in the FIJI Rodeo for the third consecutive year, entitling them to permanent possession of the sorority trophy. The men of Delta Tau Delta took top honors in the fraternity division March 5 and 6.

Alpha Chi Omega won the calf scramble and ribbon roping at the Thursday night rodeo and, at the games Friday afternoon, the sack and barrel races. The Delts captured first places in the sack race, stagecoach decoration, rodeo attendance, and steer saddling.

Other firsts were Phi Delts in chute dogging, the stagecoach race, roping and the tug-of-war. Delta Upsilon caught the egg toss, and Beta Phi Sigma won in the Gabby Hayes costume contest.

Sorority points also went to En Ami when they added two more firsts in the egg toss and greased pig catching to the attendance award of Thursday night. Delta Zeta had a first in the tug-of-war and Sandy Lankford of Delta Delta Delta was crowned rodeo queen.

Western festivities reached a high point at the all-school dance Friday night at the National Guard Armory where the winners claimed their championship trophies.

Alpha Chis, Delts Lasso FIJI Rodeo Glories

En Ami's heave ho in the tug of war to claim first place points in the event.

Hefty Phi Delts lift a Volkswagen "stagecoach" across the water-moistened asphalt to rest and recuperation.

Delta Tau Delta's four-legged race entry speedily stumbles through mud to the finish line for a hard-earned victory.

Casino, Beauty and Beast Top Birthday Week

Student Activities Board sponsored a night of old-time fun when they revived the scene of an old saloon with dancing girls, a bar, and dealers playing one's favorite game. From 7:30 to 10:30 p.m. the establishment was open for business and for good clean fun. What one won wasn't money, but it felt good to see the "play" money pile up.

Throughout the week men representing various functions of the school met to celebrate and congratulate one another on the educational history and advancement of the institution. The Casino night was also part of the Birthday celebrations, as was the Spring Fling which included B. J. Thomas' appearance.

A penny bought a vote in the Alpha Phi Omega Beauty and the Beast Contest. The contest is held annually to earn money for a charitable cause or a beneficial endeavor. Jan Webb of Delta Zeta and Maurice Carter of Delta Sigma Pi picked up the trophies for their organizations and took home individual plaques from the Birthday dance Friday March 13. The money, along with next year's collections, will go to build a campus water fountain for UT Arlington students to enjoy.

Members of the faculty and UT System converse about the 75th birthday.

Reminiscing, the original editors of the Shorthorn, M. N. Killough and Dr. Herman Brautigam, review the first volume.

Dance Hall girls and their friends pause for a rest from frenzied excitement of night-long gambling at Casino.

Placing their cards by suit, poker players start their game.

Jan Webb of Delta Zeta and Maurice Carter from Delta Sigma Pi receive their awards as the Beauty and the Beast of Alpha Phi Omega's annual charity contest.

Mayor Tom Vandergriff addresses the diners at a luncheon held at the E. H. Hereford Student Center celebrating the school's 75th birthday.

Students and members of the faculty mingle with honored guests at the birthday celebration reception held in the elegant Magnolia room.

Lieutenant Governor Ben Barnes addresses his audience at Texas Hall during the morning celebrations, while platform guests await their turn.

Dr. Frank Harrison emcees at Texas Hall ceremonies.

A mahogany commemorative plaque tells the school's varied 75-year history.

UT Arlington 75 Years' Anniversary Honored

In the spring of 1895 Edward Emmett Rankin suggested to Arlington citizens that they begin a college. He fostered our institution when he nurtured that idea. From his insight in 1895, UT Arlington grew through the years and the changes in administration to its 75th birthday.

To celebrate the milestone Friday, March 13, Ben Barnes, Lieutenant Governor of Texas, and the President of Pomona College in California, David Alexander, made a ten o'clock address to an audience in Texas Hall. Chancellor Harry Ransom and Dan Williams, a member of the UT Board of Regents, also spoke. The A Cappella choir and the symphony band performed for the public affair.

A noon luncheon with retired Texas Electric businessman J. B. Thomas and Dr. Frank Harrison speaking was held in the ballroom of the student center for invited guests. A birthday party, complete with punch and cake,

which the student body and visiting dignitaries attended climaxed the afternoon. A birthday dance was held that evening at which Alpha Phi Omega presented trophies to the winners of the Beauty and the Beast contest held during the week. SAB was responsible for these campus entertainments.

Other events included a banquet for the faculty members who had worked for the school for 25 years, the Casino night of gambling fun, and a concert by B. J. Thomas on Wednesday, March 11. The latter two were sponsored by SAB.

The theme of the festivities "Past Growth and Future Hope," which was the basis for all activities, was thoroughly observed in the ceremonial speeches and fun planned for the 75th anniversary of the materialization of Rankin's dream.

Rebel Theme Wins in Final Referendum Vote

Eighteen years ago "Rebels" was introduced as our school theme, but since 1963 it has caused only trouble. A theme is meant to unite a school and to be a symbol the entire student body can admire. For these reasons, numerous debates and demonstrations have arisen over the existing motif. Black students believe it shows the spirit of adventure and determination of a man of principles. The controversy reached fevered heights in October of this year. So throughout the year both sides have renewed their efforts in debates on the subject and viewpoints for both were honest and dynamically inspiring.

Therefore, to consider the wishes of the student body in the emotion-surrounded turmoil, a theme election was taken again. A vote for an alternate theme chose Mavericks as a popular choice, but when put up against the existing motif it failed to gain a majority. This was the final vote on the question because of a student petition to Student Congress which over 20% of the student body signed. A former resolution by the Congress had specified this action in order to achieve a final decision. This ballot the UT System has accepted and therefore the Rebel theme shall remain.

Students view the material efforts of Rebel supporters to keep the theme.

Don Taylor fills a newsman in about the controversy and previous black and white student opinions on the subject.

A theme petition for a final vote finds its way into the hands of eager co-signers who want to see an end to the turmoil.

A Jamaican holiday atmosphere prevails as the Delta Zetas bring the sunny island's soft bongo music to the Canto stage.

Elegantly attired, the young ladies of Phi Mu sorority sing the popular tunes that are characteristic of the English heritage.

Fiji tourists and their guide ring out in a boisterous Italian tune.

Delta Tau Delta sponsored Campus Canto April 5, beginning Greek Week; the theme this year was "Countries Around the World." Alpha Chi Omega's medley from the Sound of Music and Phi Delta Theta's Australian serenades and kangaroo dance renditions won first place honors. Phi Gamma Delta achieved second place with songs from Italy while Phi Mu placed second with melodies from England.

An awards banquet where speaker William Tate, dean of men at the University of Georgia and a Delta Tau Delta alumnus, entertained with amusing anecdotes, was held in Fort Worth Wednesday, April 8. Recognition was given to high scholarship and community endeavors of the Greek organizations and Greek God and Goddess Ron Honeycutt of Delta Upsilon and Rene Scruggs of Tri-Delta were announced.

No service project was found in which all could participate, but the orphan's picnic in Forest Park Friday, April 10 was thronged with Greeks. The children were treated to a hot dog roast and an afternoon's romp. Saturday, April 11 the Greek Ball climaxed the eventful week.

Phi Delta Theta members sway to the melody as the kangaroos hop in time.

Delta Tau Delta's Canto Opens Greek Week

Alpha Chi Omega's ladies charm the judges with the "Sound of Music."

Fijls croon a romantic Italian air to a laughing audience.

A bruised Phi Mu suffers from the after effects of a rough wagon ride and of the loss to the Alpha Chis as the winner of the event.

Participants in the Butch Cassidy event find everything just like in the movie, complete to the raindrops falling on their heads.

General Andrew Fabacher charms Mary Jeanne Black and Jeanne Fields with his genuine Southern hospitality.

KAs Host General Andrew Fabacher's Visit

The Kappa Alpha Sharecroppers Ball, held April 18th at Heritage Hall in Fort Worth, witnessed the appearance of General Andrew Fabacher who wanted to win appeal for his television campaign to change the name of Jax beer to Fabacher. The general enjoyed much notoriety and gave the Kappa Sigs a bar chair for their enmass attendance, but no one imbibed his beverage. Sharecroppers Ball began the Old South festivities officially on campus when the traditional speech for secession was re-enacted for ballgoers.

Kappa Alpha Order awarded Alpha Chi Omega and

Phi Delta Theta first place in the annual Old South games. For victories in the wagon pull and egg toss Alpha Chi Omega achieved the honor. Phi Delts had the best time in the water throw firedrill and the Butch Cassidy bicycle ride to win the trophy. Rainy weather cut short the rest of the afternoon of imaginative horseplay, however.

As a finale to the celebrations, Saturday, April 25 the Order held their Rose Ball at the Colonial Country Club in Fort Worth. The announcement of their new sweetheart, Miss Lucia Hart, crowned by her predecessor Joy Dunn was the climax to a week of Southern inspiration.

Beta Phi Sigma and Delta Delta Delta toe the white line as they gently toss the egg one-handed twice down the row of four people.

General Andrew Fabacher fights for title to a popular beer.

Blindfolded Kappa Sigs prepare for the water-throw firedrill.

Lining up for the mad, mad go-cart race, fraternity men get last-minute instructions on the way to maneuver a victory.

DU's First Grand Prix Proves Go-Cart Smash

In the Saturday, May 1 afternoon sunshine, Delta Upsilon staged its first Grand Prix go-cart races. The UT Arlington south-40 parking lot was laid out in a tire-rimmed course with sororities and fraternities participating. Phi Mu and Phi Gamma Delta were the winners of the most points of the events for the afternoon.

The miniature racing scene had four competitive events in each division. Girls were required to make a powder puff derby car, race it, dress like drivers since 1900 and take part in a Grand Prix race. Men had a slalom race, the tire rotation, a VW backup race, and the Grand Prix race for their trophy.

The roar of the machines as they wound through the maze of track proved to be a noisy but excitingly different manner of fun for students as they took a few hours off from studying for upcoming final exams.

Delta Upsilon fraternity also sponsored a Grand Prix dance which was held at the Arlington National Guard armory that evening. Trophies were given to the winning groups at this last pit stop for the day's racing.

Phi Delt Walter Linn gazes at the track as he readies for the Grand Prix.

Holding a loose connection, Beta Phi Sigma's entry speeds through the lap with the Delta Tau Delta entry close in pursuit behind him.

Rounding the wide turn between tire bumpers, Delta Tau Delta's entry in the Delta Upsilon Grand Prix takes over the first-place spot.

Spring Months Filled With Newsworthy Events

Spring brought a flurry of activities to end the second semester of the year. An increasing awareness of the humanity around brought the student responses to Earth Day and the Kent State tragedies.

With the burying of an internal combustion engine the teach-in for Earth Day began. Senator Ralph Yarborough helped to promote the necessity of conservation and antipollution programs. U. S. Congressman Jim Wright addressed the teach-in, stressing the ever increasing problems of our planet's environment.

The deaths of four Kent State college students were an unfortunate result of what violence and misunderstanding can cause. Joining with nationwide university students, those from UT Arlington held their own memorial services on campus.

Elections picked up the continuation of school organizations and groups for next year by choosing new officers. The campaigning brought smiles to winners of personality ballots and filled all seats in Congress. Shari Schick was elected the new Miss UTA and DeWitt Easterling was chosen the new Johnny Reb.

Kent State-protestors line up to ask Dr. Harrison to lower campus flags.

Students disperse from a memorial service and rally held beneath the library flagpoles in which they demanded the lowering of the flags.

Melody McGee receives some unexpected attention from a voter who definitely does remember that she's number one on the spring ballot.

A tin-can man hangs from a tree outside the student center and serves as a reminder of pollution's effects.

Sympathetic UT Arlington students display simple posters questioning the tragic incidents occurring at Kent State University.

Vandiver Delivers Spring Commencement Address

UT Arlington held spring commencement services for graduating seniors on the evening of May 30. Due to heavy rain, no processional or recessional was staged for the capacity crowd at Texas Hall. The winter graduates had similar ceremonies on February 1.

The guest speaker at the conferring of degrees was Frank E. Vandiver, acting president of Rice University. Previously he had helped to foster the Walter Prescott Webb Lecture Series through his own lecturing ability in history. As his address, he delivered a unique presentation of a graduate's position—that of an alumnus.

Deans of the respective schools certified their students for diplomas. Jenkins Garrett, a regent of the University of Texas System, and Frank Harrison, President of the University of Texas at Arlington, conferred degrees. They gave out diplomas to masters, bachelors and associates in the various schools.

A Cappella choir members sing an inspirational message at 1970 graduation.

Reflective expressions grace the faces of recent graduates.

Highest-ranked Joe Rowe receives his diploma and a standing ovation.

PERSONALITIES

Miss UTA

Miss UTA waits to welcome visiting dignitaries to the campus with her warm and friendly smile.

Cindy obeys an entry's "friendly persuasion" for an annual contest.

Miss UTA and Johnny Reb discuss campus events between classes.

Cindy
Sabatucci

Miss Cindy Sabatucci, senior English major from Arlington, reigned this year as Miss UTA. Miss UT Arlington, voted by the student body each spring, serves as official hostess and representative for the campus. A member of Zeta Tau Alpha sorority, Cindy is a past Favorite, a two-year military sweetheart, and 1968 Deputy Corps Sweetheart. Miss Sabatucci has been honored in her position by welcoming to the campus such dignitaries as Lieutenant Governor Ben Barnes and television personality Andrew Fabacher.

Johnny Reb

Two campus royalties, Colonel Stroube as this year's Johnny Reb and Cindy Sabatucci, Miss UTA, discuss their responsibilities shortly after spring elections.

Colonel Esthel O. Stroube's campaign slogan during spring elections was "there's a lot of life in the old boy yet." After a landslide victory for the title of Johnny Reb, the colonel proceeded to prove his point.

The 70-year-old retired army officer is the oldest student ever to graduate from UTA. His 32 years of service in the army included three years in the horse army. Definitely this qualified him for many of the duties required of Johnny Reb, one of which is riding on horseback at football games. As Johnny Reb, UT Arlington's traditional spirit symbol, Stroube also appeared at each football game in the classical Confederate uniform designed for him from illustrations found in the UT Arlington Archives.

The colonel is a senior foreign language major from Dallas. The oldest man ever to pledge Delta Tau Delta national social fraternity, Stroube also maintained a 2.0 grade-point average throughout his college career.

After graduation, Colonel Stroube plans to study German culture at the University of Salzburg in Austria. Stroube is considering returning to UT Arlington for graduate school. Although his plans for the future are as yet indefinite, the colonel is also considering teaching in a military academy.

Stroube declines comment on today's students. "After all, I'm a student myself. I may be an old man in age but I'm young in heart."

Col. E. O. Stroube

Miss Dixie Belle

Linda and sorority sisters Hope Griffith and Mary Jeanne Black take a sentimental journey through the pages of the '69 yearbook.

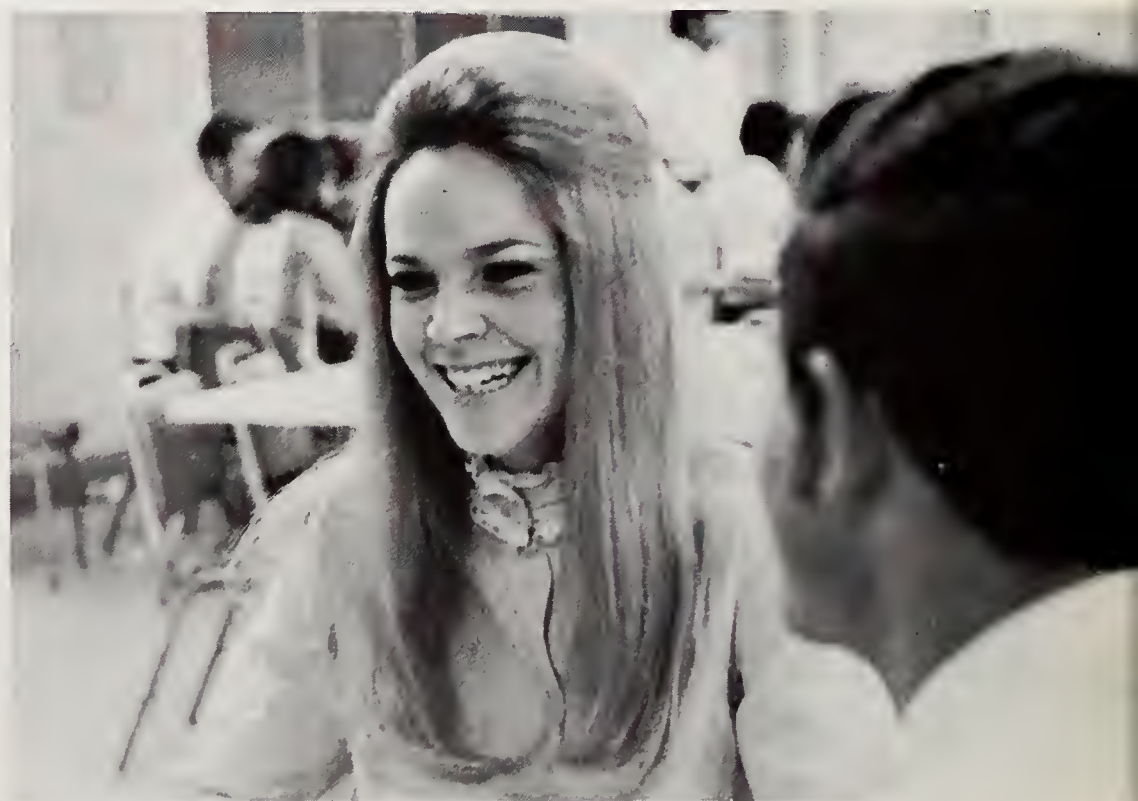

Linda Atkins, senior elementary education major from Grand Prairie, has held several offices in her sorority, Alpha Chi Omega. Twice named a Reveille Beauty and Favorite, she has also been a Kappa Sigma Starduster for two years. Linda is a past Miss Grand Prairie and recently competed in Arkansas for the title of "Miss Dogpatch of U.S.A.," as she currently reigns for the state as "Miss Dogpatch of Texas."

An ROTC sweetheart, Linda was named "Deputy Queen" at the Military Ball this year. In addition to being elected Miss Dixie Belle, she also served as a varsity cheerleader for the 1969-70 year.

Miss Atkins also holds the honor of being named Miss Naval Air Reserve and Maid of Honor at the Fort Worth Auto Show. She has served on UT Arlington's Panhellenic Council as vice-president and has been named to the Dean's List for several semesters.

Miss Atkins represents the Dodge Division at the annual Auto Show.

Flashing her winning smile, Linda chats with friends in the Student Center.

Linda Atkins
Alpha Chi Omega

Miss Dixie Belle

Kathy Christal
Delta Delta Delta

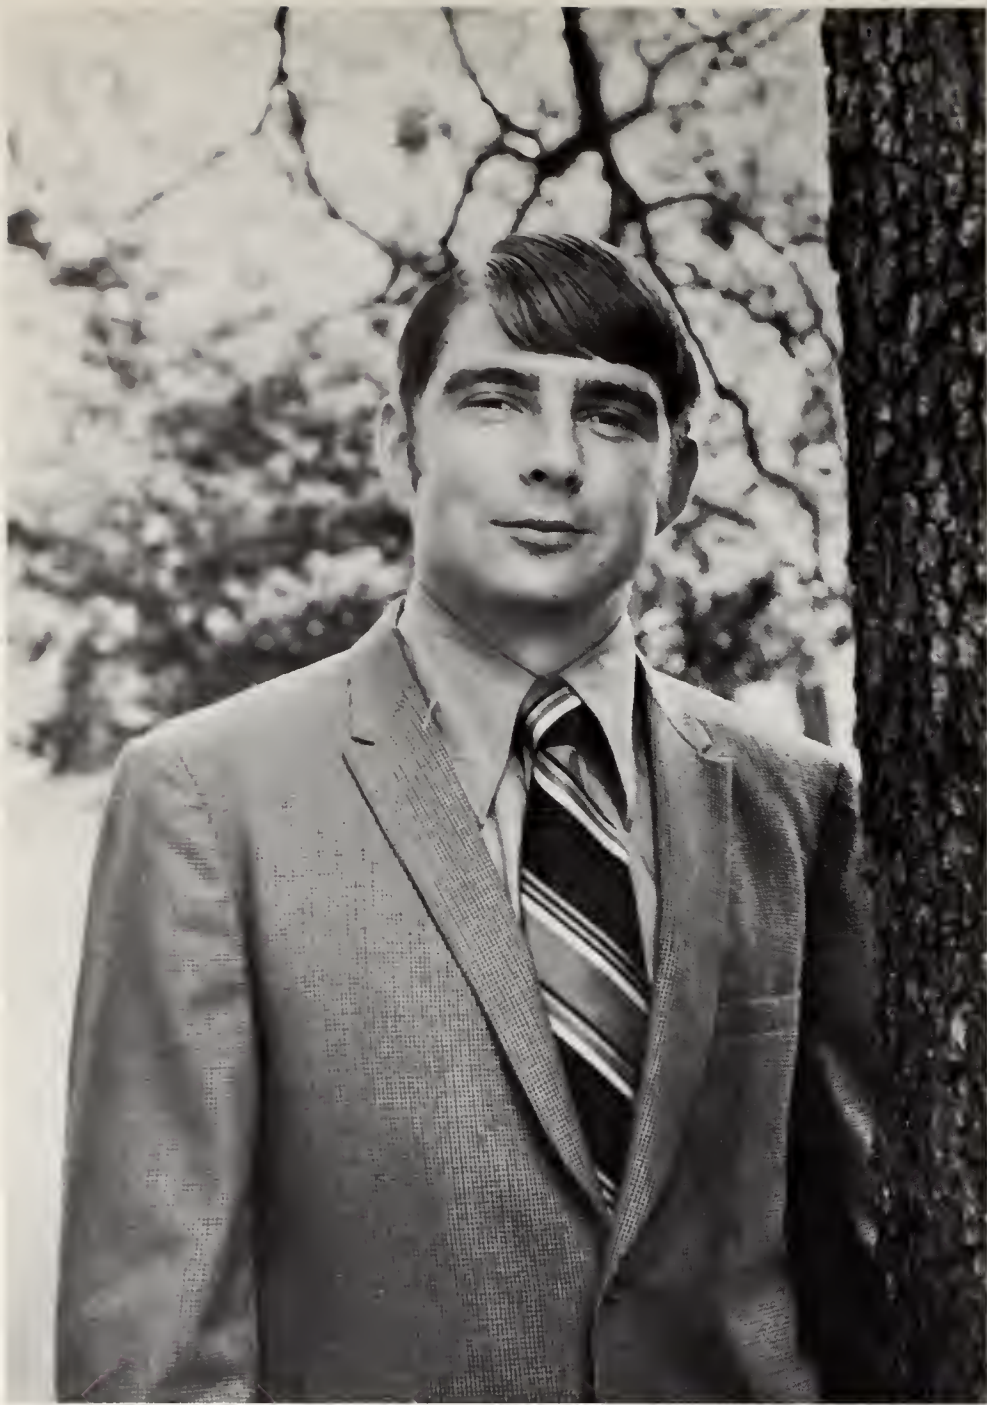

Miss Christal and her escort sparkle with excitement on Homecoming night shortly after her crowning as a Miss Dixie Belle.

Kathy Christal, majoring in art, is a junior this year. The Grand Prairie lass is a member of Delta Delta Delta sorority. She has been a Kappa Sigma Starduster for two years and was elected this year to be their sweetheart. Kathy, voted by fraternity men last year to reign as Goddess of the annual Greek Ball, has been a Favorite and was a freshman cheerleader her first year at UT Arlington. Also Miss Christal was a Reveille Beauty and an ROTC sweetheart. This spring she underwent training in Georgia and is presently a stewardess for Delta Airlines.

Miss Dixie Belle serves as Homecoming Queen and is elected by the student body each fall.

Traditionally Miss Dixie Belle is involved in many campus activities, as is cheerleader Kathy Christal.

Many university women realize that education involves more than knowledge from books; these young women become the sorority women of the college. Panhellenic Council is the governing body of the sororities at UT Arlington.

The purpose of Panhellenic is the furthering of inter-sorority harmony and the promotion of greater cooperation among member groups in relation to the university.

Panhellenic Council is composed of two representatives from each sorority and the president of each group. UT Arlington now has five of the National Panhellenic Conference members: Alpha Chi Omega, Delta Delta Delta, Delta Zeta, Phi Mu and Zeta Tau Alpha. En Ami sorority is also a member of the campus Panhellenic.

Panhellenic Council cooperates with Interfraternity Council in various campus events. This year, for the first time, Panhellenic participated in pre-school rush, which will be permanently adopted.

As Associate Dean of Student Life and Dean of Women, Mrs. Ruth M. Cray serves as sponsor of Panhellenic.

The Panhellenic spirit of inter-sorority cooperation pervades even the Winter Olympics, where the competition between sororities is frenzied but friendly.

Alpha Chi Omega

This anniversary year proved to be a blue-ribbon one for Epsilon Lambda chapter of Alpha Chi Omega. The trophy-happy ladies captured first-place honors in the Delta Tau Delta Campus Canto, the Kappa Alpha Games, and the FIJI Rodeo (this for the third straight year, entitling them to keep the trophy).

Alpha Chis also won many individual honors. Linda Atkins, a Rebel cheerleader, was crowned Miss Dixie Belle. Favorites Shari Schick and Connie Bennett will be next year's Miss UTA and cheerleader. Freshman secretary was Carolyn O'Day, Barbara Shields was editor of the Reveille, and Janet Young was a freshman cheerleader.

The year began with the pledging of 21 girls in formal rush; five more were pledged in the spring. The formal dinner-dance, held at the Royal Coach Inn, closed the successful year. Diane Sturdivant was chapter president.

Delta Delta Delta

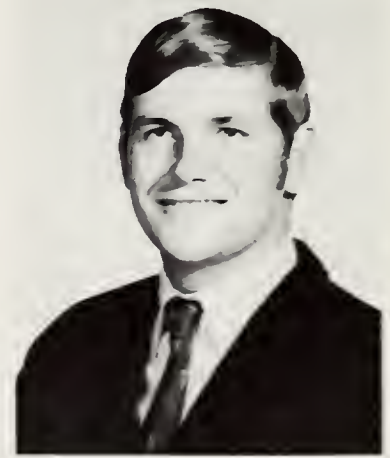

Beta Epsilon was initiated this summer into the heritage of Delta Delta Delta founded in 1880 at Boston University. As a baby chapter the increased work found the girls getting the most improved scholarship in addition to having the best sorority service project on campus.

Rebel cheerleader and KΣ sweetheart Kathy Christal was named Miss Dixie Belle. Also, the girls are proud of Linda Harwell for being named the new Delt queen for 1970 and Christy Shaffer for being re-elected cheerleader and named favorite along with Nicki Thompson. Sandy Lankford joins Christy as a new cheerleader.

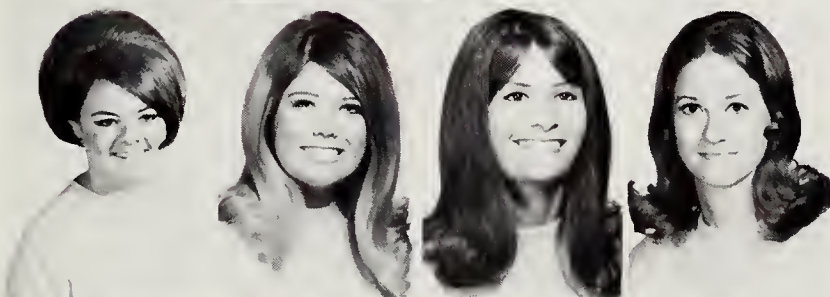

KΣ has five Tri-Deltas as new Little Sisters; and Phi Delta Theta has 1970 Greek Goddess Rene Scruggs as their sweetheart. Joy Dunn served KA and Jodies as sweetheart and Sandra Gregg Baker was a FIJI Lady of the Black Diamond.

En Ami

En Ami had its best year this year as they won first-place honors in the Kappa Sig Carnival, the Phi Delt Winter Olympics and the APhiO Terrell Show. En Ami placed second in the Homecoming Bonfire skits, FIJI Rodeo and the Beauty and Beast Contest.

EAs honored on campus included Pam Six, who was a Reveille Beauty and served as a UT Arlington Mam'selle. Also serving as Mam'selles were Barbara Totten and Laura Stith. Military sweethearts were: Terry Thompson, Rifle Team; Diana Saunders, Band Company; Bernadette Sulak, Pistol Team; and Lana Lambert, Insurgent Team. Linda Garza served as sweetheart of Eta Kappa Nu. Terry Hamilton was a UT Arlington majorette and presently holds the title of Miss Winnsboro.

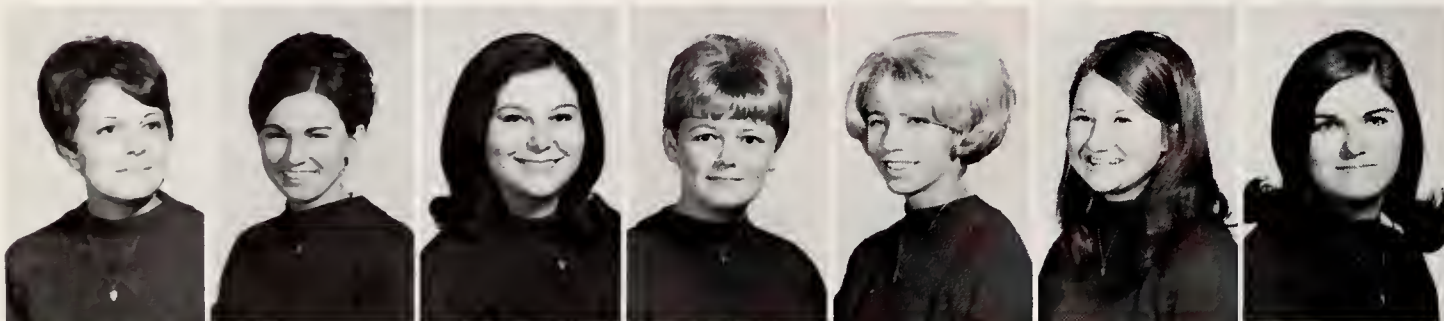

The annual end-of-school sorority retreat was this year held at Surfside in Freeport.

Phi Mu

Phi Mu was the first National Panhellenic sorority established on the UT Arlington campus. The women of Epsilon Zeta chapter were installed into the national on October 21, 1967.

On Halloween the Phi Mus trick-or-treated for Project HOPE; they later sponsored the UTA Blood Bank for students and faculty.

The Phi Mus won first place in the Delta Upsilon Grand Prix and second place in Delta Tau Delta's Campus Canto. In the Kappa Sig Karnival they placed first in skit competition and second for their booth.

Chapter activities annually include a Founder's Day Banquet, the Chapter Birthday Party, a Big-Little Sister Party and the Carnation Ball. A unique heritage handed down within the national sorority is the Phi Mu Washboard Band, composed of musically-inclined chapter members.

Zeta Tau Alpha

Zeta Sigma chapter of Zeta Tau Alpha was awarded the sorority scholarship trophy this year for the second consecutive year. Zetas also won second place this year in the Phi Delt Winter Olympics.

Other Zeta honors include Donna Beard, 1969 Miss Arlington, and this year's Miss UTA, Cindy Sabatucci. Leigh London, Kay Higgins, and Jeri Mahan were Reveille Beauties; Ann Dalley was a campus Favorite. Sue Luck was Who's Who in Biology and winner of the Delta Delta Scholarship Award. Lady of the Black Diamond Leigh London also received the Dana Downs Memorial Award, the first year it was given, at the Greek Banquet.

Many activities fill the Zetas' year. Among these are the White Violet Banquet, Dad and Daughter Day, the three-day summer retreat, and Zeta Week the week of initiation.

Delta Zeta

Iota Psi chapter of Delta Zeta found their third year on campus to be an active one. The year began with a Founder's Day dessert party given October 22 by area alums. On Halloween the DZs trick-or-treated local alums for canned goods and clothes for Navajo Indians.

November 11 marked the chapter's Birthday Party, to which they invited the NTSU and SMU chapters. Later in the year the DZs held a pledge-active retreat, the Big-Little Sister Dinner, and a Christmas Dinner; the annual Rose Ball concluded the year's activities.

The spring pledge class won first place in the Terrell Show with their skit. At Delta Zeta's State Day, the chapter was awarded the scholarship award and the Chapter Achievement Award.

Individual Delta Zeta honors include Francina Marzonie, Who's Who in French, and Debbie Jordon, Reveille Beauty finalist.

Interfraternity Council

Fraternal organizations play an essential role in the growth of a university, as UT Arlington has witnessed with the coming of National Interfraternity Conference members to the campus Interfraternity Council.

Members of the Interfraternity Council are: Alpha Phi Alpha, Beta Phi Sigma, Delta Tau Delta, Delta Upsilon, Kappa Alpha Order, Kappa Sigma, Phi Delta Theta, and Phi Gamma Delta (FIJI). Alpha Phi Alpha and Beta Phi Sigma are new to the campus IFC this year; Beta Phi Sigma is in the process of going national in the immediate future.

Membership in the Interfraternity Council consists of the president and three representatives from each of the eight fraternities at the university. The IFC exists to coordinate and improve the activities of fraternity operation, to promote harmonious relations and render service to the member fraternities, and to serve as spokesman for the fraternity system. IFC seeks to encourage excellence in the areas of scholarship, service, leadership, athletics, and social activity.

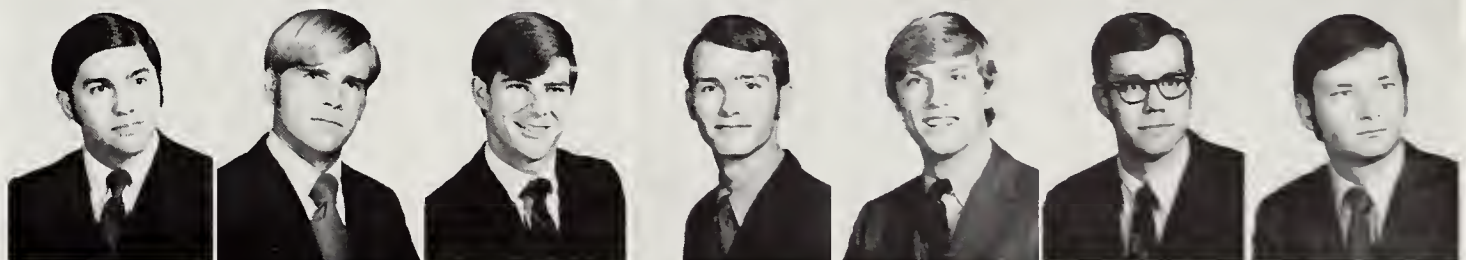

The Interfraternity Council works with Panhellenic Council on a variety of campus activities, including the Delta Tau Delta-sponsored Campus Canto for all university sororities and fraternities, and the various Greek Week activities.

As Assistant Dean of Student Life, Kent Gardner serves as sponsor of the Interfraternity Council.

Members of Interfraternity Council groups Delta Upsilon and Kappa Sigma compete in a more-or-less friendly game of intramural soccer.

The National Order of Omega was founded at the University of Miami in 1968 for the purpose of recognizing fraternity men who have made an outstanding contribution to the Greek system on their campus and exhibited great leadership ability in interfraternity affairs. Although primarily honorary in nature, Order is active on both a social and a service basis.

The Texas Alpha chapter at UT Arlington was chartered on April 24, 1969 with an initial membership of 13. At the present time this is the only chapter of the Order of Omega in Texas.

This year's new members were announced at the Delts' Campus Canto opening Greek Week. Among the new inductees was Dr. Emory Estes, the first faculty member so honored.

Sponsor for the organization is Kent Gardner, Assistant Dean of Student Life and IFC sponsor.

Order of Omega members Steve Youts, Arthur Chavoya, John Madden, Dr. Emory Estes, Greg Gansert, John Nowell, Bob Maxwell, Bruce Hill, Mike Christal, Randy Kildow, Kent Gardner (sponsor) and Larry Dunn gather in front of the university's library.

Beta Phi Sigma

Beta Phi Nick Calvert soars into a long leap in the intramural track meet.

Beta Phi Sigma Fraternity was founded at the University of Texas at Arlington on October 1, 1969 as Sigma Fraternity, becoming the seventh social fraternity on campus; the name change was made the following month. Beta Phi Sigma stands as the first fraternity to be founded at UTA since the advent of national social fraternities on campus some two years ago. Founding the group were 17 members; Beta Phi Sigma pledged six new members in spring Rush.

Beta Phi's activities this year have included participation in all intramural sports, a Homecoming Party at the Holiday Inn, a Champagne Christmas Party at the Town and Country and full participation in campus activities.

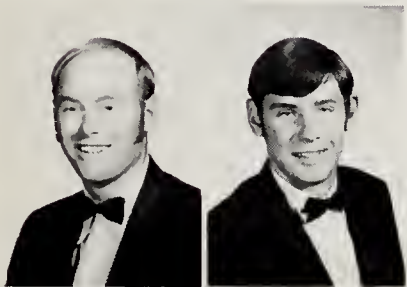

It is the aim of Beta Phi Sigma to affiliate with a national fraternity and, in so doing, strengthen the campus fraternity system.

Delta Tau Delta

The men of Delta Tau Delta have consistently excelled in all phases of campus life. For the seventh consecutive year, Delts received the IFC scholarship trophy; they also ranked second among all Delt chapters in the nation scholastically. Delts also claimed the first-place trophy in the FIJI Rodeo this year.

Epsilon Rho chapter captured second place in overall intramural competition, having won the university championship in basketball and tied for it in track. E. D. Estes and Bob Peek lettered in football and basketball, respectively, and Rodney Acker captained the UTA soccer team.

Bruce Hill, John Nowell, Larry Dunn, and sponsor Dr. Emory Estes were members of the Order of Omega. Col. Stroube was Johnny Reb; he and cheerleader Wayne Hampton were both Favorites.

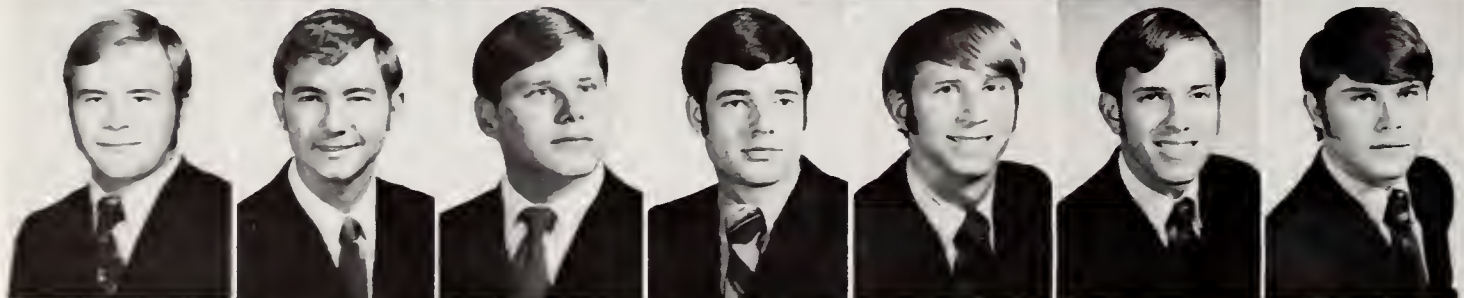

The men of the purple and gold annually sponsor Campus Canto, opening Greek Week, for all campus sororities and fraternities.

Delta Upsilon

The men of the Arlington chapter of Delta Upsilon Fraternity have come a long way in the three years of their existence, from the small local organization, Sigma Phi Beta, in 1967, to DUs in 1969, to a strong chapter of DU today. The men take honors in football with Sam Martin, and in popularity with cheerleader Dan Rash and Alpha Chi Omega big brother Don Livesay.

As a social group the men started their annual-to-be event, the DU Grand Prix, on May 2, 1970. Interfraternity go-cart competition and sorority events took place in the afternoon with an evening dance.

Last spring, the DUs moved into a large white house on Abram. Proudly bearing the Greek letters of the fraternity, it represents the members well.

The fraternity's little sisters help the boys at rush and President Debra Krauss is sweetheart.

FIJI

As one of the most influential and accomplished fraternities on campus, the men of Phi Gamma Delta have again displayed their winning spirit by winning the Homecoming Bonfire trophy for the third straight year. It now has a permanent place in the large collection of trophies displayed in the new FIJI house.

FIJI social events play an important part in their school year. They include the Purple Garter Party, Champagne Party, Rodeo Party, the FIJI Islander and the Hippie Party.

FIJI brothers holding positions of leadership are: Frank Prochaska, head cheerleader and Favorite; Scott Taylor, IFC Rush Chairman; David Livingston and Chris Gray, IFC officers; and Mike Baylor, Who's Who in Accounting. Bob Keller, Jimmy Kinney and Don McCloud filled three of the four freshman cheerleading posts. Dale Stephens and Gunther Strauss serve as En Ami beaus.

Kappa Alpha Order

Kappa Alpha Order was founded in 1865 at Washington and Lee College in Virginia. Delta Iota chapter, celebrating their second birthday this year, came to UT Arlington on April 26, 1968.

The men of KA won intramural trophies in Cross Country racing, bowling and billard competition. The brothers excel in golf also. Rusty Reece is a newly elected varsity cheerleader for next year; Bob Maxwell is IFC secretary and a member of the Order of Omega.

Old South Week was continued this year by the Order with a slightly different twist when they brought General Andrew Fabacher to the Sharecroppers Ball. They held the traditional Old South games for the sororities and a formal Old South Ball climaxed the colorful week.

Phi Delta Theta

Their second year on campus found the men of Phi Delta Theta capturing the intramural championship. Football co-captain Dick Hill and Skipper Butler, NCAA kicker of the year, were named All-Southland Conference, as was Brent Skillman in baseball. Doug Russell captured two Olympic gold medals; Warren Barry was an All American swimmer. DeWayne Gray and Al Kraft were track co-captains.

Distinguished Phi Delts on campus included Favorite Skipper Butler, Rusty Vaden as Rebel cheerleader, John Madden as Student Congress vice-president and Order of Omega president, and two sorority beaus: Bob Isbell for Alpha Chi Omega and Skipper Butler for Zeta Tau Alpha.

Phi Delts annually sponsor the Winter Olympics for campus sororities. They also support a Greek orphan child and, this year, rebuilt the Arlington Boys' Club Camp at Lake Grapevine.

Kappa Sigma

Kappa Sigma, originally founded in 1400 A.D., celebrated its 100th year in North America in 1969. Following years of Kappa Sigma tradition the Theta Omega chapter has earned a respectful position among UT Arlington Greeks.

Victories in campus activities during the past year include the KA Old South Games and Casino. Besides participating in other campus events, Kappa Sigma sponsors its own Charity Carnival in the fall. In addition, the fraternity sponsors various personal service projects such as collecting empty cigarette packs to purchase a youngster time in an iron lung.

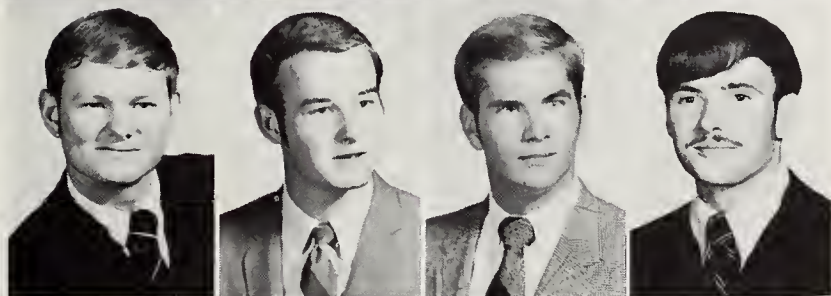

Campus leaders in Kappa Sigma are Bill Saunders, Student Body president; Arthur Chavoya, IFC president; Bret Malott, varsity tennis captain; and Mike Christal, favorite. Richard Lang is a Big Brother of Alpha Chi Omega.

Kappa Sigma Stardusters

The Little Sisters of the Star and Crescent is a select group of women who have shown uncommon interest and willingness in working with the Kappa Sigma fraternity.

On March 22, Jeanne Fields and Melissa Hundt were initiated as the newest Stardusters. The new Starduster pledges are Nancy Hamilton, Eileen Griffin, Carol Staley, Carolyn O'Day, Marilyn Jones, Linda Guthrey and Pat Morey.

Titles held by Stardusters include two Reveille Beauties, two varsity cheerleaders, Miss Grand Prairie, Miss Pecan Bowl and campus favorite. At the Homecoming game this year, two Stardusters, Kathy Christal and Linda Atkins, were both elected Miss Dixie Belle. Sororities represented include Alpha Chi Omega, Delta Delta Delta and Zeta Tau Alpha. The president of the Little Sisters is Kathy Christal, Kappa Sigma Sweetheart.

HONORARIES

Alpha Chi

"Ye shall know the truth and the truth will make you free" is the motto of Alpha Chi national honor society. The organization, which is sponsored by Dr. Margaret Wiley, hopes to help the university grow academically by having such subjects as foreign universities and various educational programs brought to the campus.

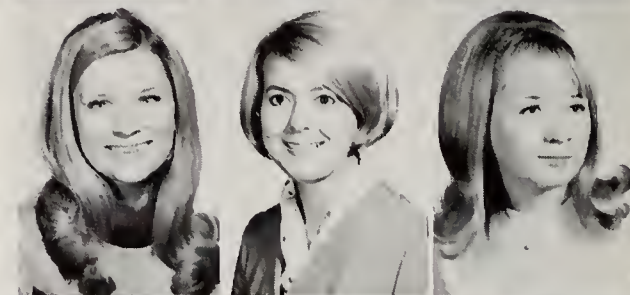

The organization is designed to promote and recognize scholarship and those elements of character which make scholarly achievement possible. Members must be on the junior level and have a grade point average of 2.5.

Serving as president for the fall semester was Lynn Osborne and for the spring semester, Jerry Jackson.

Chi Epsilon

To be eligible for membership in Chi Epsilon, a civil engineering honorary, a student must be in the top third of his civil engineering class.

The club maintains and promotes civil engineering as an ideal profession, recognizes the characteristics of the individual civil engineer deemed to be fundamental to the successful pursuit of an engineering career and aids in the development of these characteristics in the civil engineer.

New Chi Epsilon members pose during national installation ceremony.

Epsilon Phi, scholastic honorary organization, attempts to recognize high achievement in scholastic as well as school service.

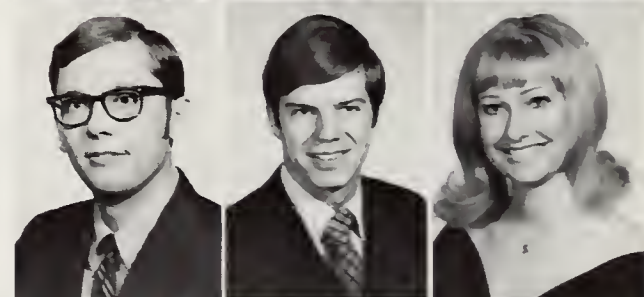

Officers for the 100-member organization are: Al Reader III, president; Kay Boyce, vice-president; and Charles Dickerson, secretary-treasurer. Sponsors are Drs. Anne Whaling and Simone Turbeville.

To qualify for membership, a student must have a grade point of 2.5 or better while taking at least 15 hours during one semester and maintaining at least a 2.0 or better for each succeeding semester.

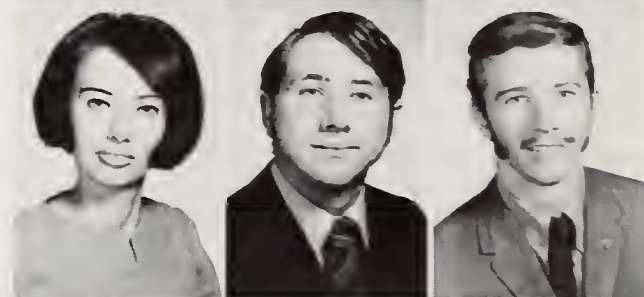

The organization planned an extensive teacher evaluation program. Their other major project of the year was called "The Sexual Revolution." Held in the Student Center, "The Sexual Revolution" featured speakers for Women's Liberation.

Eta Kappa Nu

The Epsilon Mu Chapter of Eta Kappa Nu ended the spring semester with 15 graduate members and 47 undergraduate members. As an electrical engineering honor fraternity, Eta Kappa Nu has several objectives: to bring together students whose scholastic performance indicates a high degree of aptitude for electrical engineering, to work with the electrical engineering department in the promotion and development of excellence in engineering, and to use all available means to assist fellow engineering students and the school community.

To qualify scholastically for membership requires a grade average in the top third of the senior class. During the pledge period, prospective members can be seen on campus wearing the distinctive white hard-hat with the vacuum tube extending from top center.

Participation with the electrical engineering department includes publication of a departmental newsletter and assistance at engineering conventions.

Mike Sowers, Eta Kappa Nu president, demonstrates the club's pledge hat.

Club officers Mike Sowers, Danny Bonham and Sami Ajan explain the electrical testing equipment to other club members.

Robert Alford is nationally awarded student engineer.

UT Arlington spring graduate Robert Alford has been named the outstanding electrical engineering student in the United States by Eta Kappa Nu.

Ranking second in an electrical engineering class of 118, Alford was active in Eta Kappa Nu; Tau Beta Pi, national engineering honor society; and the Institute of Electronic and Electrical Engineers; he will also appear in Who's Who Among Students in American Colleges and Universities.

Member Wins National Award

Linda Garza, UTA's first female electrical engineering student, is club sweetheart.

Phi Alpha Theta members enjoy their initiation banquet at Tode's Steak House.

Phi Alpha Theta

Helping to make the fifth annual Walter Prescott Webb Memorial Lectures a success was one of several projects of Phi Alpha Theta, national history honor society.

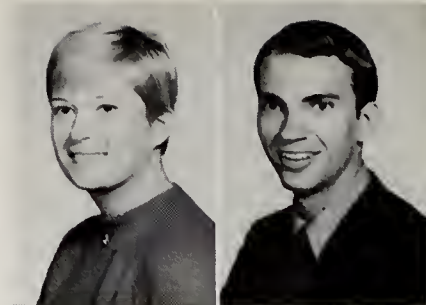

The Omicron-Kappa chapter, organized in May, 1969, prepared invitations and displays for the lectures held April in memory of the noted Texas historian who died in 1963.

Other local activities included a "hot seat" giving history students the opportunity to drill their professors; guest speakers; and a proposal for a Faculty-Phi Alpha Theta lounge.

The national organization also offers members an employment selection service, scholarships and grants, and the opportunity for publication in the club's national magazine, *The Historian*.

Society officers include Robert Moore, president; Gary Russey, vice-president; Anna Sparger, secretary; Roger Kinard, treasurer; and Philip Ola, historian. Dr. C. T. McIntosh is the sponsor.

Sigma Delta Pi

Sigma Delta Pi, national Spanish honorary club, honors those who achieve excellence in the study of Spanish.

The club was nationally founded in 1919 at Berkeley in California. The University of Texas at Arlington chapter was granted an official club charter by the national group in 1968. Sigma Delta Pi is presently the largest foreign language honor society in existence, with 175 chapters.

Fred Vina is the club's sponsor. Bill Freeman is the club president, and Carmen Escajeda is vice-president.

The new club sponsor is Mrs. Bertie Acker. Members must have an overall grade average of B, an interest in the cultural language and literature of Spanish America and Spain and at least one semester of an advanced literature course in Spanish.

Inter-Dorm Council

The Inter-dorm Council is a representative of the ideas and opinions of students living in dorms. The council strives to get legislation to improve the dorm conditions in order to encourage students to live in dorms rather than off campus.

The social activities sponsored by the council this year included a booth in the Kappa Sig Carnival, a Thanksgiving Day dance, a picnic for all dorm residents at Randol Mill Park, and guarding the Homecoming Bonfire.

Inter-dorm Council sponsors are Mr. Mike Barnett and Mrs. Patsy Wallace.

Members include 20 students from the four dorms.

Representatives	
Lipscomb Hall:	Trinity House:
Nicki Thompson	Stan Poynor
Gwen Robertson	Keith Newquist
Nancy Chandler	Tim Begole
Beth Brooks	Bill Boaz
Barbara Hawkins	Bill Jones
Ann Harris	Brazos House:
Teresa Elliott	John Preston
Pachl Hall:	Steve King
Marcus Hamilton	Topper Sowden
Bob Somers	

Inter-dorm Council members Steve King, Keith Newquist, Barbara Hawkins, Topper Sowden, Teresa Elliott, Nicki Thompson, Marcus Hamilton and Bob Sommers, discuss legislation regarding dormitory visitation privileges at an Inter-dorm Council meeting.

Brazos House Dorm Council

Brazos House the oldest dormitory on campus, houses 124 men.

Brazos Dormitory houses the largest percentage of upperclassmen of any dorm on campus. The four-story building is divided into four ramps with four rooms connected by a bath. The building is located near the center of the campus.

The men of Brazos do not have a resident counselor, but Dean Kent Gardner supervises the governing dorm council.

The dorm's officers are John Preston, president; Bob Stiles, vice-president; and Carl Kinerd, secretary-treasurer. Brazos sweetheart is Jackie Berrett.

Lipscomb Hall, the only women's dormitory on campus, houses 343 students. The dorm has a large study hall, a snack bar, and a spacious television lounge with a color television.

The hall is governed by a Dorm Council: Ann Harris, president; Beth Brooks, vice-president; Gwen Robertson, secretary; and Teresa Elliott as treasurer. The council forms a Judiciary Board to decide disciplinary actions for late curfewers and other violations of dormitory rules. The council also plans all social events for Lipscomb Hall.

Lipscomb Hall

Women's Association

Lipscomb Hall, located on the eastern end of the campus, houses 343 girls. Counselors are Gregg and Patsy Wallace.

Pachl Hall Council

Pachl Hall houses two students per room with a capacity of 144 men on three floors. The spacious lounge provides a color television, coin-operated vending machines and recreational facilities.

The dorm officers are Marcus Hamilton, president; Ken Smith, vice-president; and John Kosberg, secretary. The dorm council participates with the Inter-dorm Council to plan social activities and discuss governmental dorm policies.

Pachl won the "Best Building" display in the homecoming decoration theme "America on the Moon."

Pachl features a second floor sports and sun deck for the residents to enjoy.

The sweetheart of Pachl is Jane Gray.

Pachl Hall dorm shelters 144 men and the resident counselor, Kent Gardner.

Trinity House Dorm Council

The newest dorm on campus is the modern Trinity House. The dormitory features three bedroom, air-conditioned suites and a television lounge with vending machines for snacks, and a spacious, lighted parking lot surrounds the building. The dorm has a capacity of 270 men.

The dorm is governed by an eight-man council: Robert Giles, Joe Davis, Ernest Brewer, James Van Zant, Jeff Bass, Mike Phillips, Bruce Dundas, and Steve Meaders.

The council participates with the Inter-dorm Council to provide activities for dorm students.

The men of Trinity are also active in the university's intramural sports program.

The resident counselor is Mike Barnett, who is assisted by his wife.

Trinity Dorm houses 270 residents, the largest number of men on campus.

CADETS AT DRILL

MILITARY

ROTC Training Today For Tomorrow's World Leader

Under the leadership of Lt. Colonel Eugene Shea, the UT Arlington ROTC program has prepared hundreds of outstanding young men for service in the U.S. Army.

Two and four-year programs in military science are offered which culminate in a commission in the United States Army as the student receives his regular degree.

For students choosing the two-year program, a six-week basic summer camp substitutes for the first two years of the four-year program. This substitution constitutes the only difference in the two programs.

Scholarships are available to students in the four-year program which pay tuition, fees, books and lab expenses for one year.

Extra-curricular ROTC teams include the Insurgent Team, Sam Houston Rifles, ROTC Band, Pistol Team and Rifle Team.

This year marks the 150th anniversary of Army ROTC on American college campuses. ROTC training is currently being given to more than 150,000 students at 283 colleges. More than 16,600 ROTC graduates have been commissioned.

President Frank Harrison and General Harry H. Critz, Fourth Army Commander, watch as Arlington Mayor Tom Vandergriff signs the document declaring November 6 through November 30 to be Army ROTC Days in the city of Arlington.

Corps Commander Martin Woodruff points to rain-drenched cadets serving as excellent examples for the weak-hearted sweethearts.

Lt. General Harry H. Critz honors six distinguished military students, Felix Winter, Richard Elliott, Martin Woodruff, Dennis Dorris, Jack Levens, and Lehman Ellis.

Playmate Connie Kreski poses as an ROTC cadet.

High winds and bright sun make standing at attention difficult for the Color Guard at the Mother's Day Awards Ceremony.

The bulletin board informs cadets of Corps happenings.

Lt. Col. Eugene Shea presents SP/5 Robert Boatwright with the Army Commendation Medal.

ROTC cadets and sweethearts assist the American Cancer Society in their annual fund-raising drive around Arlington.

Their white helmets gleaming in the sun, the Band Company plays in the Mother's Day Awards Ceremony.

ROTC sweethearts prove they are all really hams at heart.

Drilling cadets are a familiar campus scene on Thursday afternoons.

ROTC Training: A Mixture of Fun and Work

Corps Sweetheart*

*Miss Diana Saunders
Band Company Sweetheart*

Combat boots, fatigues and rifles are the uniform for a typical Saturday morning training mission in insurgency tactics in the Greater Southwest Airport area.

Insurgent Team

Formed in the spring of 1960 to train cadets in small unit tactics and counter-insurgency, the Insurgent Team has grown to be the largest extracurricular ROTC team on the UT Arlington campus. It was one of the first organizations of its type in the United States.

In the past the Insurgent Team has conducted many operations with National Guard Units, State Guard Units and Special Forces A-Teams. These operations have been conducted at Fort Wolters as well as various other training areas in the North Texas area.

Operations conducted on Saturday mornings and the night operations held at the Great Southwest Airport area are of a purely training nature, where the weekend field exercises give the men a chance to apply the skills learned during the training periods.

Accompanying the team on its training missions is their team sweetheart Lana Lambert.

Digging trenches and repairing bunkers hit by enemy shells are jobs an insurgent Cadet learns, as two team members show.

A camouflaged cadet waits silently for the enemy to make his move.

Officers make last-minute decisions before leaving for Decatur.

Jeeps and trucks on loan from Ft. Wolters provide a welcome break from walking for foot-weary team members participating in a week-end problem at the National Grasslands near Decatur.

Members of the Insurgent Team serve as the Color Guard at the A.U.S.A. banquet held in Fort Worth.

At the Lubbock Competition the Jodies execute their famous intricate line movement which contributes to the bringing home of their 210th First Place trophy.

The Sam Houston Rifles, or the Jodies as they have come to be known, is the University of Texas at Arlington drill team. Besides performing at all home football games, the Jodies execute maneuvers at such events as the Tyler Rose Festival, Houston Competition, Laredo Competition, Cherry Blossom Festival in Washington, D.C., and the San Antonio Competition at the Fiesta Flambeau. The team has an exceptional record of 210 first place wins out of 215 competitions entered.

The Jodies are more than just a drill team. They are also a fraternity made possible by their forerunner's sacrifices.

In each Jody recruit there are instilled a profound loyalty and respect for his unit. The strong sense of tradition felt by each member has kept the team on top since its founding in 1923. As members of the ROTC program, they strive to become examples of the guiding principles of the program. The Jodies can be easily identified by their black and gold cord and white accessories.

Sam Houston Rifles

Front row: Mike Parker, Stan Wright, Howell Cooper, Luke Beck, Mark Stevens, Boyd Goldman, Dan Mahoney. Second row: Lee Ellis, Charles Darwin, Jim Francis, Steve Maynard, Mike Maurer, Stan Thompson. Not pictured: George Barnhart, Mike Morrow, Michael Schroeder, and Val Prather.

The Jodies discuss a rival in the up-coming Houston Competition.

Rifle Team

Under the leadership of Major Hagan, the officer in command, Sergeant Phelps, coach, and Bill Walters, team captain, the UT Arlington Marksmanship Unit has compiled the highest scores ever fired by a UT Arlington Rifle Team.

Armed with equipment such as imported International Smallbore Free Rifles and leather shooting jackets, the team has performed at major matches including the Houston Intercollegiate Tournament, the Fiesta Flambeau Invitational and the Fourth Army ROTC Conference Championship.

Sweetheart Terry Thompson provides a welcome change of scenery needed after long hours of practice.

David Bird, Dan Dawson, Ricky Barnes, and Bill Walters, four members of the "A" Team, check one of the many targets they practice shooting yearly.

Three of the new team members, Johnny Taylor, John Selman and Doug Riffey, practice the prone position, one of the four basic firing positions they learn.

Front row: Marvin Ivy, David Bird, Ricky Barnes, Bill Walters, Dan Dawson. Second row: Monty Von Gonten, Johnny Taylor, Norman Travis, Doug Riffey. Back row: Mike Kenus, Joe Vines, Tom Wood, Marvin MacDonald, John Selman.

Ernie Perez presents Felix Winter, "A" Company Commander, with a trophy for being commander of the company performing most satisfactorily during year.

Officers Club

The ROTC Officers and Seniors Club is responsible for planning the two major social functions of the Cadet Corps, the Military Ball and the Corps Picnic and Field Day Competition. These two events expose the future Army officer to social life that will be encountered when he goes on active duty. In addition, they serve to weld the Corps together as activities shared and enjoyed by all. Miss Linda Kaye Rogers was named as this year's Queen of the Ball.

Officers for the club are Denis Dorris, president; Felix Winter, secretary; and Luke Beck, treasurer.

Officers Club: Jack Levens, Lehman Ellis, Felix Winter, Richard Elliott, Layne Bradley, James Guay, Martin Woodruff, Robert Gourtz, and Ronald Maxwell.

Non-Commissioned Officers Club

Members of the NCO Club listen intently to President Wayne Jackson.

Two of the major projects of the Non-commissioned Officers Club were to adopt a Vietnamese orphan under the Foster Parents Plan and to purchase a trophy to be awarded to the company commander whose unit performed most satisfactorily at drill during the year. Felix Winter of "A" Company received this award. The club also awarded a \$50 scholarship to the most deserving MSI.

One of the biggest accomplishments of the year for the club, however, was when they represented the Corps in the homecoming festivities by participating in the decoration contest and won a first place trophy. Their trophy won first place in best keeping with the theme — "America on the Moon."

Officers for the Fall Semester were Wayne Jackson, president, and Stan Wright vice-president. Spring officers were Ernie Perez, president, and Bill Wolters, vice-president.

STUDENT COUNCIL

POLITICAL

Don Taylor, a member of the Student Congress, solicits the support of fellow students concerning the Stryker Constitution.

Bill Saunders, 1969 student government president, presides over a Congress.

Twenty-seven representatives from the student body are elected to serve as members of Student Congress. Congress members must have an overall grade point average of 1.3.

The Congress is composed of five committees: The Research Evaluation and Development Committee, the Academic Affairs Committee, the Student Affairs Committee, the Rules Committee and the Executive Committee.

The 1969-70 Executive Committee is composed of Bill Saunders (president), John Madden (vice-president), Jesse Hall (treasurer), and Hugh Moore (secretary).

This year's Student Congress sponsored the Model United Nations representatives of UT Arlington at the Austin conference and the Free University Press. The Congress convenes bi-weekly in the Shiloh Room of the Student Center.

Members

Bill Saunders, president	Linda Muccio
John Madden, vice-president	Glen Page
Jesse Hall, treasurer	John Preston
Hugh Moore, recording secretary	Al Reader
David Livingston, parliamentarian	Pat Remington
Charles Birkhead	Gwen Robertson
Jamie Bodiford	Justin Schulz
Glenn Day	Christy Shaffer
Leonard DeGrate	Pat Smith
Luke Faulkenberry	Don Taylor
Alan Gerhardt	John Wardentin
John Mathis	Ken Wells
Rosanne Minyard	Steve Youts

Jesse Hall and David Livingston ponder a judicial problem in a conference.

Al Reader inducts Hugh Moore as student body president.

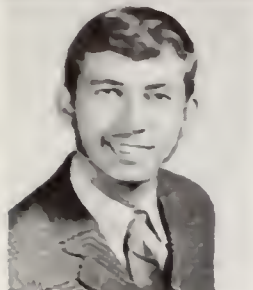

Student Congress

John Madden and Jamie Bodiford debate a controversial issue.

Mike Barksdale
Al Pick

Courtney Roberts

The Student Judicial Board is a part of Student Congress, consisting of members appointed by the president of Student Congress and approved by the other congress members.

The board members are: Jim McClellan, chairman, and Bob Helpenstill, Mike Barksdale, Charles Ingram, Al Pick and Courtney Roberts.

The board itself has no legislative power, but has two main functions, to hear appeals by students of campus traffic violations and to hear questions concerning the constitutionality of Student Congress. In this capacity they are the Supreme Court of the university.

One of the major accomplishments of the board this year was their recommendation that all parking lot designations except dorm parking lots be suspended after 6:00 on school evenings.

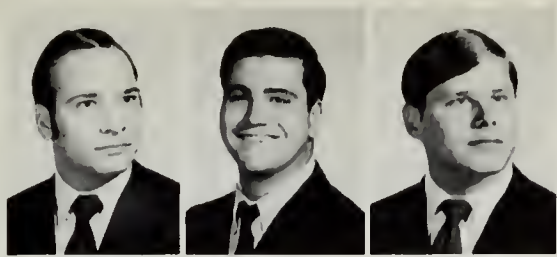

Student Judicial Board

Student Assembly Liberal Arts

To assist all liberal arts students in any way possible is the stated purpose of the Constituent Council of the School of Liberal Arts. Their main objective is to help liberal arts students in the area of curriculum reform, and they were successful in instituting a special math course for liberal arts majors. Officers include Mike Gross as president, Linda Haskins as vice-president, Claudia Cayton as secretary, Patty Tilloron as treasurer and David Strother as parliamentarian.

Eighteen elected students and six faculty sponsors compose the Constituent Council School of Science. The purpose of the council is to form a closer link between students and faculty within the School of Science. One method of obtaining this link is through various polls on books, and labs that are taken during the year in order to supply the faculty with a sampling of student opinion. The council also serves as the official host group for various functions within the School of Science. Chairman of the Council is Mel Prince, vice-chairman is Dan Bump and Beverly Bumpass is secretary-treasurer. Any student majoring in science with a 1.5 overall G.P.R. and having completed 45 hours is eligible for election.

School of Science Constituent Council

The Engineering Building is the scene of many hours' work for student engineers.

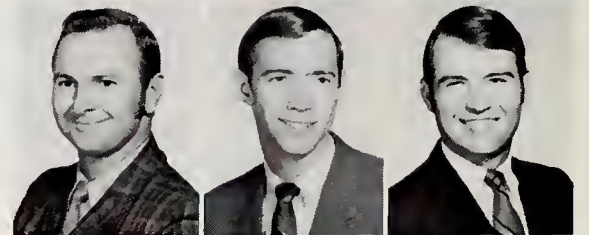

Joint Council of Student Engineers

The highest level of student government within the School of Engineering is the Joint Council of Student Engineers. The council serves as a coordinating board for all student organizations within the School of Engineering. It also serves as an advisory board to the administration and faculty of the School of Engineering so that better communications may be established between students and faculty. Serving as officers in its second year of existence are Carey Caldwell as president, Jim Hampton as vice-president, Frank Kuban as secretary and Brad Smith as treasurer.

UT Arlington student chapter of the American Institute of Architects is an organization which emphasizes the professional rather than the social aspects of student activities on campus.

The club promotes fellowships and unity between student architects and professional architects.

The club officers are: Don Wade, president; Bill Perkins, vice-president; Don Isaacs, secretary, and Jerry Fawcett, treasurer. Lee Wright is the sponsor.

Architects construct a cubical structure for a Homecoming exhibit.

The American Institute of Industrial Engineers at UT Arlington is the student chapter of a national professional society.

The objective of the chapter is to promote the industrial engineering profession through the efforts of the group in study, research, and discussion.

Profesor Robert Dryder is the sponsor of the club, and is present at their monthly business meetings. The club's president is David Blackerby.

The American Society of Mechanical Engineers takes industrial field trips and has monthly lectures on technical fields.

The university professor of mechanical engineers, Dr. Jack Woolf, is the club's sponsor. The president is David Hurley, vice-president is Louis West, secretary is Charles Weiss, and treasurer is Dennis Littenin.

The members of the society must be in an approved engineering curriculum and endorsed by the faculty advisor.

This year the student chapter entered competition in the technical paper contest sponsored by the national organization of ASME and built a hovercraft. One field trip took the mechanical engineers to the Mountain Creek Station of the Dallas Power and Light Company where an accredited project with the company was undertaken.

American Society Of Mechanical Engineers

President of Mechanical Engineers Organization, David Hurley, discusses taking an industrial field trip to the Dallas Power and Light Company.

Medical students of the future join the Biological Society.

Biological Society

Students interested in the medical or biological fields find fellowship together in the Biological Society of UT Arlington.

The club takes monthly field trips and shows science movies on campus.

Officers for the club include: James Swim, president; Woodie Williams, vice-president; and Ginger Wolfenberger, secretary-treasurer this year.

Steve Kleppert and Jack Abraham help to boost spirit at football games.

Delta Sigma Pi members usher at the Miss Arlington pageant.

Delta Sigma Pi

Delta Sigma Pi members, rushees, and sweetheart Debbie Atkins enjoy a party.

Delta Sigma Pi provides a unique opportunity to reverse the dying trend of fraternities. Whereas most fraternities are either social or professional, Deltasig is both. Deltasig's theme is "The Best of Both Worlds: social/professional."

In addition to the common bond of man as man, Deltasig adds a further bond; a bond bound by a common desire to serve the community, to further communications between the "real world" of business and the academic world, to promote professionalism, and to study business.

Delta Sigma Pi has been very active this year. Besides taking first place in the Beauty and the Beast Contest, they have presented numerous businessmen at informal meetings with students, and sponsored *The Town Hall*, a panel of businessmen to answer student's criticisms and questions. Three Deltasig brothers served as officers on the School of Business Constituent Council.

Membership in the student and national organization of IEEE enhances the student's outlook on his education, broadens his development as an engineer, and promotes his interest in non-technical subjects. In essence, active participation in IEEE rounds out the engineer's education, giving him the chance to hear well-known professional engineers and other highly respected persons.

The technical club is open to all students enrolled in electrical engineering. Dr. C. V. Smith Jr. is faculty sponsor of the 46-member organization.

Dr. Charles Jiles demonstrates a problem to his electrical engineering students.

Institute of Electrical and Electronic Engineers

Electrical engineer associate professor, K. R. Roa, explains experiments with electrogasdynamic.

Lambda Pi Sigma

The professional fraternity Lambda Pi Sigma promotes student interest in government, politics, and law.

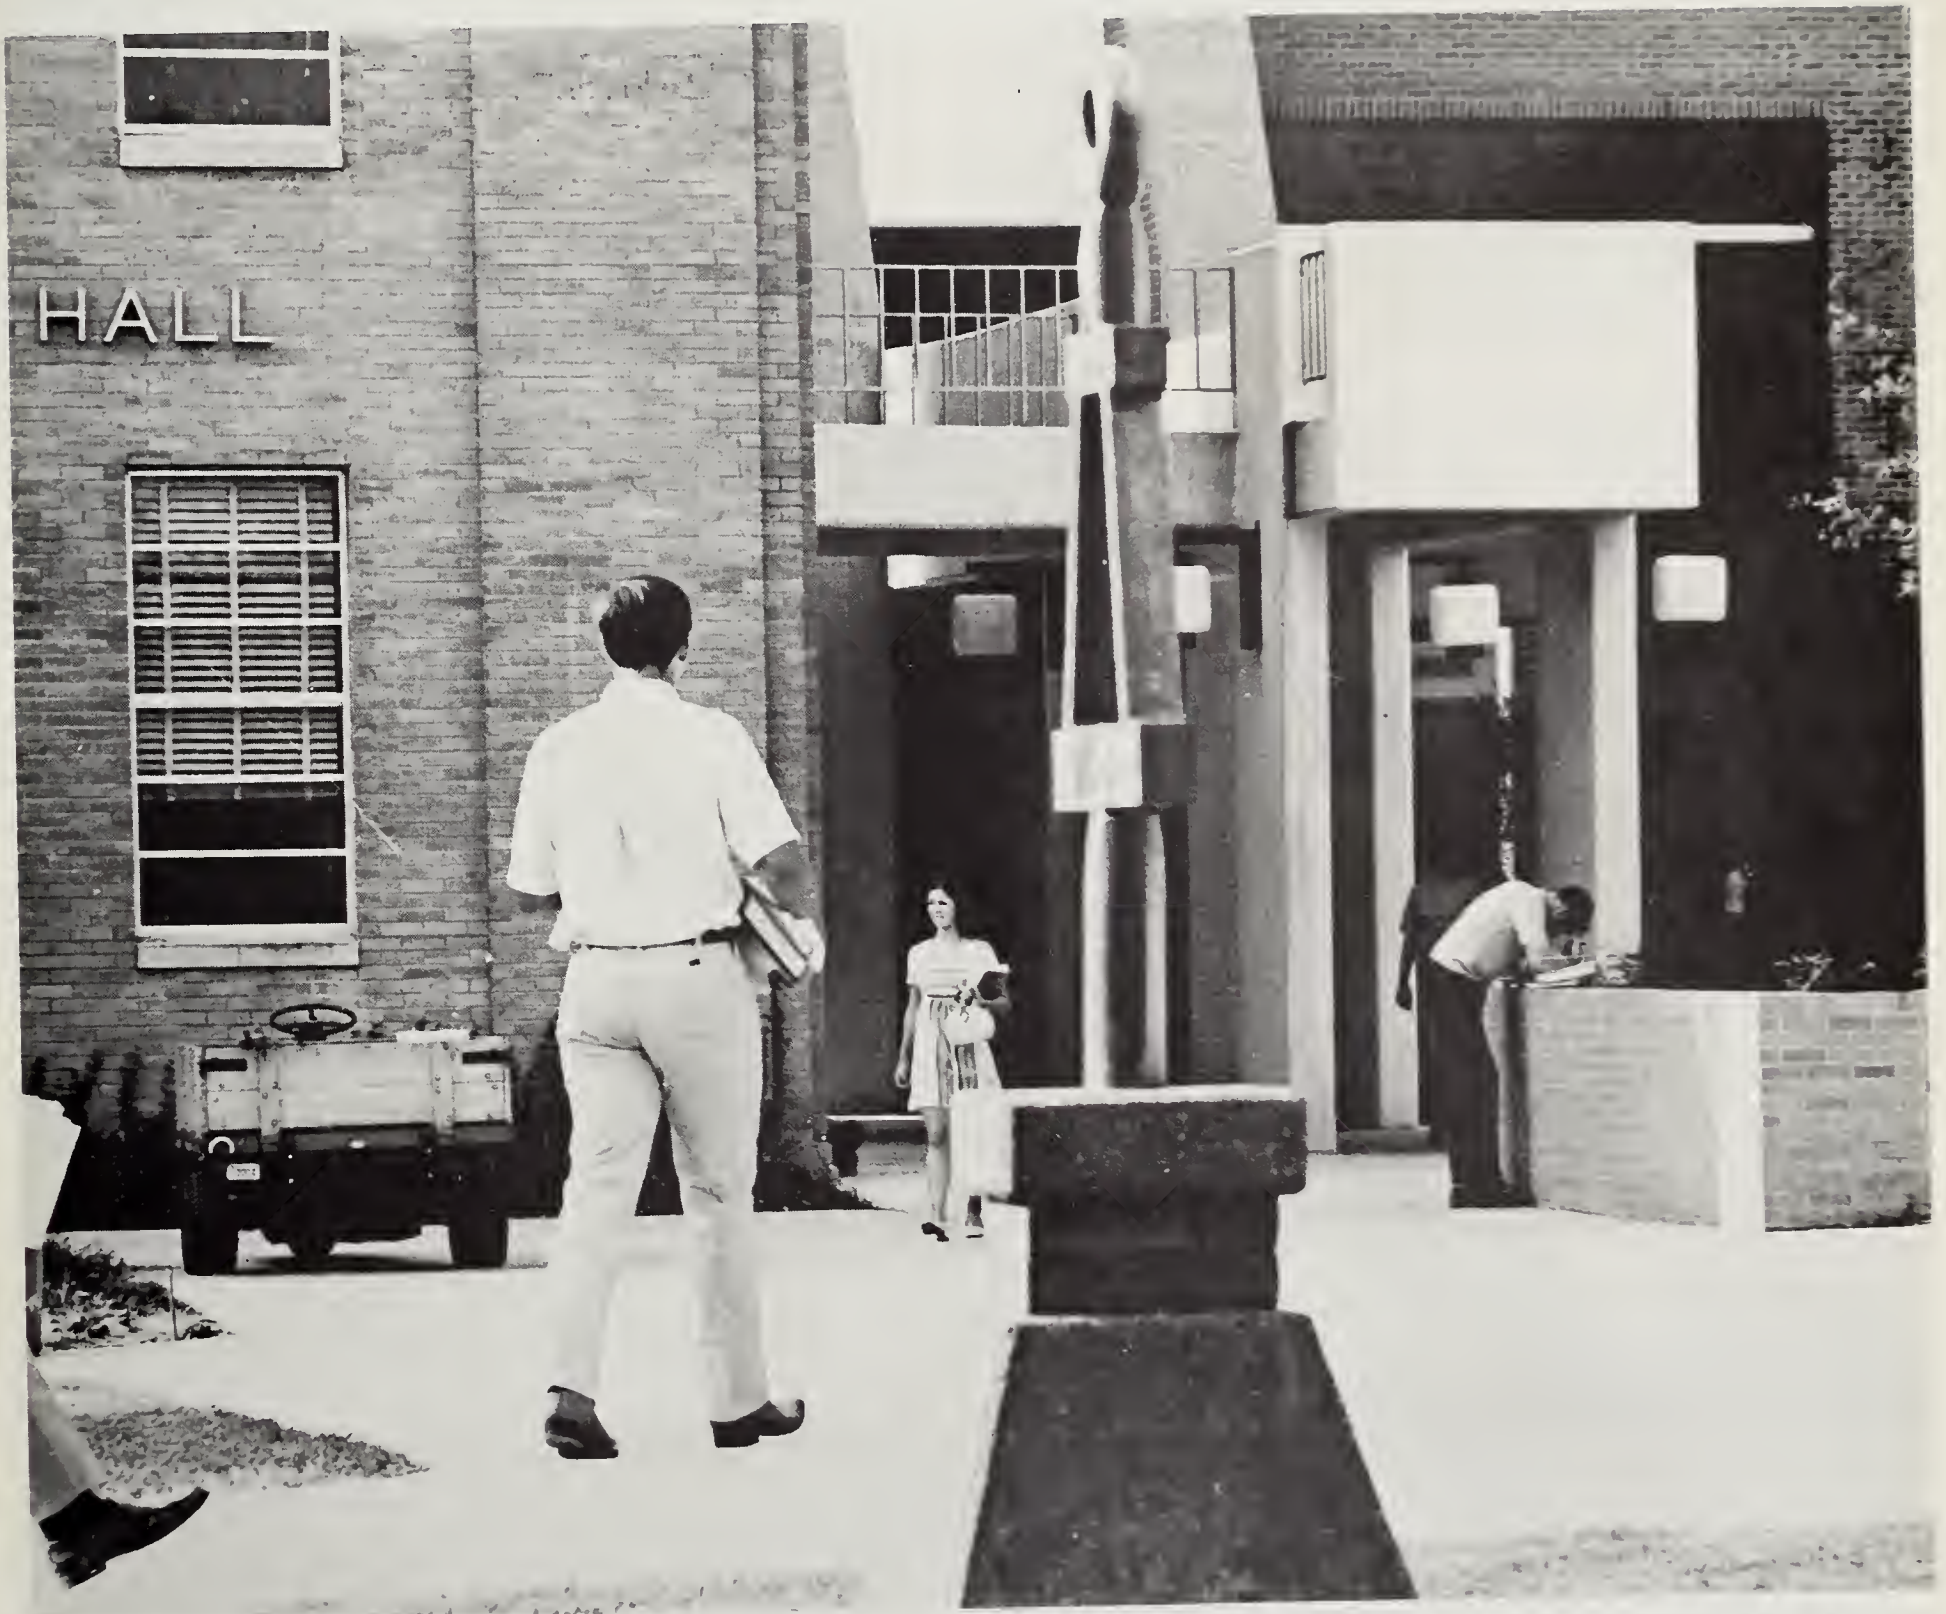

The organization sponsors a Government Emphasis Week, Mayor's Forum, several trips to law schools and a mock trial. The club also entered the Homecoming Display Contest.

Officers for Lambda Pi Sigma include: Ronald Addison, president; Buddy Rake, vice-president; Judy Sexton, secretary; Ron Eidson, treasurer; and Ron Easter, membership chairman. Faculty sponsors for the organization are Dr. Sam Hamlett, Dr. Allan Saxe, and Dr. Don Cantwell.

Lambda Pi Sigma, pre-law fraternity, annually holds a mock trial on the UT Arlington campus in the government building; Preston Hall.

Sinfonia members gather before ushering at the Grand Prairie Symphony, the group's 1970 civic project.

Phi Mu Alpha Sinfonia

The UT Arlington chapter of Phi Mu Alpha Sinfonia is the 300th chapter of the national organization. Individuals in the fraternity participate in varied musical activities in the Fort Worth and Dallas area.

The men of Phi Mu Alpha usher and publicize the music department recitals on campus. This year the fraternity has adopted the Grand Prairie Symphony as its civic project. They provide publicity, sell tickets and usher at all of the symphony's concerts. The fraternity also puts on a concert, consisting of music by American composers.

The club is sponsored by James M. Mahoney. Sinfonia officers are: Tommy Hall, president; Morris Moore, vice-president; Johnny Lamb, secretary; Mike Scheuermann, treasurer; José G. Prado, warden; and Philip Hallmark, historian.

Pi Sigma Epsilon members practice rigorously for intramural basketball competition.

Pi Sigma Epsilon business fraternity is composed of 36 men who exhibit an interest in marketing and selling. The purpose of the fraternity is the promotion and training of prospective executives.

This year Pi Sigma Epsilon competed in intramurals, invested in the stock market, toured several plants and had numerous guest speakers at their dinner parties and meetings.

Officers include: Dan Patterson, president; Bill Quarles and Dave Marks, vice-presidents; Cole Sessum, secretary; Ken Pigg, treasurer; and Les McConnel, sergeant-at-arms. Sponsors are Wayne Lucas and Asis Sarker.

Pi Sigma Epsilon is proud to have Cindy Freeland for its club sweetheart.

Pi Sigma Epsilon

Actives show off the new pledge paddles.

News staff busily proofreads the school paper before publication.

Press Club

Sponsoring the Most Handsome Man on Campus Contest is one of the methods used by the UTA Press Club in furthering knowledge of careers in journalism and uniting the thirty-five journalist members on campus.

Donna Darovich is Press Club president; vice-president is Don Sloan. Sponsors are Paul Blakney and Roy Moses.

During Homecoming, the Press Club held a party for former Shorthorn editors at the Fort Worth Press Club.

Students in the Association of Social Workers study for their Master's Degrees.

The Student Association of Social Workers promotes understanding and communication among its members and faculty, while sponsoring specialized educational programs related to the interests of the membership, the university, and the community.

Sponsoring the 59-member association is Dr. James Bisbee. Twenty-four members received in May the first Master of Social Work degrees ever awarded in North Texas.

Dr. Ernest Seigel discusses group dynamics with the spring graduates.

Vaqueros

Vaquero President Dennis Fluke takes a full ride on a wild Brahma bull.

The UT Arlington Vaqueros are active in promoting western activities on campus. The club sponsors at least two rodeos yearly and its members ride in the Fort Worth Fat Stock Show. The club is responsible for firing the Roarin' Rebel II cannon at football games.

The club president is Dennis Fluke, vice-president is Jim Rawlings, secretary-treasurer is Connie Rose, and corresponding secretary is Liz Stewart.

The Vaquero sponsors are Coach W. F. Roark and W. D. Turner.

The Vaqueros have leased seventy-five acres north of Arlington and are in the process of having a barn-raising on week-ends. Members are allowed to keep one horse on the land free of charge.

COOKING CLASS

**RELIGIOUS
AND SERVICE**

Alpha Phi Omega

Members of Alpha Phi Omega national service fraternity and their sweetheart, Amy Johnson, wile away the summer by doing their own thing.

Alpha Phi Omega was established on this campus as a national service fraternity in the spring of 1964. Theta Tau chapter is sponsored by Dean Charles McDowell, Dean Fred Reagan, Elwood Preiss, Dr. Floyd Cash, and Dr. Allen Saxe. College men who have a desire to provide service to their chapter, campus, community, and nation are eligible for membership in Alpha Phi Omega.

A Phi O's man and maintain the university's lost and found office, and supply manpower for student elections, ramps for handicapped students, and a ride board in the student center. Sponsoring an annual talent show for the patients at the Terrell State Hospital is another major undertaking of the group. The Beauty and the Beast contest sponsored by Alpha Phi Omega earned money to be put in a fund for a fountain to be put in the mall in the future.

Bob Klensendorf serves as president of the fraternity.

Dr. Harrison is presented an honorary membership certificate.

A Phi O members tear apart the porch of a church, making way for future expansion.

Baptist Student Union

The Baptist Student Union, with one of the largest memberships on campus, is also one of the most active. The organization is not limited to Baptists as almost 25% of the membership is from other denominations.

The many activities planned and executed by an Executive Council and nine committees, with the purpose of providing a Christian witness and fellowship for the students of the University of Texas at Arlington.

The BSU holds noonday devotions every Monday, Wednesday and Friday with feature speakers from many different religions.

The Friday night missions projects enable students to tutor and entertain underprivileged children of all races at one of four sites.

The most successful undertaking of the BSU has been "Up-Singers," an all-denominational choir comprised of over 100 UTA students. "Up-Singers" presented "Tell It Like It Is" to capacity audiences at Texas Hall this year.

The Baptist Student Center provides Christian fellowship for students.

University Up-Singers relax from choir rehearsal at BSU.

Beth McCord and Patty Duvall help at Friday night mission.

BSU basketball players have claimed the all sports trophy for the third consecutive year. Front row: Eddie Moseley, Eddie Laymance, Paul Allsbrook, Leslie Hart, Dodd Burom, and Terry Brannon, Second row: Charles Goodyear, Don Rawls, Pat Patton, Alan Lambert, Ronnie Jackson, and Mike Graham.

Nearly 2000 years later, students still gather to consider Him.

Campus Crusade for Christ

International

Campus Crusade brings Andre Kole, "America's leading illusionist."

"Solution—Spiritual Revolution," regional theme for Campus Crusade for Christ International, sparked the local affiliate's spiritual contribution to the university.

Campus Crusade for Christ hosted Andre Kole, "America's leading illusionist," and Armageddon, rock singing group. The performers drew large crowds to whom they told of Jesus Christ's relevancy to their lives.

The non-denominational organization also conducted College Life meeting series, examining the Christian life. The group, new on campus this year, also issued copies of its "Student Action" newspapers.

The group attends the Texas-Oklahoma Circle K Convention.

Circle K Club

The Circle K Club, sponsored by Arlington Kiwanis, is not merely an organization but a driving force, developing leadership for tomorrow while it creates a better university community today.

Circle K is first and last a service organization. Circle K has developed and successfully conducted many activities on the campus, community and international levels. In the past year, Circle K has sold football programs, as a service to the athletic department, worked as assistants in school registration each semester, and assisted in campus elections. Circle K members undertook the task of painting all the school trash cans located around the campus, co-sponsored Autocross sportscar competitions at the UTA "South 40" and donated 55 swimsuits to an orphanage in Mexico.

Circle K members Grady Langley and Roy Climer help in registration.

Circle K members beautify campus by painting college garbage cans.

Christian Science Club brings Joseph Heard to lecture on *Today's Prophet*.

Christian Science Club

Under the leadership of Linda Melvin as president, Jim Taulman as vice-president, Jo Lynn McCreary as secretary and Bob Klenzendorf as treasurer, the Christian Science Organization strives to make Christian Science available to the UT Arlington campus. The club maintains a literature box in the student center where students can obtain a copy of the "Christian Science Monitor."

Any student with a sincere interest in the study of Christian Science is welcome to join. The club has a room which provides a quiet place for the study of Christian Science and to share in ways of applying Christian Science to daily life. Other ways they achieve this end is with display projects and holding weekly testimonial meetings.

Jimmy Taulman reads lesson in CSO study room.

Deseret Club

The Deseret Club, new to the university this year, is the congregation of the Latter Day Saints on campus. It holds religious classes and social activities.

The organization meets in the Stonewall Jackson Room of the Student Center and holds opening and closing socials in September and May.

The primary purpose of the club is to emphasize the spiritual side of University life.

Dr. Royce Petterson, Deseret Club sponsor, lectures to the club members.

Randy Riggs, Bob Benson, and Rick McHaffey carry kettle drum before concert.

Kappa Kappa Psi

Any student who has been a member of the Rebel Band for one semester is eligible for membership in Kappa Kappa Psi.

During band camp the week before school starts, Kappa Kappa Psi members are available to help all beginning freshmen. The club also has the responsibility of taking care of all equipment used by the band. The brightly painted buses used when the band goes on tour are the work of the club also.

Members of the club ushered at the Arlington Concert Association, officiated at the Six Flags Band Festival, and co-sponsored the band Spring Concert.

Serving as president is Robert Lake, vice-president is Milton Strong, and secretary is Mickey Nowell.

Rebel Ham Club

The Rebel Ham Club is composed of students with an interest in the development of the art of communications. They use "on the air" experiments to advance modern communications technology.

The club offers lessons in Morse code and theory for those students interested in obtaining an amateur license. They also provide an elaborate station for students to spread the name of the University of Texas at Arlington around the world.

Serving as president of the club is Howard Barger, Norman Cox is vice-president, and Kraig Newquist is secretary-treasurer.

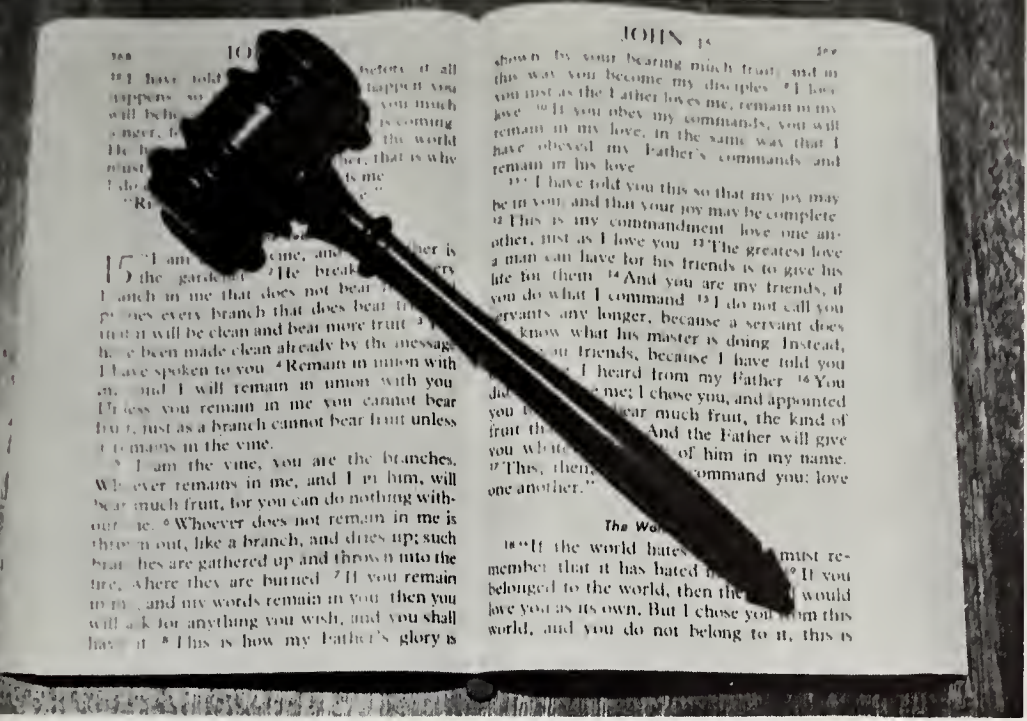

Members

Howard Barger, president	John Hoskins
Norman Cox, vice-president	Richard Kragg

Rebel Ham Club members Bob Cunningham, Mark Tyler, Kraig Newquist, Gene Preston and Keith Newquist took over the club's radio equipment.

KOINONIA

Koinonia plans social activities of the Church of Christ Bible Chair.

Koinonia

Koinonia, a relatively new club, organizes the social activities of the Church of Christ Bible Chair.

During football season, Koinonia hosts after-game parties at the Bible Chair where the club serves refreshments and provides entertainment for students.

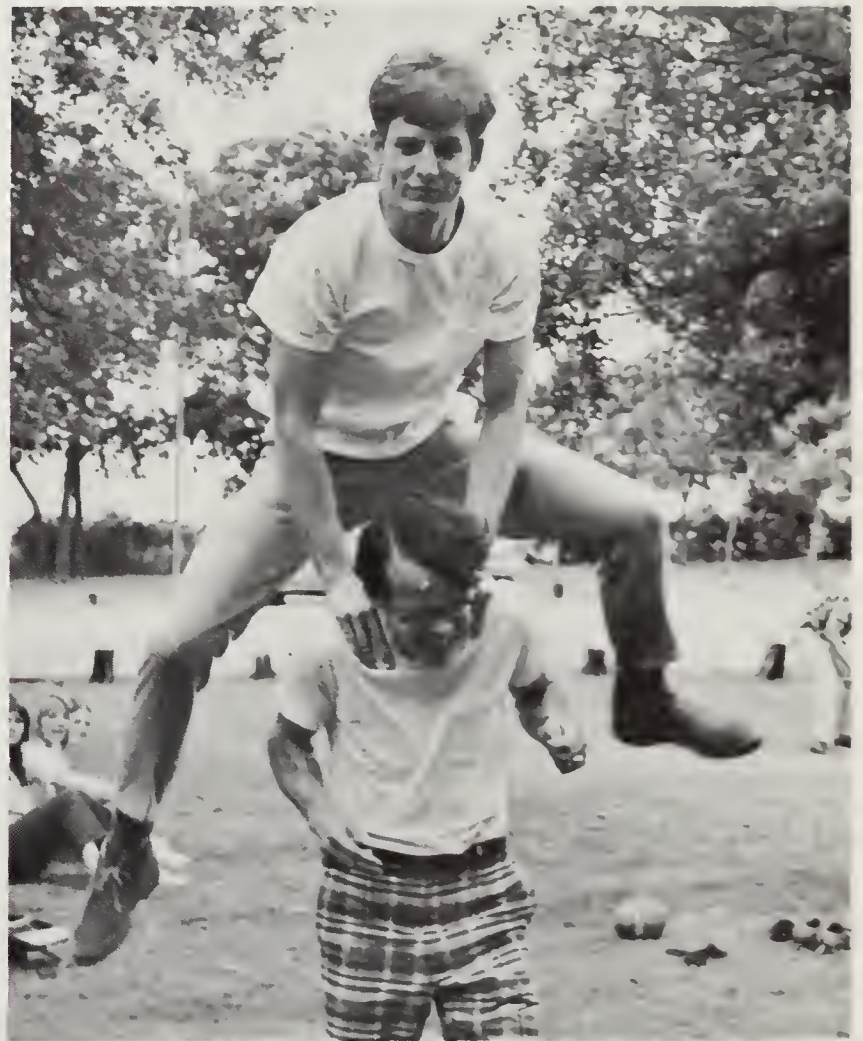

The members, working together on the homecoming display, were successful in winning a first place trophy for the "most original" display. The club was also proud to bring home the Five-State Koinonia Convention Sweepstakes trophy this year.

Sponsored by Koinonia, Dr. William S. Barowsky, president of Pepperdine College, spoke to a large crowd of UT Arlington students on his latest book, *It's A Playboy World*.

Officers for the year include Gary Bishop as president and Gilbert Yarbrough as vice-president, Starmye Harmon as secretary, Pat Kirk as treasurer and Shirley Kirk as historian of the club.

The spacious backyard of the Bible Chair provides ample room for a fast-moving game of volleyball for energetic members of Koinonia.

Koinonia members enjoy a game of leapfrog at a group social.

Student Activities celebrates the school's 75th birthday.

Students flock to take part in the Gay 90's Casino sponsored by SAB.

B. J. Thomas

The Lettermen

Student Activities Board

The university's foreign students enjoy a reception held in their honor.

SAB members decorate a Student Center hall for Christmas

Ferrante and Teicher

The Student Activities Board (SAB) coordinates the work of the six Student Activities councils: Forums Council, Entertainment Council, Publicity Council, Arts and Films Council, LEAD Council, and Hospitality Council. With a small portion of the activities service fees, these councils endeavor to supplement the cultural, recreational, social, and other special needs and interests of the students. All full-time students are eligible for membership on any of the six councils.

The club's sponsor is Mrs. Carolyn Waddell and president is Charles Huber. First vice-presidents are Karen Hall and Susan Elder; second vice-president is John White.

Among the many activities SAB has sponsored this year are the weekly movies, Fling 70, Homecoming, Playboy Fashion Show, Ferrante and Teicher, the Lettermen, and B. J. Thomas.

The Wesley Foundation holds religion classes and recreational activities.

The Wesley Foundation and Canterbury compose a community open to the university as a place of dialogue, service, study and recreation. The Wesley Foundation sponsors a weekly coffee house named "The Belly of the Whale" which draws many talented university students. Highlights of its program are Friday noon luncheons, credit religion courses and film series.

Students relax between classes in the spacious lounge of the Wesley Foundation, and the beautiful building is open to accommodate other campus groups.

The steering committee members this spring were Fritz Range, Jeff Scheid, Glen Page, Diane Doscocil, Dennis Danvers, Kathy Danvers, and Scottie Robbins. The Rev. Ronald Younkin is Episcopal Chaplain and the Rev. Dick Lord is Methodist Campus Minister.

The Wesley Foundation and Canterbury

Dennis Danvers talks at a noon luncheon program.

In a typical scene at the Wesley Foundation, students gather to enjoy bridge games.

Tau Beta Sigma

Tau Beta Sigma Sorority provides a close sisterhood among its members which adds enjoyment and unity to band activities.

The band spirit builders help with all band parties, usher at campus musical events, and furnish bandmen with phone directories of the band members.

Tau Beta Sigma provides a high goal for bandwomen to add to their aim for their college careers. Tau Beta Sigma provides service and is considered an honorable station for all bandwomen.

The sorority's sponsor is Mrs. James Mahoney and the club president is music major Sandy Hill. Sandy is also sweetheart of Kappa Kappa Psi.

Tau Beta Sigma members are, first row: Diane Mays, Sandy Caffey, Vicki Bevier, Joan Bixler, Gay Wright, Cynthia Taylor, and Elaine Armstrong. Second row: Lenda McDonald, Sandye Hill, and Barbara Qualls.

Ladies of WSO help children from the Community Action Center in kite building.

WSO members work together packaging blankets for Vietnamese orphans.

Women's Service Organization

The Women's Service Organization is a service club designed to serve the needs of the university. The members serve the campus by working during registration, elections, the distribution of yearbooks and ushering during the Webb Lecture.

The club helps in the cancer and blood drives and also participates in the Terrell State Hospital show sponsored by Alpha Phi Omega service fraternity.

The club officers are Janet Hopkins, president; Neillie Brown, first vice-president; Karen Hall, second vice-president, and Linda Abraham, treasurer.

Newman Club

The Newman Club is comprised of over 100 Catholic students at UT Arlington. The club's purpose is to carry on a Christian atmosphere at UT Arlington and to instill in its members a desire to be more Christian in their school and home lives.

The Newman Club works in coalition with the Wesley Foundation and the Canterbury Club on activities such as the Belly of the Whale and the Friday luncheons at the Wesley Foundation.

One of the club's main activities is its annual three-day retreat. Other important activities include participation in the Fall Festival and Kappa Sigma Carnival. On Sundays the club holds folk masses, and parties and dances are planned as weekend events. The Newman Club is active in all intramural sports, as seen by the fact that the "Intramural Athlete of the Year" was a member.

Newman Club president is Lico Reyes.

Members of the Newman Club entertain orphans at a local park.

Newman Club President Lico Reyes presides over the election of the organization's new officers at the Wesley Foundation.

BAND

FINE ARTS

Jeri Mahan is fluttery Miss Alma in "Summer and Smoke."

Miss Alma reads a romantic poem at a meeting of her literary circle, and

Young Oliviers Gain Stage,

The curtain opens on "As I Lay Dying" to present an open tableau compactly picturing the life of the entire Bundren family in a 30-foot square.

with amazing perception, in a scene from "Summer and Smoke."

Two characters of not-so-obvious opposite genders compare outfits in a comical but disturbingly realistic scene from "Your Own Thing."

Dramatic Know-How

The university Little Theater offers students the opportunity to exercise their dramatic talents. These students are enrolled in one of two accredited courses, in which they are instructed and directed by Mary Lou Hoyle and Richard Slaughter.

Four plays are produced during the year. The fall semester this year opened with "Amphitryon 38," a comedy based on the escapades of the mythological character Jupiter. Later in the semester came the unique "As I Lay Dying," William Faulkner's penetrating story of the 1920's South.

Spring semester students produced Tennessee Williams' moving and very successful play "Summer and Smoke." The year came to a close with a look at the present in "Your Own Thing," a "Hair"-type rock musical.

As part of the year's anniversary celebration, drama department alumnae produced the comical "The Man Who Came to Dinner."

Amphitryon's Trumpeter (Richard Westfall) explains the music he will play on his one-note trumpet to herald a peace proclamation by Sosie (Mike Rylie) in "Amphitryon 38."

Select University Voices Join in Concert

A Cappella Choir and Holiday Singers give talented voices the opportunity to sing out in various campus and guest performances. Directed by Gary Ebensberger, both consist of voices carefully selected by audition.

The 55-voice A Cappella Choir specializes in classical and sacred music, varied with some spirituals and foreign selections. The Choir this year presented a Christmas concert, followed by several church performances. The year's highlight, culminating a semester's work, was the formal concert presented in May.

The 20 Holiday Singers enjoyed performing for campus activities, for the Dallas Women's Club, and at a Christmas banquet in the Fort Worth Convention Center. Dividing into smaller groups for variety, the group sings pop selections featuring four-part harmony.

Accompanist for the two choirs was Kay Ellen Hawkes.

Soloist Jean Osburn musically questions her audience "What Now My Love?"

HOLIDAY SINGERS. FRONT ROW: Alissa Pittman, Gloria Allen, Pam Reynolds, Bettye Brewster, Jan Webb, Sandy Caffey, Kay Ellen Hawkes, Karen Flechtner, Jean Osburn, and Terre Miner.

BACK ROW: Bill Quarles, Curtis McClean, Marc Emmick, Gary Noble, Victor Michels, Dan Rash, Doug Smith, Steve Seate, Gary Ives, and Dale McMahan.

A CAPPELLA CHOIR. FRONT ROW: Gloria Allen, Robin Ellen, Pam Reynolds, Bettye Brewster, Susan Hagard, Jan Webb, Linda Anderson, Jennifer Jackson, Barbara Qualls, Pam Miller, Sandy Caffey, Patti Dean and Donna Beaird. SECOND ROW: Kay Ellen Hawkes, Carol Carter, Mary Beth Smith, Alissa Pittman, Martha Huffine, Linda Jacobsen, Melody Cooke, June Johnson, Beth Spiegel, Karen Flechtner, Jean Osburn, Janet Jackson and Terre Miner.

THIRD ROW: Mike Scheuermann, Kenny Kiener, David Jobe, Doug Smith, Joe Reynolds, Keith Rickard, Marc Emmick, Gary Noble, Larry Broussard, Kenneth Myers, Bryan Stone, Dale McMahan, Jim Ledbetter and Fraiser McConnell. FOURTH ROW: Barry Montgomery, Bill Quarles, Gary Lancaster, Randy Ford, Paul Schanbert, Valney Dempsey III, Curtis McClean, James Hadnan, Victor Michels, James Taulman, Freddie Fankle, Dan Rash, Steve Seate and Bland Harper.

The voices of A Cappella Choir members blend harmoniously in fall concert.

Concert Band

Reb Bands Step Out On Field, in Concert

Directing both the marching and the concert bands is Jack Mahan, head of the music department. His associate director, William F. Postelthwaite, plans marching routines, directly supervises performances, and works closely with the percussion section. James Mahoney serves as woodwinds director, Ray Lichtenwalter directs the brass section, and Dr. Loyd Taliaferro is theory instructor.

The 144-member marching band performs most notably at Rebel football games, where the band's traditional Dixie Fanfare routine signals halftime. The band is also divided into four groups which perform alternately on occasions when it is not possible for the entire band to be present, such as basketball games, swim meets, and pep rallies. Head drum major was Johnny Carr; his assistants were Milton Strong and Robert Mozelewski.

This year there were two bands functioning as the concert band has in past years: the specially-auditioned Symphonic Band, under Mahan's direction, and the new Concert Band, directed by Postelthwaite. The bands perform onstage, off-season from the marching band.

Head Drum Major Johnny Carr leads the marching band in a halftime performance.

Rebel Marching Band

Reb marching band members stand ready on the field.

Jack Mahan directs band members in a classroom session.

Lab Band Inspires Career Musicians

Directed by Dan Burkholder, the UT Arlington Lab Band serves as a meeting ground for career-minded musicians on campus. The group consists of professional musicians attending the university who work in various bands outside the school, but also enjoy the opportunity to perform together. Members have performed in groups at Six Flags Over Texas and Six Flags Over Georgia, and with various name bands throughout the United States. As professional musicians many of the members belong to the American Federation of Musicians.

The Lab Band performed on campus for several functions, including the Snow Ball this fall, and in the November 25 and April 7 concerts in the Little Theater. Vocalists for Lab Band this year were Karen Flechtner and Curtis McClean.

Pianist Cathy Welton accompanies the Lab Band in concert performance.

Director Dan Burkholder waits as the saxophonists end their featured performance.

Rex Gomillian and Richard Pryor stand to join trumpets in a featured concert duet.

Editors Construct Winning SHORTHORN

Under the guidance of two-year veteran editor Donna Darovich, the UT Arlington *SHORTHORN* staff produced another prize-winning newspaper. The weekly publication this year captured the Texas Intercollegiate Press Association's "Best Newspaper in State" award.

With a circulation of 8500 copies per week during the long term, the scope of the 1969-70 *SHORTHORN* necessarily varied in coverage, from campus to national events.

The editorial staff continued to meet controversial campus issues head on, sometimes to the chagrin of various student groups. The Student Congress this year proposed the future selection of *SHORTHORN* editors by students rather than by faculty.

Members of the *SHORTHORN* staff hold various other positions in the news media. Gary Newsom was employed on the sports staff of the Arlington Daily News and as *REVEILLE* sports editor. KRLD-TV occupied much of Don Sloan's off-campus time, and Jeff Wolfskill helped to man the press box at Turnpike Stadium.

REVEILLE Celebrates

The 75th anniversary year of a university is a year worthy of painstaking recording and corresponding innovations. These were the challenges the 1970 *REVEILLE* staff strove throughout the year to meet.

The completion of the largest yearbook in the history of the school, featuring a 30-page introduction tracing the school's 75-year history in contrast with the institution of today, was no easy accomplishment for the capable but generally novice staff, working alone under the guidance of Editor Barbara Shields. Copy editor was Sharon Matthews; Mona Blalock and Mary Hand were typists.

From the silk-screen cover to four-color division pages, a new stock of paper and new type styles, a departmentalized faculty section and a new format for the organizations section, and especially the change to a fall-delivery book, 1970 marked a year of change for the UT Arlington *REVEILLE*.

Sporadic Rebs Compile

5-5 Gridiron Record

1969 co-captains for Coach Burley Bearden were Dick Hill and Jim Stoehr.

A tough schedule and inconsistent play combined in 1969 to deny UT Arlington its third Southland Conference championship in four years. Instead, the Rebels had to settle for a third place tie with Abilene Christian College and Trinity University.

UTA won only once at home in 1969, ruining a 14-1 home mark set during head coach Burley Bearden's tenure as Rebel mentor. UTA's overall 5-5 mark was its worst record in five years.

Among the few bright points of the Rebel team in 1969 was a strong defense and the individual play of men like pro draft picks Skip Butler, Danny Griffin, Troy Patridge, Dick Hill and Ronnie Callaway.

Rugged defensive play characterized the 1969 Rebel team whose unpredictable offense was either great or poor on any two different nights.

Four NE Louisiana players find Reb tailback Marc Griffin a tough customer. Griffin scored once in the contest on a 59-yard pass play.

Third-Period Show Gives Rebels 17-3 Win

3	Fumbles Lost	3	
8-90	Yards Penalized	5-55	

The Rebels opened the season in Monroe, Louisiana with a sluggish 17-3 victory over Northeast Louisiana State, all of the Rebel points coming in a five-minute portion of the third quarter.

NLS had taken the initial lead on a 32-yard first-quarter field goal.

Skipper Butler, the prolific UTA field goal kicker, booted a pair of conversions and a 20-yard field goal, while senior fullback Danny Griffin rushed for 98 yards on 16 carries. Marc Griffin had 44 yards on 13 tries.

Defensively, linebacker Milton Davis sparked a rugged Rebel defense with 14 tackles, two fumbles recoveries and an intercepted pass.

Fred Bolton and Chris Ortman were credited with 11 and 10 tackles, respectively, to aid the defensive showing.

Quarterback Ronnie Faulkner releases the ball on a first down pass attempt.

Skipper Butler, UTA's All-American place kicker, gets set to boot one against New Mexico St. NMS blocked one Butler try.

New Mexico St. Bumps Rebels; Miscues Are Contributing Factor

Halfback Robert Evans embraces an Aggie receiver, ending a short pass play.

The Rebels made their home debut a disappointing one, dropping a 16-17 decision to New Mexico State before a capacity throng.

Home had little to cheer about as Saturday night's heroes lost three fumbles, had three passes intercepted and let the furious Aggie rush block a Skipper Butler field goal attempt.

Ronnie Lucas put the Rebs on the board late in the third quarter hauling 35 yards with a TD strike from Ronnie Faulkner. However, an Aggie interception at the UTA eight, which was carried over for a touchdown, sealed the win for New Mexico State.

A quiet sideline indicates that all is not well on the field. This occurred often at home in 1969 where the Rebs lost four of five encounters.

Rebels Bury East Texas With Strong Offense Show

The Rebels made a strong comeback against East Texas State, scoring two touchdowns in the fourth quarter to erase a four-point deficit and earn a 38-28 win at the Commerce field.

Quarterback Ronnie Faulkner set two records in completing 23 of 38 passes for 392 yards. The Rebs also set a school mark by netting 27 first downs.

Marc Griffin scored the two last period TD's but it was Chris Ortman's intercepted pass with just four minutes left which provided UTA with its winning margin.

The theft gave Arlington the ball at the Lion 28, and in seven plays the Rebels had crossed the goal line for their final points.

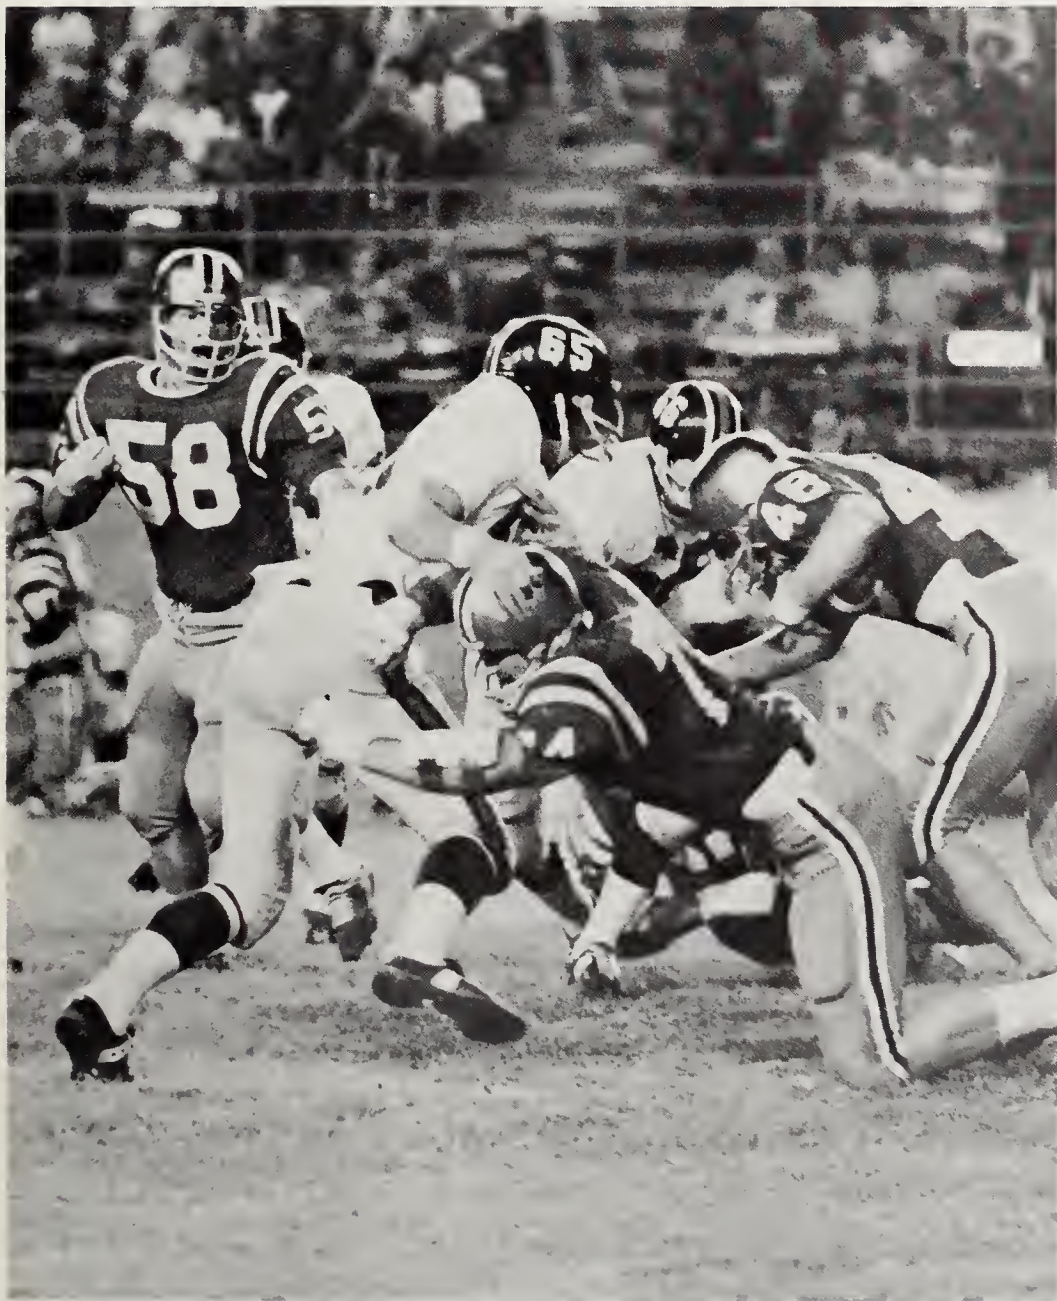

Dick Hill, the fine Rebel tight end, was lost for most of the season as the result of a broken collar bone sustained in the contest.

Reb end Dick Hill braces for a collision with an East Texas St. defensive back.

Six white-shirted Rebels pursue a McNeese back toward an inevitable conclusion. The Cowboys' wishbone T rolled up 240 yards rushing.

Milton Davis (65) and Jimmy Stoehr (66) plug a temporary gap in the line.

Butler's Boots Boost Rebels to 13-7 Win

UT Arlington remained unbeaten on the road by defeating the McNeese State Cowboys 13-7 on the strength of two field goals by Skipper Butler, the 36th and 37th of his career, breaking the NCAA record.

Ronnie Faulkner had a strong showing as quarterback, hitting 17 of 35 passes and watching nine passes dropped by his receivers. Arthur Hobbs snagged three of the aerials to lead Reb receivers.

UTA scored first on Butler's first boot, then lost the lead when the Cowboys scored on an 18-yard run.

In the second period, the Rebs took the lead for keeps when Mike Buchanan caught a two-yard TD pass.

San Diego State, the nation's leading defensive team, came to town next to blot the Rebel record with the inevitable home defeat.

The game was wide-open as UTA registered five interceptions and a fumble recovery; San Diego St. managed to outdo that performance with six thefts and two fumble recoveries.

However, the Aztecs were able to convert their loot into 27 points while UTA managed just ten before 9500 disappointed home fans.

The Rebs opened Southland Conference play with a 34-7 trouncing of Trinity University at San Antonio.

An awesome UT Arlington offense racked up 207 yards rushing and another 234 yards by air while the defense was holding the hapless Tigers to a measly 108 yards total offense on the field.

UTA scored first on a 30-yard Skipper Butler field goal, followed by a 25-yard touchdown pass from Ronnie Faulkner to Mike Buchanan, a 25-yard field goal, and a one-yard plunge by Marc Griffin as the Rebs took a 20-0 lead by intermission.

In the third quarter, Tim Christy tallied on a 25-yard scamper and Robert Hill dived over from a yard out to make the score 34-0.

Trinity managed one score in the final period after Coach Bearden had replaced his starters with reserves.

A swarm of blue and grey Rebels converges on an opposing team quarterback.

The condition of the game is mirrored by the concerned expression on the face of UT Arlington line coach Charlie Lyle.

Robert Evans readies a shoulder to put to a West Texas State ball carrier.

Home Jinx Remains, Buffs Take 41-7 Win

West Texas State blasted the Rebs 41-7 to keep UT Arlington's winless home record intact. The Buffs controlled almost every phase of the game, rolling up 340 yards total offense, while recovering a fumble and stealing five UTA passes.

The Rebels were able to score only when a meager 2:08 remained on the scoreboard clock, Mike Buchanan getting the six points on a six-yard sweep of left end.

Safety Mickey Eddleman rushes in to aid teammate Ronnie Callaway in halting an Indian drive. ASU won the SLC title with last-quarter rally.

Sun Sets on Rebels; Indians Secure Title

The Rebels traveled to Jonesboro to meet the Arkansas State Indians with the conference title as the victor's prize. But the Rebels were not up to the task and fell 13-3 to the warring Indians.

For the game, ASU stole six passes, had a fumble recovery and racked up 21 first downs as compared to UTA's 13. Once again UTA scored first and then lost out to an enemy rally in the waning minutes.

Butler's 42-yard field goal in the third period had given the Rebs the lead prior to ASU's comeback.

The scoreboard tells the story of the game. UTA ends the season on a winning note with players breaking several records in the process.

Everyone knew the drought had to end sometime and, unfortunately for Lamar Tech, they happened to be on hand when Reb cloudbursts hit. UT Arlington set a new school scoring mark in blasting the Cards to the tune of 53-16.

Sophomore quarterback Dave Taylor ignited a first-half surge which netted UTA a 30-0 halftime lead. Taylor totaled 177 yards offensively in those initial periods and threw three TD passes.

Running back Danny Griffin set a school record by scoring four times in the game on three passes from Taylor and a one-yard dive.

The UTA secondary intercepted five passes and finished the season with a Rebel record of 32 thefts for the year. The record also exceeded the conference standard.

Butler Heralds Post Season Honor Group

Five UT Arlington football players were awarded the bulk of the post-season grid honors, headed by Skipper Butler who was named first-team all-conference offensively and defensively. He was also chosen to the Sporting News All-America team.

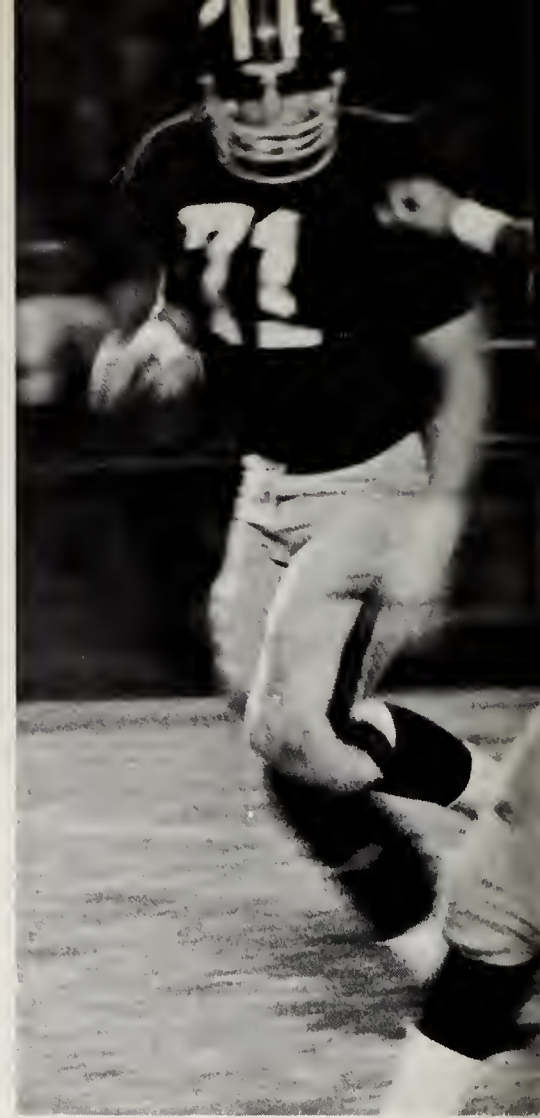

Mickey Eddleman received first team all-conference selection as a defensive back. He was given honorable mention to the Associated Press All-America team.

Danny Griffin and Troy Patridge were chosen first team all-conference at fullback and defensive end, respectively.

Only one UTA junior, tackle Don Morrison, received honors on the all-conference list, selected to the first offensive team.

GIRLS' BASKETBALL TEAM, 1921

BASKETBALL

Rebel Gunners Share Second Place in SLC

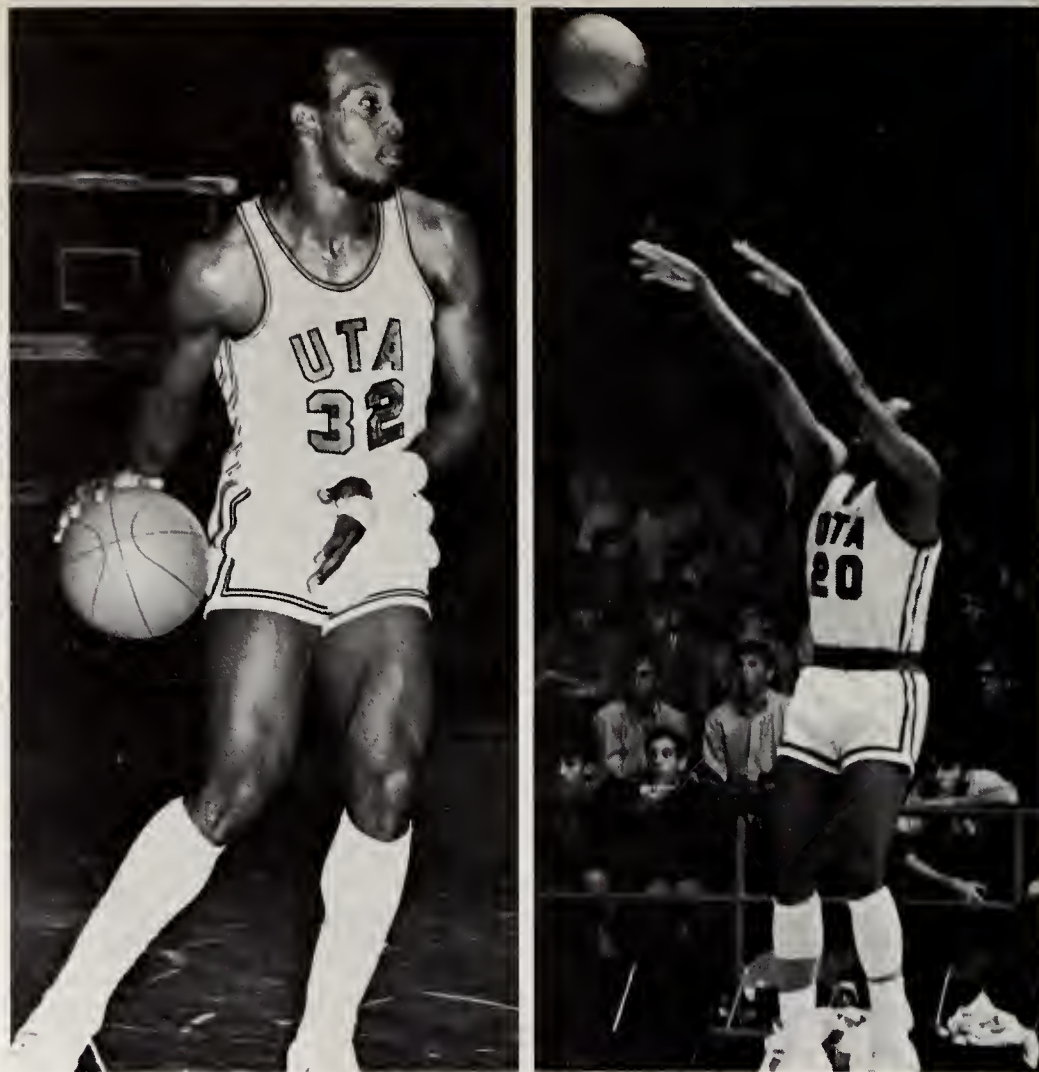

In 1969 the Rebel basketball team began producing results for Coach Barry Dowd's program of intense recruiting and a difficult game schedule.

The Rebels played an exciting brand of ball which, in easier years, would have produced a winner. But in 1969, the likes of Bradley, Houston, Kansas State and other strong teams on the schedule resulted in an 8-16 mark for the season.

Two men who sparked the flashy offense which averaged 83.6 points per game were Sherman Evans and David Payne.

Evans, an All-American Junior College transfer from St. Gregory (Okla.) JC was named to the All-Southland Conference first team and Payne was honored with second team selection.

The Rebels were 4-4 in conference play . . . a good enough record to give them claim to a piece of second place.

Sherman Evans (left) and David Payne (right) are UTA's all-SLC team members.

Coach Barry Dowd delivers a pre-game strategy talk to his men. Stiff competition made his job difficult during the 1970 season.

Post man Dave Evans, a transfer from Murray State (Oklahoma) Junior College, reaches for a handle with which to control an elusive ball.

Sherman Evans paces a Lamar Tech guard on a steady drive toward the goal.

Tech Sweeps Series Despite Rebel Rallies

The UT Arlington Rebels opened Southland Conference play at home, meeting perennial power Lamar Tech. In the early moments of the contest, the Rebels appeared to be out of luck, with the Cardinals leading by as many as 17 points.

But a spirited come-back attempt brought UTA to within striking distance as the game entered the last part of the second half.

However, the Rebs resorted to desperation shots which the Cards rebounded and converted into a safe margin; Lamar Tech won the contest 81-74.

David Payne led UTA scorers with a 19-point production followed by Sherman Evans with 18 points and 15 rebounds.

When the Rebs went to Beaumont to meet the Cardinals in the return match, UTA apparently had not improved as they lost the 90-69 decision.

Payne and Evans once again led the attack; Bob Peek turned in a strong game also.

Breaking by the defender, Herman Jones maneuvers for a shot at the goal.

Rebels Lose Here; Defeat Tigers There

Trinity University, ranked sixth in the small college polls, came to town next and dropped UT Arlington 92-86 despite a last-half surge which gained the home team a temporary tie at one point.

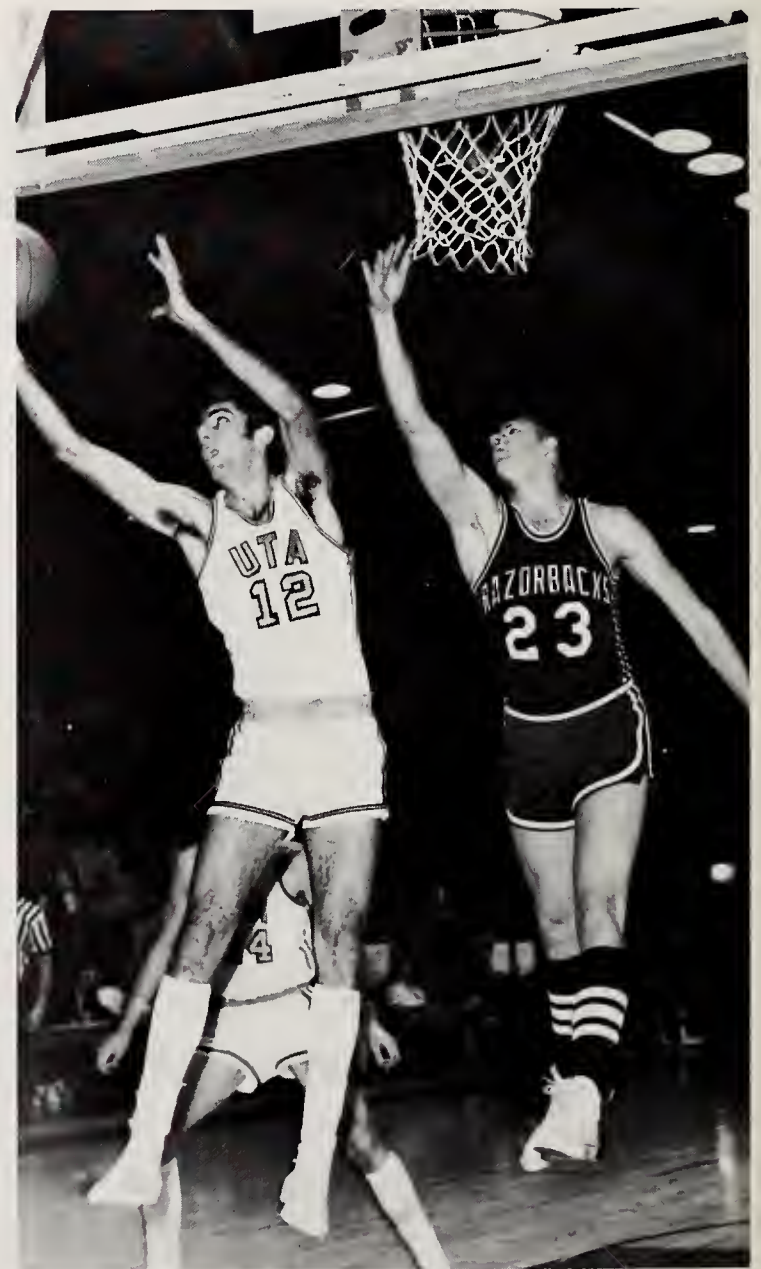

Herman Jones sank 29 points, his season high, and Sherman Evans netted 21 in his effort for the losing cause.

At San Antonio it was a different story, with the Rebels coming back to earn a 89-82 win over the Tigers. David Wollenman led all scorers with 24 points.

Trinity led at the half, but the Rebs knotted it several times in the last period before taking the lead for keeps with 4:32 left in the see-saw battle.

Ever-hustling Rebel David Payne looks to set up another potential UTA score.

A long reach by Richard Huhn secures a Reb rebound.

A tremendous leap by Sherman Evans, often used this season in jump-ball situations, puts him equal to a taller jumper from Lamar Tech.

Reb Split With ACC Gives Win at Home

UT Arlington won its first Southland Conference victory of the season when Abilene Christian College visited Texas Hall.

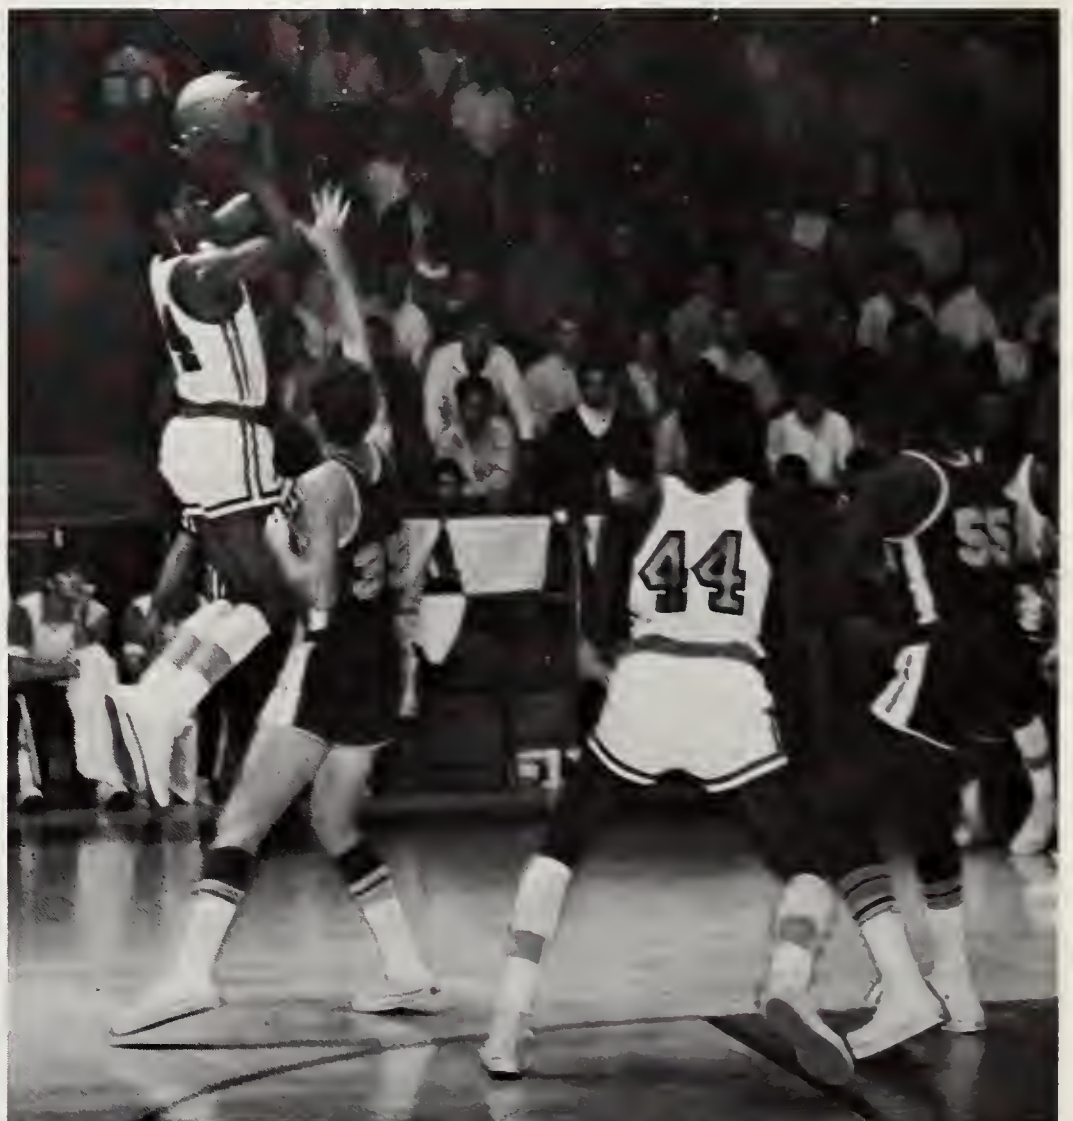

The Rebels erupted for a season-high scoring total of 111 points, the Wildcats getting only 92.

Bob Peek hit for 27 points, his best effort of the year. He was followed by David Payne with 22 points.

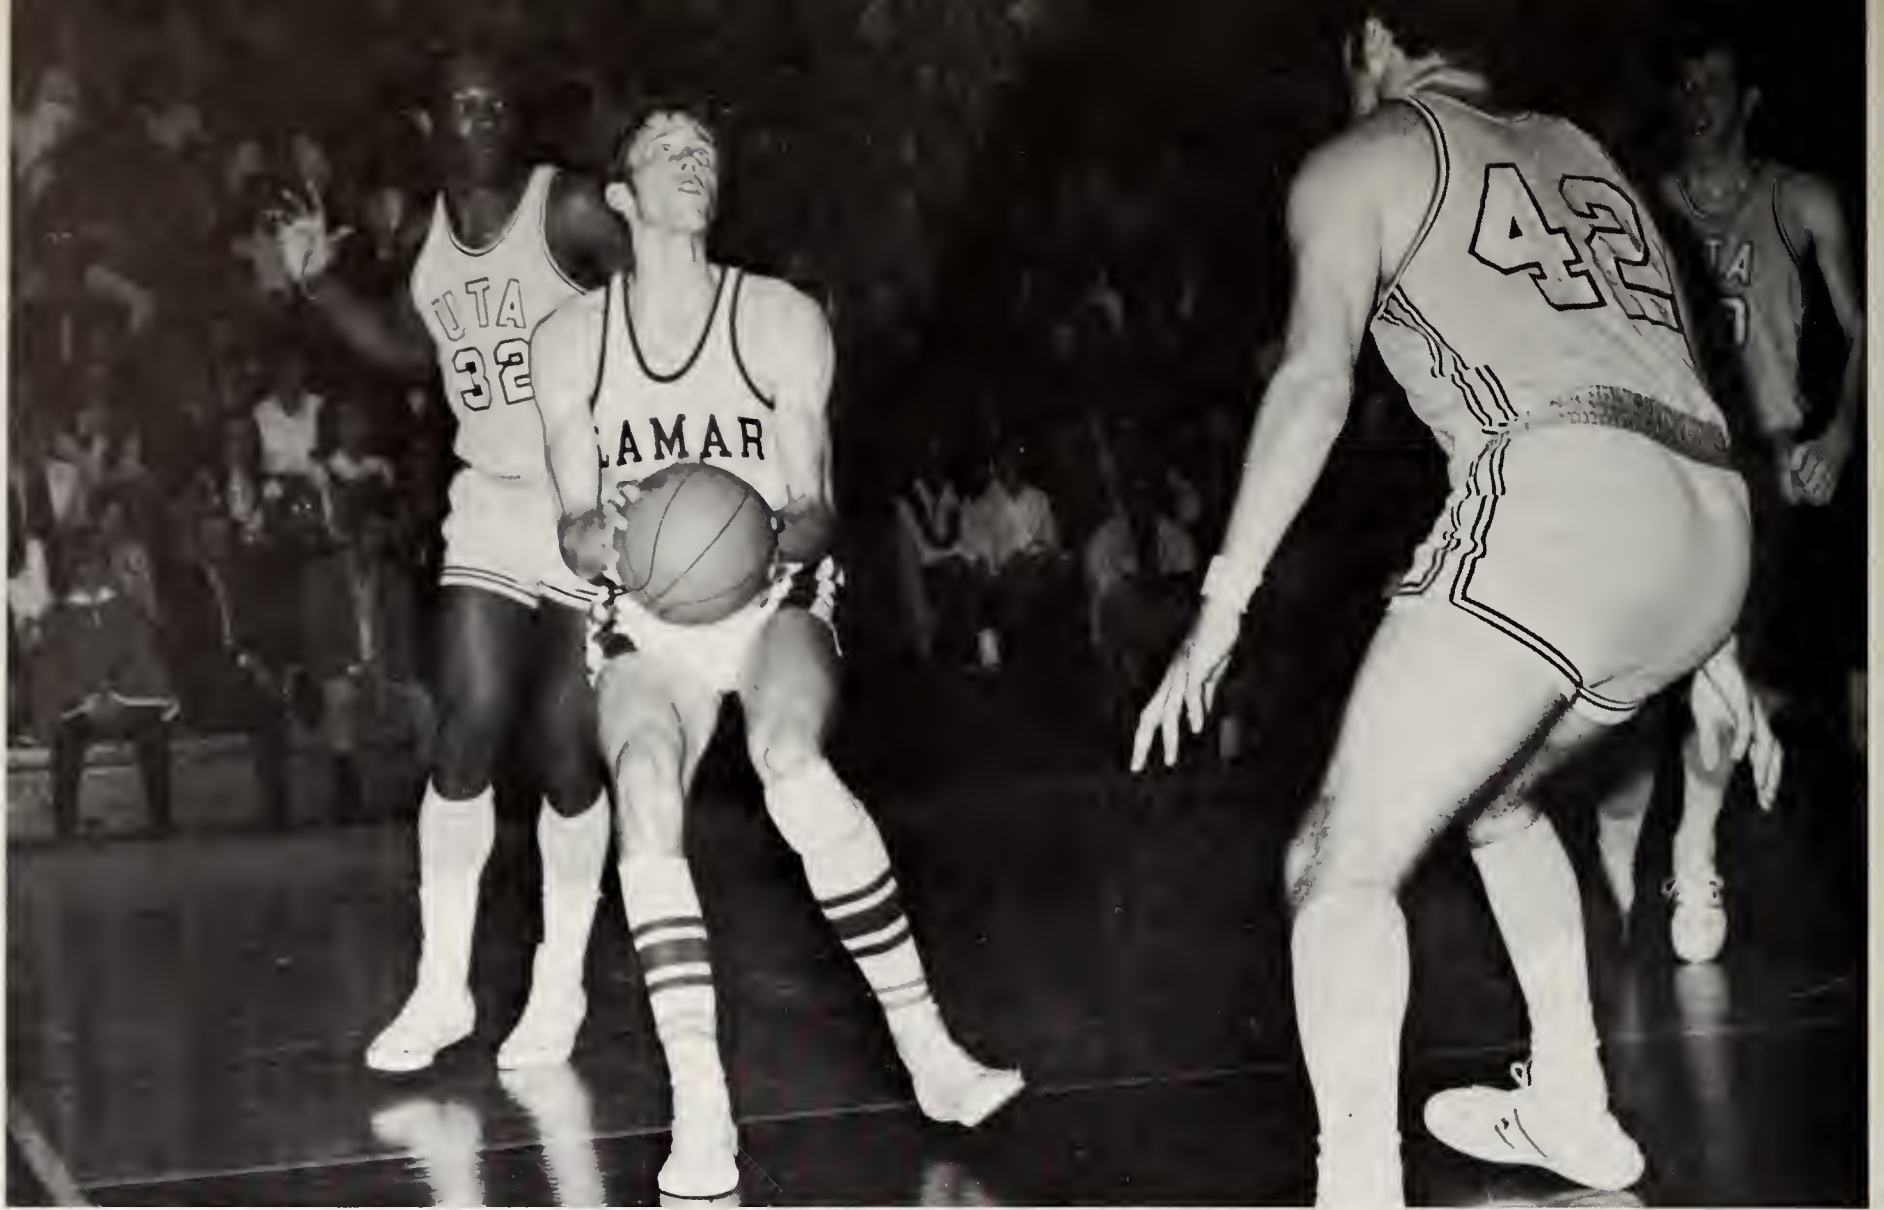

Sherman Evans pulled down 16 rebounds in the game.

Once again, however, UTA couldn't follow its winning home performance on the road and fell 82-79 at Abilene.

The Rebels could not contain the Wildcats in the waning minutes and watched another close one get away.

Herman Jones floats in mid-air before canning a Jones-patented jump shot.

A Lamar Tech player pauses between three UTA men before attempting a field goal; the Cards bested the Rebs twice in conference play.

Indians Fall Twice To Quintet of Rebs

Arkansas State provided the Rebels with a rare sweep of the home and away series, with UT Arlington winning the opener at Jonesboro 71-69 and then taking a 90-85 win at Arlington.

The game at Jonesboro was won by a combination of Sherman Evans' shooting and David Payne's play-making. It was the first time UTA had ever won there.

At Texas Hall, UT Arlington suffered a typical shooting drouth in the first period, during which leading scorer Sherman Evans scored just six points.

However, in the last half Evans warmed up and ended up with 24, leading the Rebels to a 90-85 come back win.

David Wollenman sunk seven of the last 15 Reb points in helping to preserve the victory. David Payne turned in another top effort and finished the night with 19 points.

Bob Peek hauls down a rebound against nationally ranked Houston Cougars.

Soph forward Mark Burden sends a left-handed shot toward the goal.

Sherman Evans' soft touch places a layup on the goal's rim.

The fiery guard from UTA, David Payne, provokes a hesitant player from ACC.

SWIMMING

Russell Powers Rebs To Fine 11-2-1 Mark

With Olympic Gold Medal winner Doug Russell back after a year's lay-off, UT Arlington posted a record of eleven dual meet wins, two losses and one tie.

The two losses came from perennial Southwest Conference power SMU and defending NCAA champ, Indiana.

Four Rebels were named as All-Americans. Doug Russell, Steve Iverson, Warren Barry, and Randy Tucker received the coveted award this year.

At the end of the school year Coach Don Easterling resigned to accept a position at North Carolina State University. Doug Russell was named as his successor.

Swimming Coach Don Easterling is flanked by Rebel co-captains Doug Russell (left) and Al Pacheco (right).

A Rebel tanker (on the inside) smoothly strokes the water in an aquatic duel, taking the lead by a head.

Rebels Pin Losses On Kansas, Utah Tankers

Dual Meet Results (11-2-1)

John Brown U. (a) W 75-38	Brigham Young (a) T 52-52
Arkansas (a) W 75-38	New Mex. St. (a) W 90-9
Texas A&M (h) W 95-38	Utah (a) W 59-45
Kansas (h) W 68-45	Oklahoma (h) W-75-38
La. State (h) W 64-49	Indiana (h) L 27-86
E. New Mexico (a) W 66-45	SMU (h) L 50-63
New Mex. St. (a) W 91-10	John Brown (h) W 79-34

Coach Easterling, a perfectionist in an exacting sport, grimaces at a mistake.

Freshman Debbie Bennett, an Easterling protege, gracefully performs a dive. Debbie represented UTA in the women's NCAA diving championships.

The underwater camera catches a Rebel swimmer during a workout at the pool.

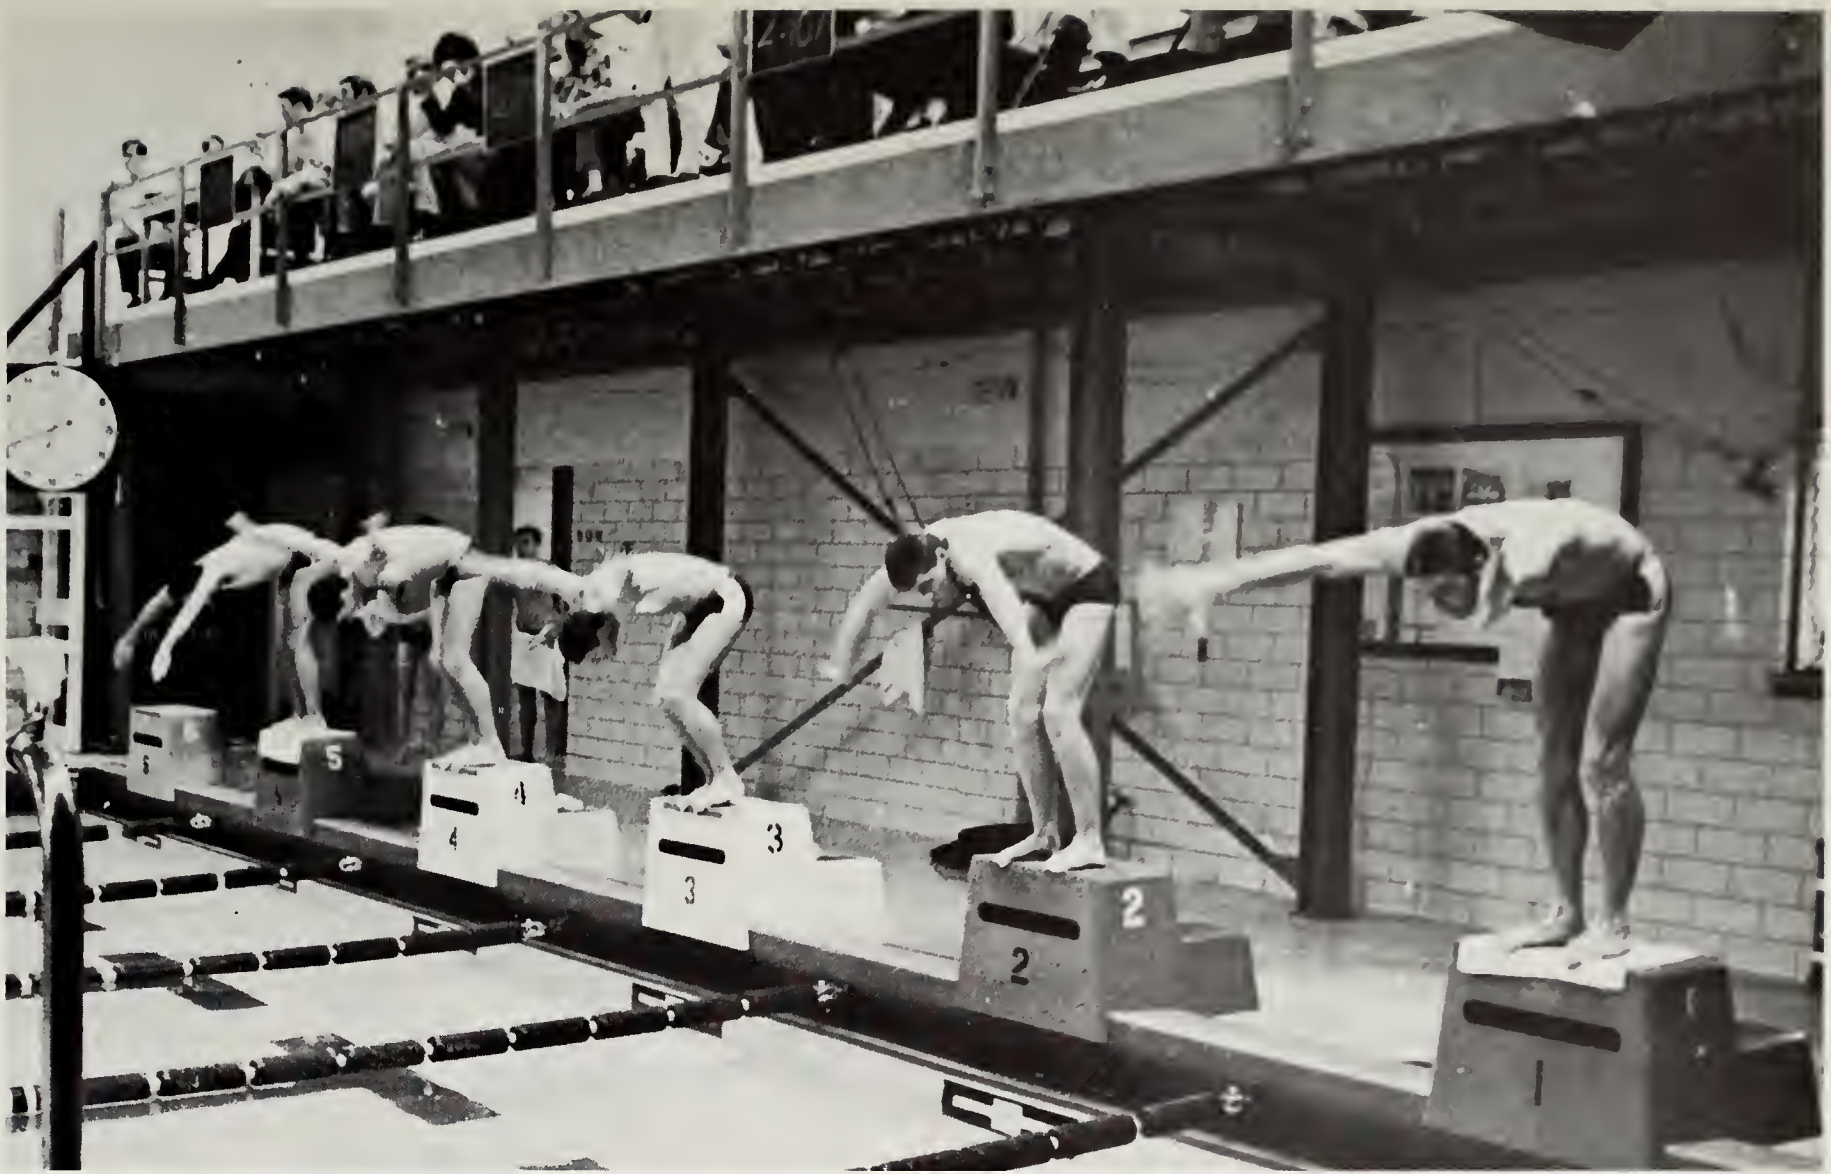

Olympian Doug Russell does what he does best, the butterfly. The versatile Russell clocked the team's best times in six different events.

Eight Rebels Earn Slots in NCAA Competition

Teammates render boisterous acclaim to a victorious Rebel swimmer, a scene repeated many times during the team's successful season.

Caught only milliseconds after the gun has sounded, meet swimmers head variously toward the water.

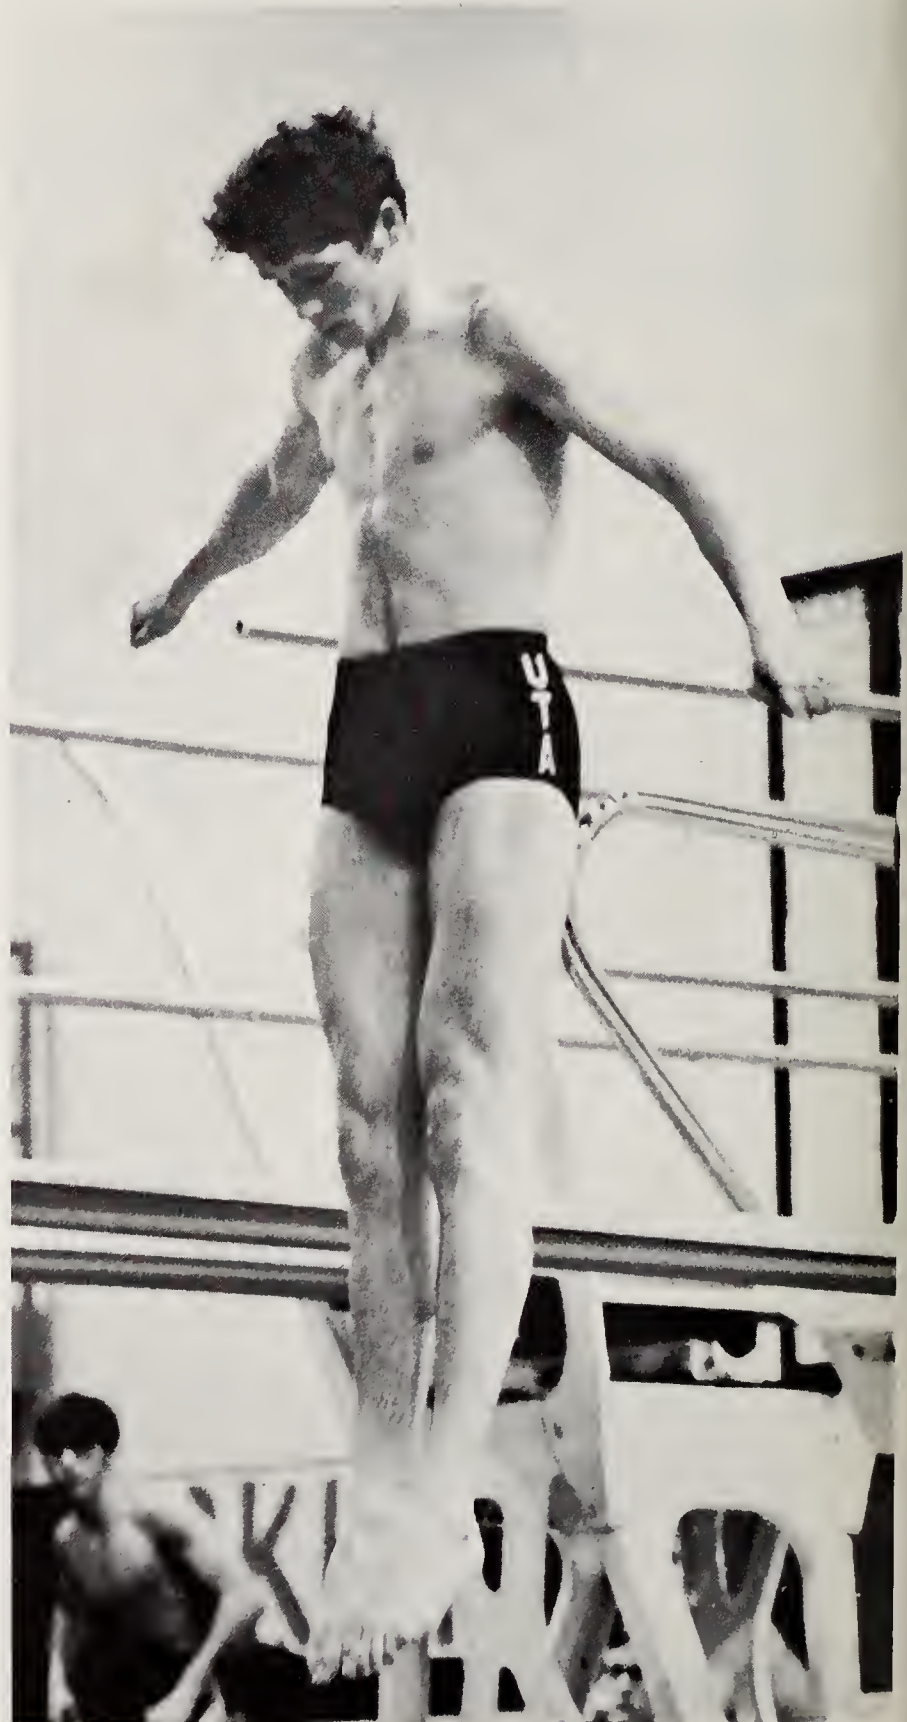

Either leading comfortably or losing badly in a race, a lone butterfly stroker sets his gaze on the finish line.

Rebs Win Hendrix Relays; Sweep 8 of 10 Events

The eight UTA swimmers who qualified for the NCAA swim meet are, clockwise from bottom left: Steve Iverson, Warren Barry, Randy Tucker, Craig Bennedict, Kyle Covington, Liam Ball, Bill Goudeket and Olympic champion Doug Russell.

Rebel diver Rick Winters limbers up with a bounce on the diving board in preparation for an important meet.

MINOR SPORTS

Baseball Team Records Improved 10-18 Mark

Coach Tom Beasley had his hands full in 1970, playing with a relatively inexperienced team in only its second year at UT Arlington, but managed to help it register a 10-18 season mark.

Poor batting coupled with sporadic pitching were the main faults; the team batted at a .217 clip while the pitching staff allowed a total of 220 hits in 28 games.

However, two Rebels were named to the all-Southland Conference team, outfielder Joe Marsa and catcher Gene Merrell.

Asst. coach Sam West and team mentor Tom Beasley survey the scene.

All-conference outfielder Joe Massa, the second leading batter on the Rebel squad with a .260 batting average, squares off for a game bunt.

Steve Mitchell connects on an inside pitch in early-season game at Turnpike Stadium.

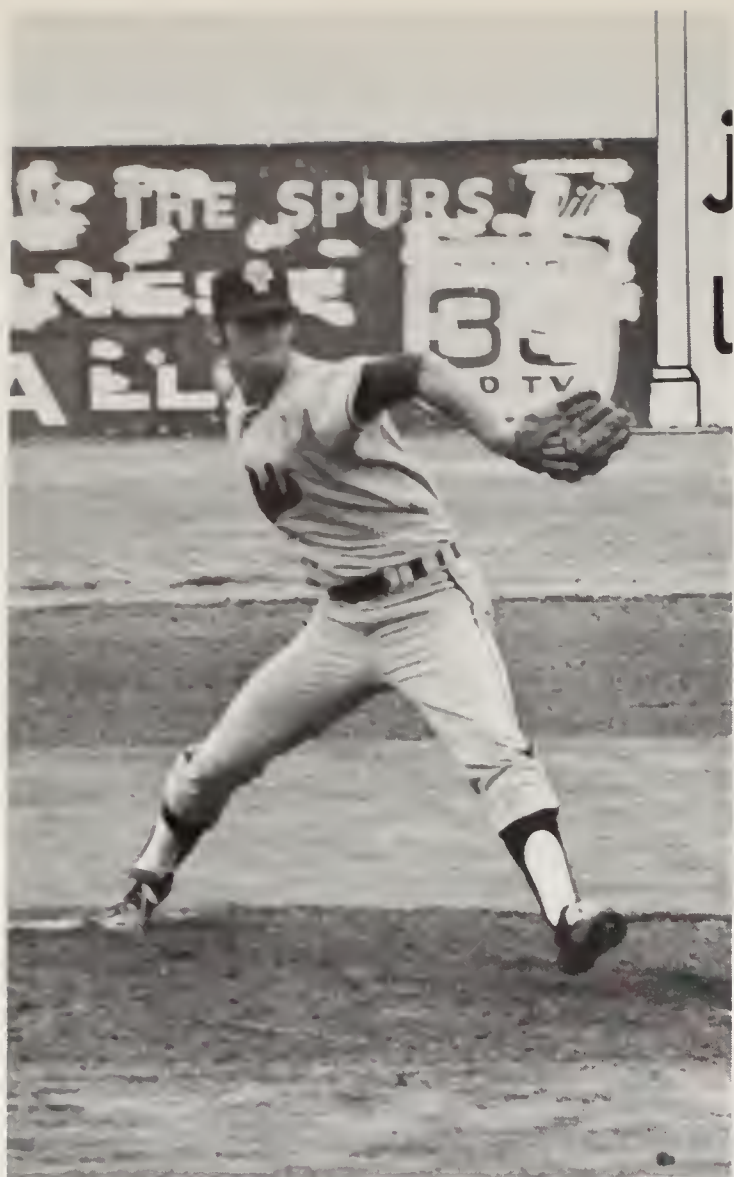

A Rebel runner hurries to home plate as the catcher reaches for the throw.

Massa, Merrell Earn All-League Plaudits

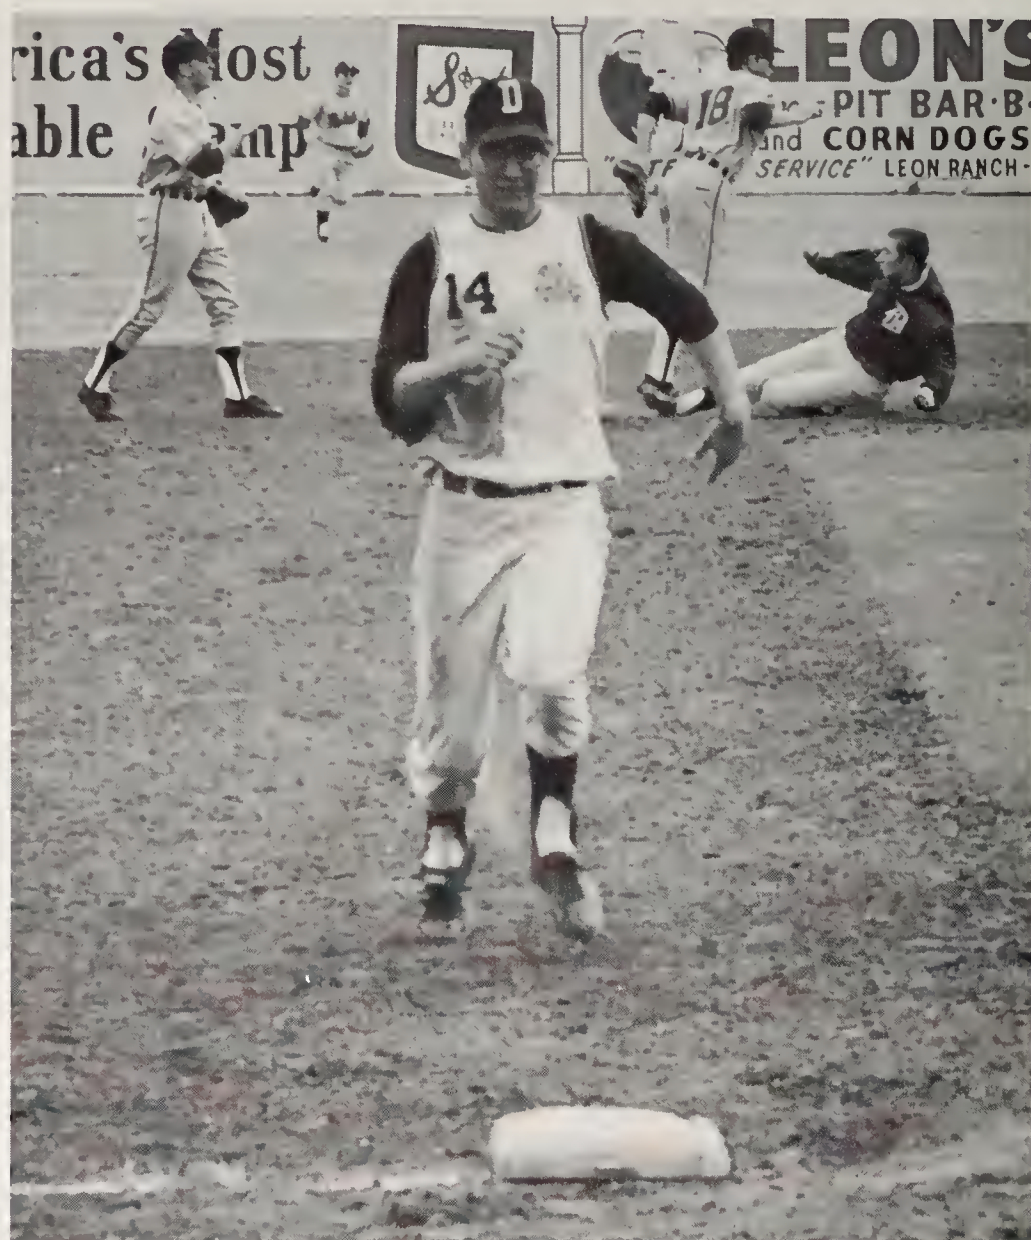

1970 Rebel Baseball Season

West Texas State	L 0-2	Ab. Christian	L 8-9
West Texas State	L 1-3	TCU	L 2-7
U. of Dallas	W 11-2	SE Oklahoma	L 3-6
SMU	W 8-1	Trinity	L 4-5
SMU	W 6-4	Trinity	L 1-7
Texas Wesleyan	W 5-2	Trinity	W 1-0
SE Oklahoma	L 1-3	Hardin-Simmons	W 6-5
SE Oklahoma	L 1-4	Lamar Tech	W 10-4
Centenary	L 3-5	Lamar Tech	L 4-7
Hardin-Simmons	L 7-8	Lamar Tech	L 0-5
Hardin-Simmons	W 4-3	Arkansas State	L 6-11
TCU	W 8-7	Arkansas State	L 0-1
Ab. Christian	W 12-7	Arkansas State	L 1-3
Ab. Christian	L 8-9		

Rebels Knock Off TCU 8-7

Hurler Jimmy Stewart draws back to deliver a pitch.

A University of Dallas runner is unaware of the fact that a Reb double play has just ended the inning.

Will he make it? A West Texas runner dives for first base as the ball hovers beside his head; he did reach base.

An opposing pitcher tries a pick-off play on Rebel base runner Joe Massa, whose ten base thefts were tops for UTA; opponents heisted 63 bases.

Rebs Suffer From Poor Hitting Mark

Baseball is a waiting game, learns a Rebel batter awaiting a shoulder-high pitch.

Ronnie Green races to beat an infield toss.

Reb Thinclads Race To Successful Year

Coach Bobby Layne's thinclads registered one of their best seasons in 1970, winning one meet, finishing second in four, third in two and ending in fourth place in the conference meet with an all-time high of 51½ points.

DeeWayne Gray set all-school standards in the triple jump (45-7¾) and the long jump (24-0½), the latter also a Southland Conference record.

Versatile Al Kraft led the team in total points, gaining 84¾ from finishes in the high jump (in which he tied the school record of 6-7) and the javelin throw, setting a school record in that event of 223-6½.

UTA SCHOOL TRACK RECORDS BROKEN IN 1970

Eddie Anderson, 54-1 in shot

Al Kraft, 223-6½ in javelin

DeeWayne Gray, 24-0¼ in long jump

DeeWayne Gray, 45-7¾ in triple jump

UTA SCHOOL TRACK RECORDS TIED IN 1970

Al Kraft, 6-7 in high jump

Reb Coach Bobby Lane poses with track co-captains Al Kraft and Eddie Anderson.

Hurdler Lance Adams successfully defends his conference title in 440 yd. intermediate hurdles.

Typically bad weather blighted the annual Arlington Relays held at the UTA track, creating a muddy scene like this one in which dash man Jimmy Ivy sloshes toward the tape. UTA placed fifth in the meet.

Gray's Leap Sets Southland Conference Long Jump Mark

Weightmen Larry Black, Don Morrison and Eddie Anderson placed consistently.

Leaper DeeWayne Gray set two school marks in 1970.

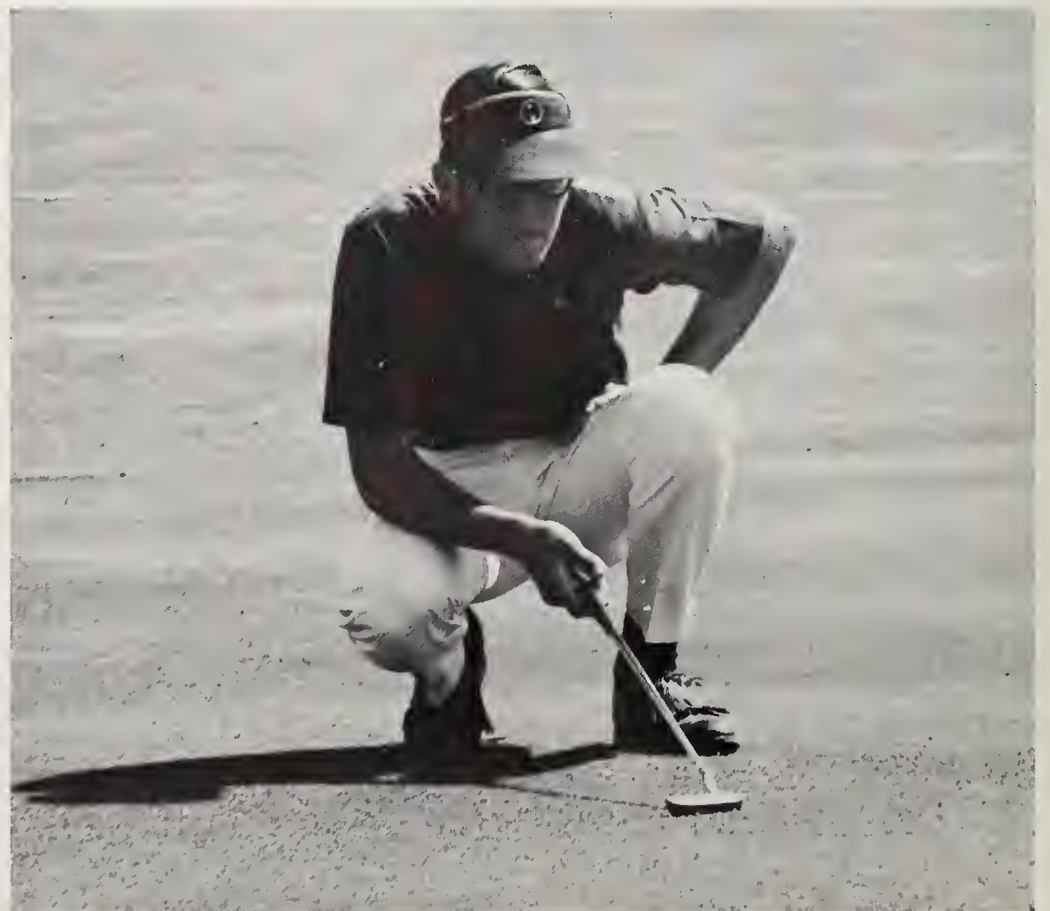

1970 University of Texas at Arlington golf team: (front row from left) Mark Young, Mike Nadner, Richard Parker and Steve Kimball. (Back row from left) Tommy Williams, Coach Tom Tinker, Garry Wolff, and Steve Hendon. The Rebels registered a 2-4 record in duel matches in 1970.

Rebs No. 2 at SLC

The UT Arlington golf team, led by Garry Wolff's strong play, notched a 2-4 duel meet record and finished second in the Southland Conference meet.

Wolff became the first UT Arlington golfer ever chosen to play in the NCAA tournament.

Top Rebel golfer Garry Wolff lines up a putt. He was invited to the NCAA tourney.

Wolff Gets NCAA Invite

Eying the fairway, a Reb golfer concentrates prior to teeing off.

Match Results

Abilene Christian	W 15½-1½
East Texas State	L 4-12
Bemidji (Minn.) State	W 12- 7
SMU	L 6-15
North Texas State	L 3-15
Texas Wesleyan	L 8-10
Texas Wesleyan	L 5-13
East Texas State	L 3-12

Tommy Williams grimaces as a putt strays from its intended pathway.

Tournament Results

- 7th in Southwestern Rec at Fort Worth with 626 team total for 36 holes
- Third in S.F. Austin Invitational at Nacogdoches with 749 total for 45 holes
- Ninth in Abilene Intercollegiate with 1,191 team total for 72 holes
- Second in Southland Conference tournament at Abilene with 1,230 total for 72 holes

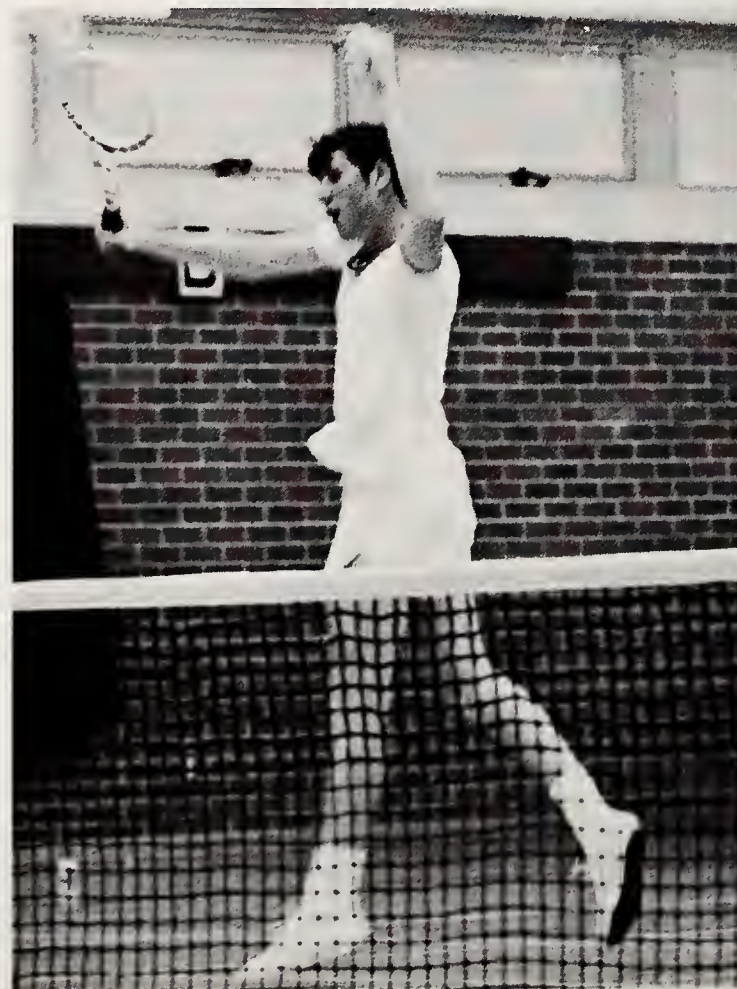

1970 University of Texas at Arlington tennis team: (front row from left) David Fee, Craig Williams and Mike Terlesky. (Back row from left) Allen Brock, Robert Trice, Brett Malott, Stan Hemmeline and Coach Bill Roark. Malott was the top seed for the Rebels.

Rebels Win Just One Match in '70 Season

Lacking in outstanding personnel and choked by an almost non-existent budget, the UT Arlington tennis team struggled through a disastrous 1-17-2 dual notch record in 1970, the worst showing in recent years.

Individual statistics weren't much better:

Singles	Won	Lost
Allen Brock	4	13
Brett Malott	5	17
David Fee	4	18
Craig Williams	1	20
Stan Hemmeline	0	3
Mike Terlesky	0	9

Indoor practice sessions often result from inclement weather.

Harold Darling breaks away with the ball, wing Ron Kent running on his left.

UTA Soccer Players Meet Hard Schedule

Playing for the second year in the Texas Collegiate Soccer League which includes UT Austin, University of Houston, Texas A&M, Trinity, TCU, Texas Tech, Rice, St. Mary's University and Schreiner Institute, the UT Arlington men performed respectably, playing essentially a native-born team against mostly-foreign teams. Rodney Acker captained the team.

Halfback Konrad Darling eyes the ball as it is headed away by a UT Austin forward. Lack of depth and experience handicapped the Reb booters.

CARLISLE FOOTBALL PLAYERS

INTRAMURAL SPORTS

Intramural Program

Attracts Many Players

The Intramural Department, with its free-play program and organized league competition, once again provided an outlet for athletic activity for thousands of students and faculty.

More than 18,000 people availed themselves of the department facilities in 1970, which were offered for use six days a week.

Thirteen men were honored with intramural letters this year. Intramural Athlete of the Year was Fred Bollinger. Also lettering were Alan Lambert, Stanley Poyner, Jim Gunter, James Guay, DeWitt Easterling, Marvin Scott, Rodney Acker, Steve Kirchem, Mike Cole, Gary Eastwood, Mike Thweat and Dennis Doris.

A novice attempts a field-goal in one of the intramural department's individual activities.

Intramural football, one of the most popular if not most spirited sports offered, provokes considerable effort like this from competitors.

Soccer, an intramural sport which was first introduced three years ago, has become a popular annual activity which attracts many young men to try their hand at this first cousin to American football. Some of the action of a game between Kappa Sigma and Delta Upsilon includes a drop-ball (left), a foot race (center) and a tackle (right). This year a marked improvement in the player's skill was evident, indicating that the sport is catching on with many athletes.

Delta Tau Delta Wins Basketball Title

Phi Delta Theta volleyball players anticipate a spike by a member of the opposing team during the championship playoff game.

Football Remains Most Popular Intramural Sport

A pursuing defense confronts a running attempt by another intramural team. Games often feature spirited competition between keyed-up teams.

Quarterback Bill McClinton barely gets the pass away in the face of a strong rush thrown by a towering defender.

A girls' softball game can be hazardous, as this scene suggests.

Rusty Vaden of Phi Delta Theta makes a play during a volleyball game. The Phi Delts won the school championship.

Phi Delts Win Volleyball

A hard pass rush by Kappa Sigma's Ronnie Walton fails to stop Delta Tau Delta's Jimmy Beggs from getting his pass away. The Delts won.

Regents Guide UT System Through Academic Year

UT Arlington is under the University of Texas System which has one Board of Regents. These men approve and authorize the major policies of the UT universities which include the approval of degrees to be granted by the schools, the buying of land, the authorization of new projects, and the appropriation of money to areas of development.

This year has seen many new programs established by the Regents, the major one being a new calendar for the fall at Arlington. Under the new calendar, classes start in August and run to December, start again in January and run to early May. Many other universities have this "common" calendar, and it is anticipated to be successful here due to the many students who have jobs over the Christmas holiday break.

Chairman
Frank C. Erwin, Jr.

Vice-Chairman
Jack D. Josey

W. H. Bauer
Regent

Jenkins Garrett
Regent

Frank N. Ikard
Regent

Joe Kilgore
Regent

John Peace
Regent

Dan C. Williams
Regent

E. T. Ximenea
Regent

Also among the Regents' affairs this year was the authorization to establish a social work teaching laboratory at Arlington called the Arlington Institute. It is a project that is unique in this part of Texas and has stimulated interest in social work and its applications in this area. The Institute is a graduate school which originally opened in 1968, but until this year had no buildings of its own. They received the Ousley Junior High School (renamed Cooper Center) as their classroom and research complex. Dr. Fernando G. Torgerson is the head of the Graduate School of Social Work. He was appointed three years ago, with the job of getting the project started.

Dr. Frank Harrison
President of UT Arlington

Regents Elect Frank Harrison UT Arlington Head

After serving as acting President of UT Arlington for nine months, Dr. Frank Harrison took office as official head of the University on July 1, 1969.

At that time, Dr. Harry Ransom said that Dr. Harrison brings with him a keen understanding of the needs of the area the University serves.

Dr. Harrison also brings terminal degrees in chemistry and neurology and several years experience as Associate Dean of Graduate Studies at UT Arlington with him to the presidency of the school.

In addition, Dr. Harrison has designed and directed a Medical Electron Lab at the University of Tennessee, and has organized one at UT Southwest Medical School.

During his service as Associate Dean, UT Arlington increased from a university of six graduate degrees to one of 16 masters degrees and a doctorate in Engineering.

Directly responsible to Dr. Harrison are the Vice-Presidents, Dean of Student Life, Dean of Student Administration, Director of Athletics, Development Officer, and Director of Information and Publicity.

Dr. Harrison stops to consult with his personal secretary, Mrs. Maxine Deering.

Robert Price
Vice-President for Business Affairs

Affairs Supervised By Vice-Presidents

Directly assisting Dr. Frank Harrison are Dr. W. H. Nedderman, Vice-President for Academic Affairs, and Robert B. Price, Vice-President for Business Affairs.

Dr. Nedderman works with the Dean of each of the respective schools and the University Librarian.

He also supervises the Director of the School of Social Work, the Director of Continuing Education, and the Director of the Institute of Urban Studies.

Mr. Price oversees the Budget and Reports Officer, the Director of Procedure and Internal Audit, the Business Manager, the Director of Personnel, the Director of the Physical Plant, the Director of Student Health Service, the Chief of Traffic and Security, and the Director of Housing and Student Center Facilities.

Dr. Wendell H. Nedderman
Vice-President of Academic Affairs

Publications Officials Keep Public Informed

Richard Yantis
Editor of Official Publications

Ken Roselle
Information Writer

Ken Whitt
Information and Publications Director

Working together to supply UT Arlington with official publicity are Ken Whitt, Information and Publications Director; Richard Yantis, Editor of Official Publications; and Ken Roselle, information writer.

Whitt, a graduate of East Texas State University, supplies the mass media with news releases and official publications of the university and its continuing progress.

Thousands of UT Arlington pamphlets, class schedules, and catalogs, including their composition and distribution, come under the direction of Yantis, a graduate of the University of Texas at Austin.

New to the Department of Information staff this year is Roselle, a former *Reveille* Editor and photographer. He assists as an information writer and photographer and helps produce catalogs and bulletins. Roselle has also been honored in *Who's Who in American Colleges and Universities*.

Kent Gardner
Assistant Dean of Student Life

Fred C. Reagan
Assistant Dean of Student Life

Deans Regulate UT Arlington Student Life

Supervising and counseling students in non-academic areas of student activities fall under the responsibilities of the Deans of Student Life.

Assistant Dean of Student Life Kent Gardner co-ordinates policies and decisions of student housing, and serves as advisor of Inter-Fraternity Council and Inter-Dorm Council.

Also sponsoring the Inter-Dorm Council is Associate Dean of Student Life Ruth Crary, who serves as Panhellenic sponsor and as foreign student advisor.

In addition to serving as discipline co-ordinator between students and faculty, Associate Dean of Student Life Fred Reagan is in charge of financial and parking liaisons.

Ruth M. Crary
Associate Dean of Student Life

Heading the responsibilities of the student life department is Dean Charles McDowell, who supervises the Director of Placement and Financial Aids, Editor of Student Publications, Director of Women's Residence, Director Student Activities, and the Student Counseling Dormitory Supervisory.

New to the Student Life Department this year, Associate Dean of Student Life Reby Cary regulates special projects, especially those involving the university's black students. He is sponsor of the new Alpha Phi Alpha fraternity.

Responsible for all student publications from the administration's point of view, Student Publications Editor Ernest Leister gives special attention to the *Reveille*, the *Short-horn*, and the *Arlington Review*, as well as student publications such as those produced by the Student Activities Board.

Charles T. McDowell
Dean of Student Life

Ernest Leister
Editor of Student Publications

Reby Cary
Associate Dean of Student Life

Directors Handle Business Affairs of School

From the time a high school student first takes his SAT test, many university officials are guiding his way through school.

Director of Testing and Counseling William Karraker helps get the student started on his road to a higher education.

Then Frank M. Gault, Student Counselor, and Frank Yates, Director of Placement and Student Financial Aid, come into action as they assist in maintaining the student on his road to a degree.

Helping to keep student and university affairs in line are A. L. Von Rosenberg, Business Manager Marion Jacobs, Director of Financial Affairs; Carroll Sheffield, Assistant Business Manager; and Louise Crider, Bursar for the university.

Residence supervision is provided by Housing Director Pat Fowler. He is assisted by Don Beckner and Fred Hunstable who oversee the Residence Halls, including Brazos House, Pacht Hall, and Trinity House for men and Lipscomb for women.

Mrs. Louise Crider
Bursar

A. L. Von Rosenberg
Business Manager

Frank Yates
Director of Placement
and Student Financial Aid

Marion Jacobs
Placement and Associate
Director of Financial Affairs

Dr. William Karraker
Director of Testing and Counseling

Frank Gault
Student Counselor

Carroll Sheffield
Assistant Business Manager

Fred Hunstable, Pat Fowler, Don Beckner
Housing Directors

Rufus Taylor
Security Chief

Weldon Brewster
Dean of Student Administration

Numerous Personnel Necessary To Keep University Functioning

Maintaining the campus and its activities falls into the responsibilities of several university personnel.

Overseeing traffic violations and the "law and order" of the campus is Rufus Taylor, Chief of Traffic and Security services.

Weldon Brewster, Dean of Student Administration, handles changes in majors, student attendance, withdrawals, and problems in academic status.

In charge of the up keep of all grounds and buildings is Everett E. Strahan, who also oversees campus construction.

Sports releases and athletic brochures are handled by William "Dub" Brown.

Mary Swisher serves as Associate Librarian, and Student Activities Director Carolyn Waddell supervises the registration of student social events and programming.

Everett Strahan
Director of Physical Plant

William Brown
Director of Sports Information

Mary Swisher
Associate Librarian

Mrs. Carolyn Waddell
Student Activities Director

Health Center Physicians Render Medical Aid

At the Student Health Center, Drs. Galen Steeg, Frank Wallace, and Jimmy Dearing give necessary treatments to all regularly enrolled students. At the same time, Nursing Supervisor Juanita Turner is ever ready to assist when students require medical aid.

Included are laboratory tests, x-ray studies, immunizations, physical therapy, care of injuries, and continuation of treatment prescribed by the student's home physician.

The Health Center can also provide brief hospitalization and flu shots for students.

Mrs. Juanita Turner
Nursing Services Supervisor

Dr. Jimmy P. Dearing
Physician

Dr. Frank Wallace
Physician

Dr. Galen Steeg
Physician

Registrars Offer Aid to Enrolling Students

In order to obtain admission into UT Arlington, prospective students must deal with Elwood J. Preiss, Registrar and Director of Admissions, and R. Zach Prince, Assistant Director of Admissions.

The office of the Registrar also handles transfers, class schedules, changes of address, grade reports, and information concerning degrees.

Handling University personnel affairs are Director of Personnel Russell L. Bayne, Jr. and Personnel Representative Cyril Washer.

Keeping records of all campus employees is the responsibility of the Personnel Office.

R. Zack Prince
Assistant Director of Admissions

Paul Strong, Kenneth Thomas, Darwin Stevenson
Assistant Registrars

Elwood Preiss
Registrar and Director of Admissions

Cyril Washer
Personnel Representative

Russ Bayne Jr.
Director of Personnel

Personnel Work for Students' Welfare

Norman Weaver
Data Processing Manager

Within the Student Center Building, a world of many phases takes shape, and close management of each individual part is always required.

Larry D. Minor, Retail Store Manager, secures supplies for the exchange store and oversees the efficiency of the service.

Maintaining the quality of the campus food is the responsibility of Food Service Director Mrs. Hazel Smith.

Mrs. Smith is also in charge of planning and preparing menus of food for 2,000-3,000 students per day as well as buying that amount of food.

Data Processing Director is Norman Weaver, who supervises programming systems and operations for data processing. He also takes charge of student records of accounting.

Mrs. Hazel Smith
Food Service Director

Larry Minor
Retail Store Manager

FIRST FACULTY OF CMA, 1902

FACULTY

The School of Business Administration

The School of Business Administration was established in 1965 when it was elevated from a Division of Business and Economics in the School of Arts and Sciences. There are three major degree programs. The first is the Bachelor of Business Administration degree, with a subject area concentration option in Finance, Management, Marketing or Economics. There is also a quantitative option available. The BBA (Accounting) degree provides a maximum 24-semester hour concentration in accounting. The BA (Economics) is the traditional liberal arts degree, oriented toward careers in teaching and research, government, or business and industry.

There are two pre-law programs, one in business and one in economics. These are both three-year programs, and the student transfers to a school of law for his fourth year. When the first year at an accredited school of law is completed, the BBA or BA (Economics) is awarded.

The School of Business Administration was the first to undertake a complete Honors Program to challenge its superior students. It also offers graduate programs to those students who wish to continue their education beyond college.

Mr. William W. Lucas explains a marketing problem concerning city locations with a map.

Accounting and Business Focus on Principles

Dr. Curtis C. Graham,
Head of the Department
of accounting
Kenneth L. Jones

Dr. Allan H. Savage
J. D. Bryant,
Assistant Dean of
Business Administration

Donald W. Cantwell

Dr. Hiram M. Helm, Jr.

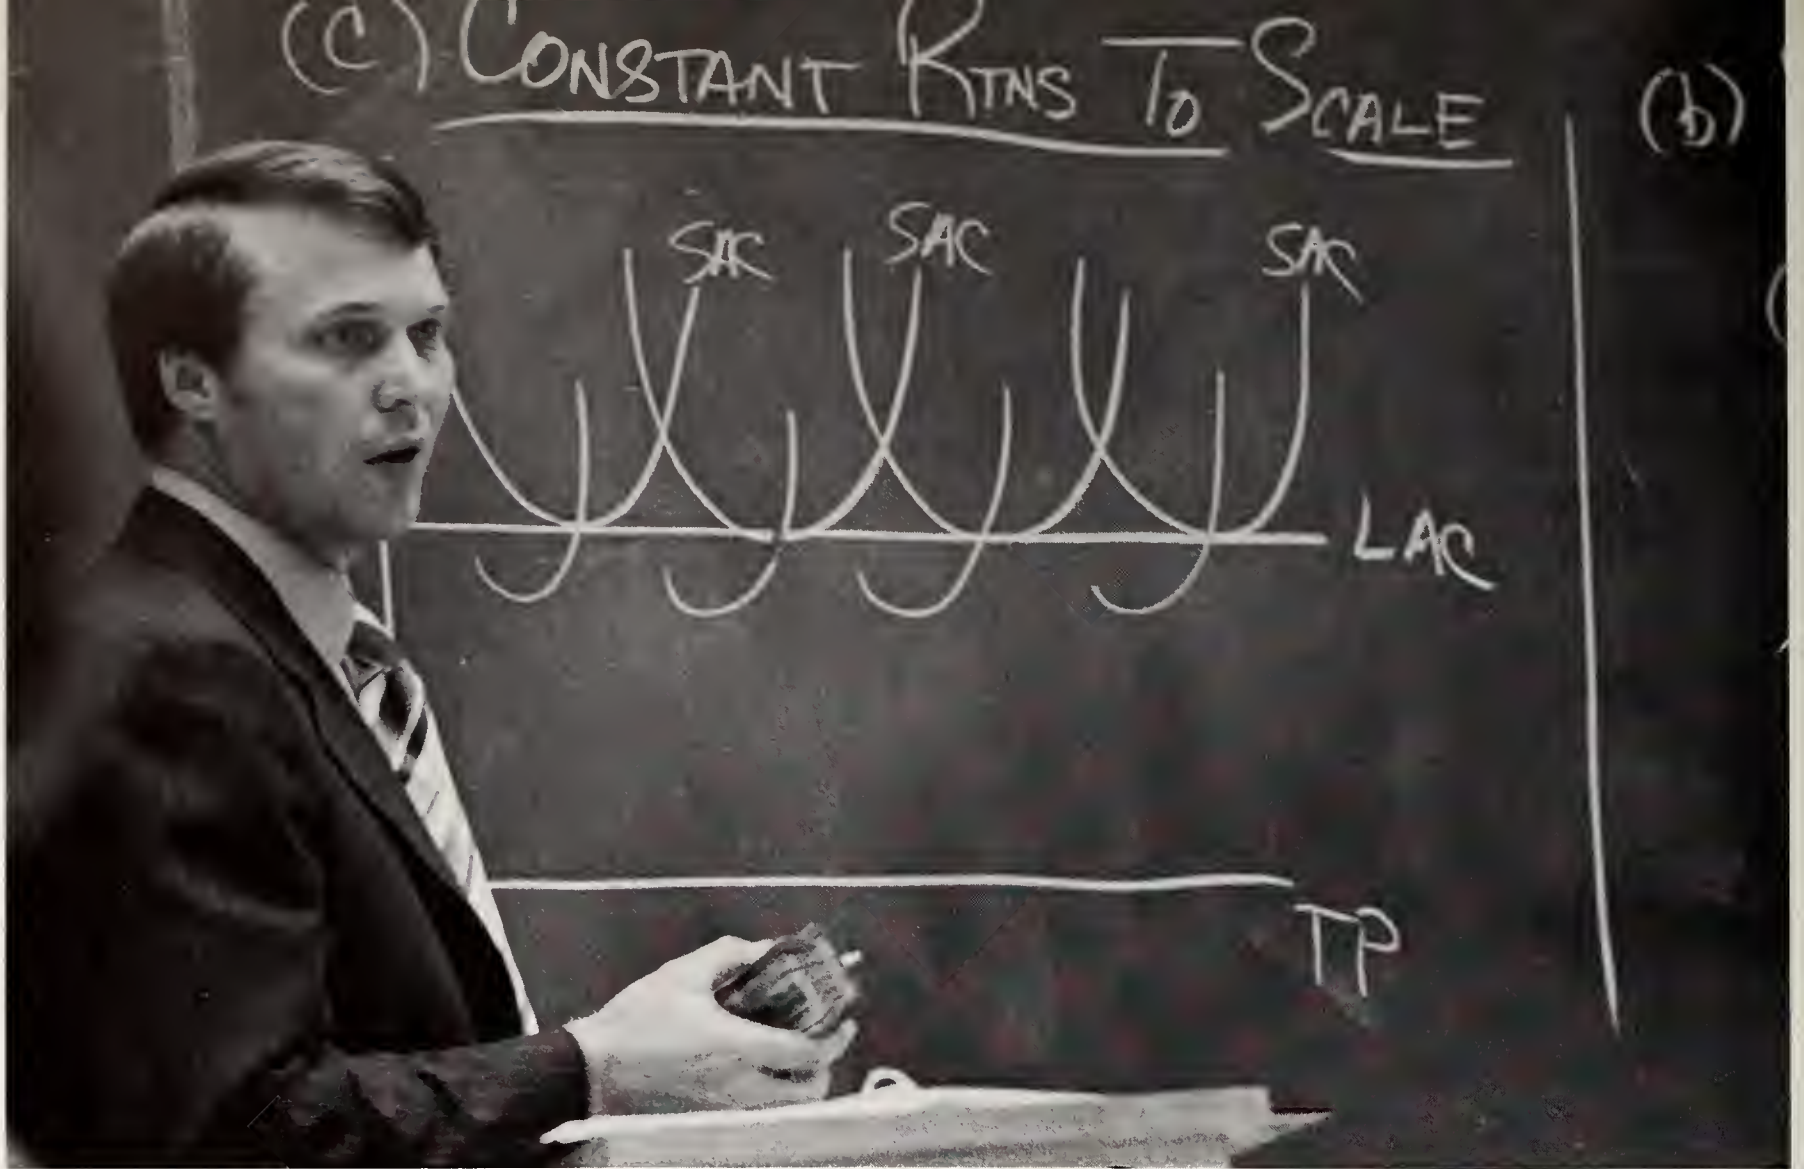

Dr. Donald Williams

The Departments of Accounting and Business Administration explore the world of technical business procedures. Accounting instructs its students in the methods of keeping books, computer techniques and federal income tax procedures. Business Administration handles business, finance, management and marketing courses. The departments strive to prepare the individual with the laws, statistics, computer language and policies of general business today. In finance, investments, securities and financial management are taught to develop the overall business management scheme which is interrelated with marketing and management. Management explains the best procedures for the organization of a company's manpower and materials to promote the best results. In marketing, emphasis is placed on the techniques of selling, promotion and research.

J. D. Bryant returns test papers and explains common errors for the class.

Economic structure is developed and explained by numerous charts and graphs in the lecture classes of the departmental faculty.

Economics Classes Investigate Fiscal Policies

The Department of Economics teaches the principles of national wealth and its uses—economy. Instructors strive to involve the student with the entire scheme of economy. On local, national, private and public levels, the professors attempt to acquaint the student with the correct practices and normal trends of accumulation. Old methods, past history and new ideas are explored as economists explain and lecture to their students on fiscal policies, money and banking.

Paul Bartlett, Jr.

Dr. John McCall

Dr. Joan McCrea

Dr. Asit Sarkar

Dr. Lawrence F. Ziegler

The School of Engineering

The School of Engineering was organized in 1959 when The University of Texas at Arlington (then Arlington State College) was advanced to senior college status. Programs leading to the bachelor of science degree are offered in aerospace, civil, electrical, industrial and mechanical engineering. All bachelor's degrees in engineering are accredited by the Engineers' Council for Professional Development. A two-year program is available for pre-engineering degrees in chemical, petroleum and geological engineering. The Dean of Engineering also has administrative responsibility for the Technical Institute Division which offers two-year terminal engineering technology programs.

There are graduate programs offered at UT Arlington in civil, electrical, industrial and mechanical engineering. There is also a graduate degree in engineering mechanics. The School of Engineering offers the interested student a chance to further his education as far as he may like.

Radio and TV laboratories are under the direction of the School of Engineering.

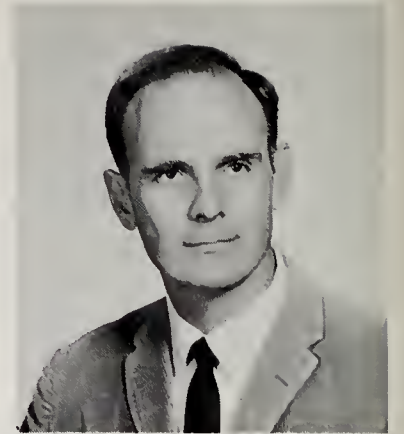

Department Offers In Depth Specialization

The Department of Aerospace and Mechanical Engineering, which is accredited under the Engineers' Council, offers a variety of courses in the two fields.

The various technical aspects of air flight, such as structures, propulsion, stability and controls, are explained in aerospace engineering courses. While a basic background is demanded in engineering, specialized courses are equally required. The department was recently approved by the Board of Regents to offer a master's degree in the field of aerospace engineering.

Mechanical engineering, which is used in all fields, is concerned with the design and development of many products, manufacturing methods and power. Instruction in this field places emphasis upon machine design, thermodynamics, power and systems and their controls.

Dr. Jack Fairchild

G. E. Smith,
Assistant Dean of
Engineering
Dr. J. Stanovsky

Two aerospace students make use of the department's wind tunnel to study the effects of lift and drag on the airspeed of a plane.

Dr. James E. Caffey
Clifton W. Crenshaw
Grover C. Grubb

Albert S. King
Frank M. Smith, Jr.
Dr. Richard L. Tucker,
Associate Dean of
Engineering

Civil Engineering Encompasses Many Fields

The Department of Civil Engineering is concerned with the development of general engineers who are specialized in a particular field. Basic engineering is taught to form a foundation and then civil engineering is introduced. There are numerous forms of civil engineering, among them structural engineering, water supply and sanitation engineering, municipal engineering, hydraulic engineering, transportation and highway engineering, and soils and foundation engineering. Because of the wide variety of engineering fields under this department, the curriculum is broadly based to aid all of its students. Specialization is programmed for the senior year, allowing the student to declare his particular field.

Professors review the results of a soil-testing laboratory.

Electrical Engineering Field Offers Specialties

The Department of Electrical Engineering begins its curriculum with foundation courses in mathematics and science. When a firm basic knowledge is developed, core studies in electromagnetic fields and linear and non-linear analysis are taken. Through the selection of technical electives, students can specialize in certain fields of electrical engineering such as power systems, electronics, servomechanism and systems analysis. The major emphasis on electrical circuits is covered in lecture and in laboratory classes.

A field with interest for many students is electronics. The field is enlarging every day with the new electrical machines, computers and home appliances that are being used. The labs in the department, ever conscious of the increase, constantly change their techniques and approaches to the field. New circuit diagrams, lab problems and technical data are being prepared daily.

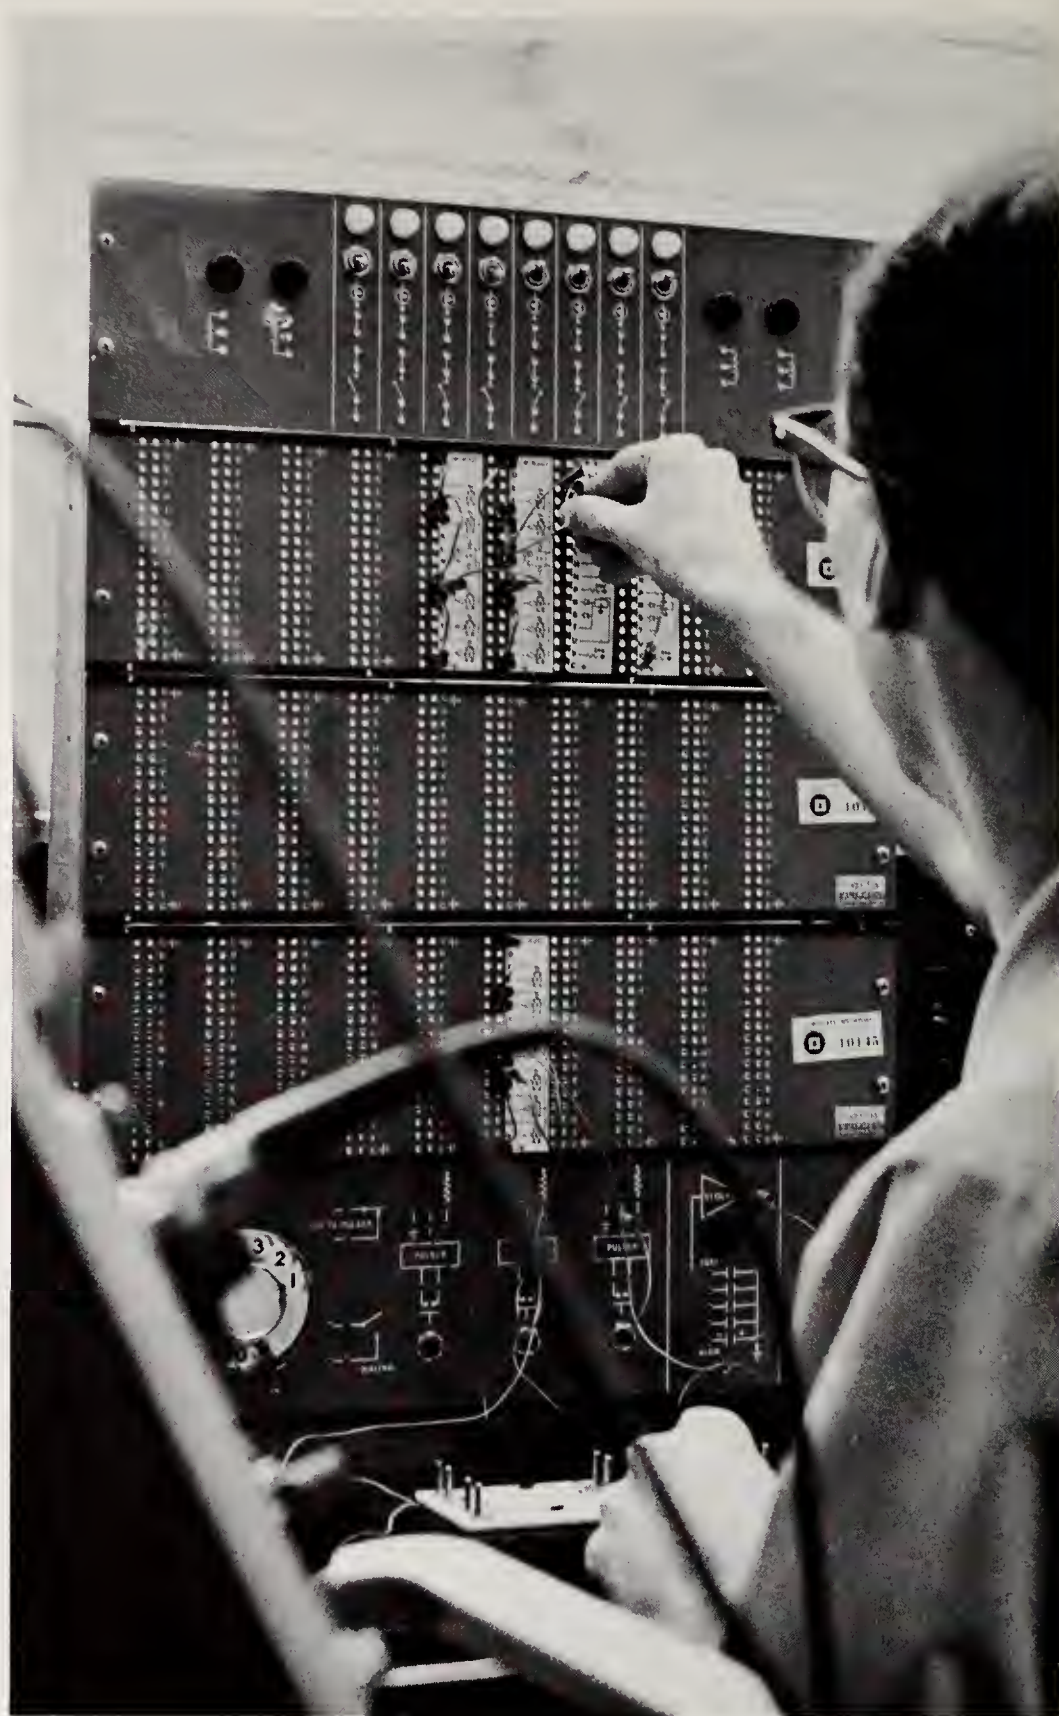

Dr. Jack Fitzer

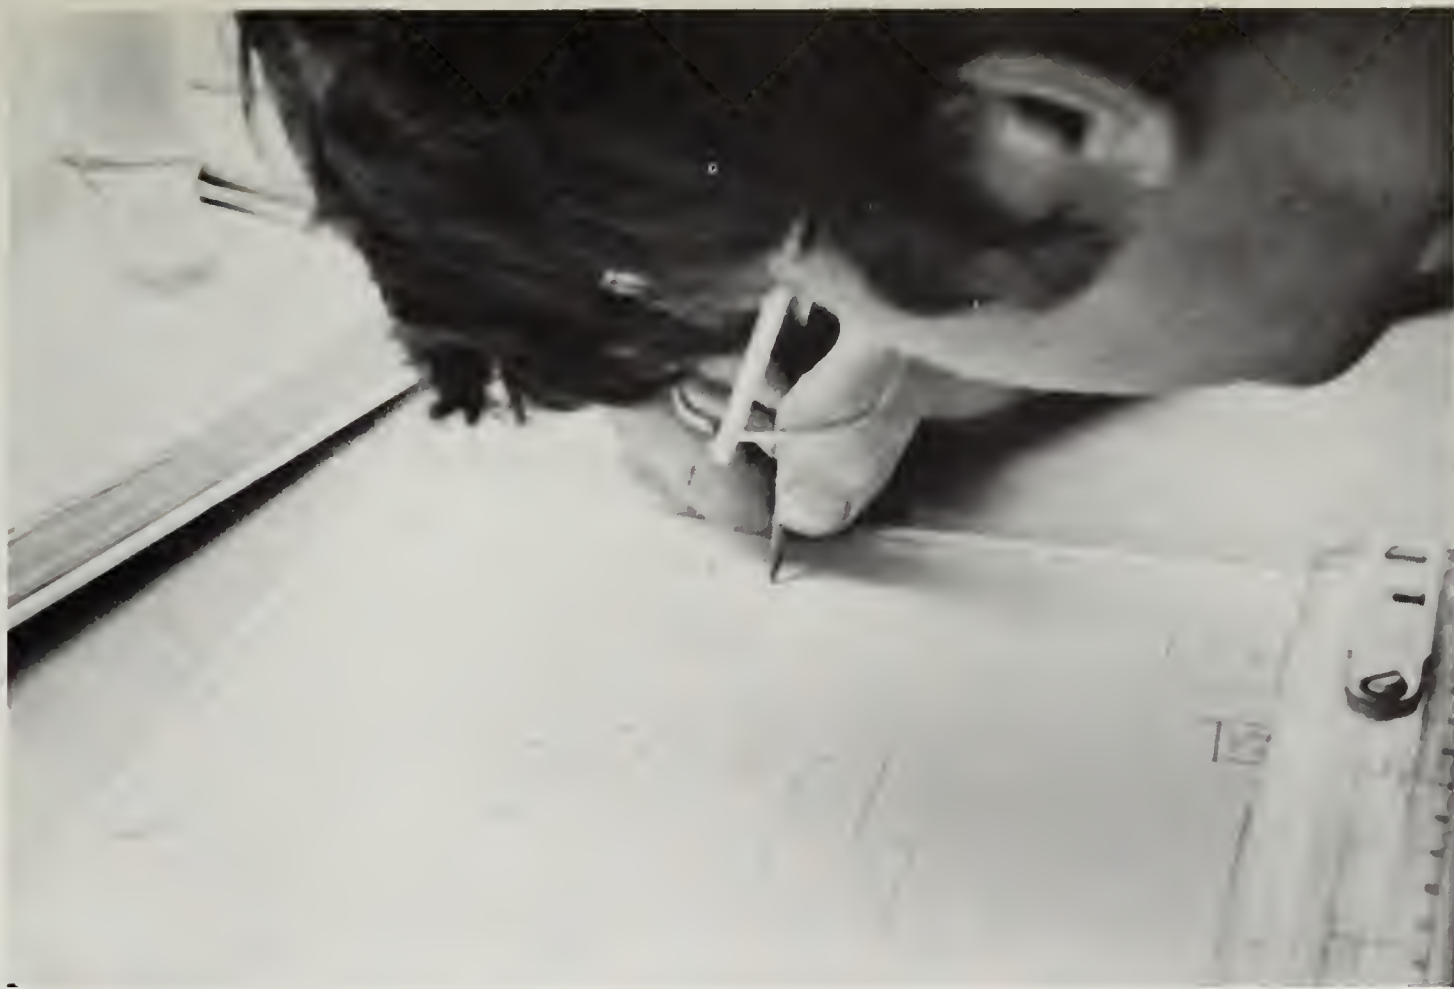

John M. Goodwin

Dr. John W. McConnell

An electrical engineering student checks equipment before running lab tests.

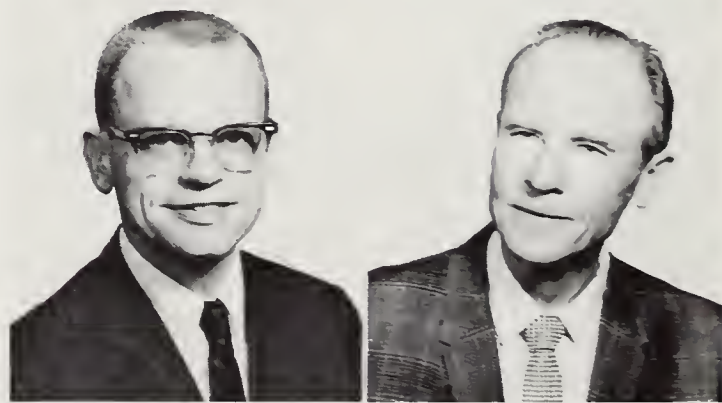

Diagramming mechanics problems absorbs one student's complete concentration.

Engineering Mechanics Utilize Physical Forces

The Department of Engineering Mechanics teaches fundamental service courses that are needed in many fields of engineering. In addition, the department teaches advanced courses in mechanics to those students who desire an increased knowledge. The curriculum is concerned with external forces acting upon physical bodies and the motions these forces cause. Also the distribution and strength of internal forces caused by the external forces is explored. Among courses offered are dynamics, vibration and statics.

Dr. Kent L. Lawrence

Dr. Nils Myklestad

Monitoring an oscilloscope screen plays a part in the lab work of some electrical engineering courses.

Department Emphasizes Analytical Problems

The Industrial Engineering Department designed its curriculum to place emphasis on analytical and engineering aspects of the profession. The curriculum is accredited by the Engineers' Council for Professional Development, as is the entire school. Building on a base of fundamental engineering courses with a strong mathematical core, the advanced courses in operation research, human factors, production measurement, computer science, systems design and control theory are intended to prepare the student to enter the professional activities of analyzing, designing, improving and controlling production systems.

Don R. Beer

Robert D. Dryden

Melvin Pierce

Kurt Sember

Industrial engineering students watch their professor as he diagrams and explains technical problems during an advanced drafting class.

Automation takes over when, all by itself, the computer analyzes and prints out data programs.

Computer Science Assists in Solving Problems

A student inserts his data cards into the card reader for printed results.

Computer Science is a section of the Industrial Engineering Department, under whom its courses are administered. The courses are designed to aid the student in solving his problems using computers and to provide the necessary courses for the student who wishes to enter the computing profession. There are 27 hours of computing classes offered for those who wish to receive a minor in the field of computer science. All of the courses are laboratory courses, and the student is allowed to run his own programs on two of the computers.

Quin Shepperd

Division Offers Two-Year Technical Programs

There are four technical divisions in the Technical Institute: aeronautical, civil, electrical and mechanical technology. Course content in each area is carefully selected to ensure that the student, upon graduation, will be able to be successfully employed in his major field. The curriculum is accredited under the Engineers' Council for Professional Development. The two-year programs are designed to qualify students for immediate employment in industry. Those successfully completing their courses receive an Associate in Science degree.

Industrial technology teaches students the how and why of its applications.

Edard L. Bost

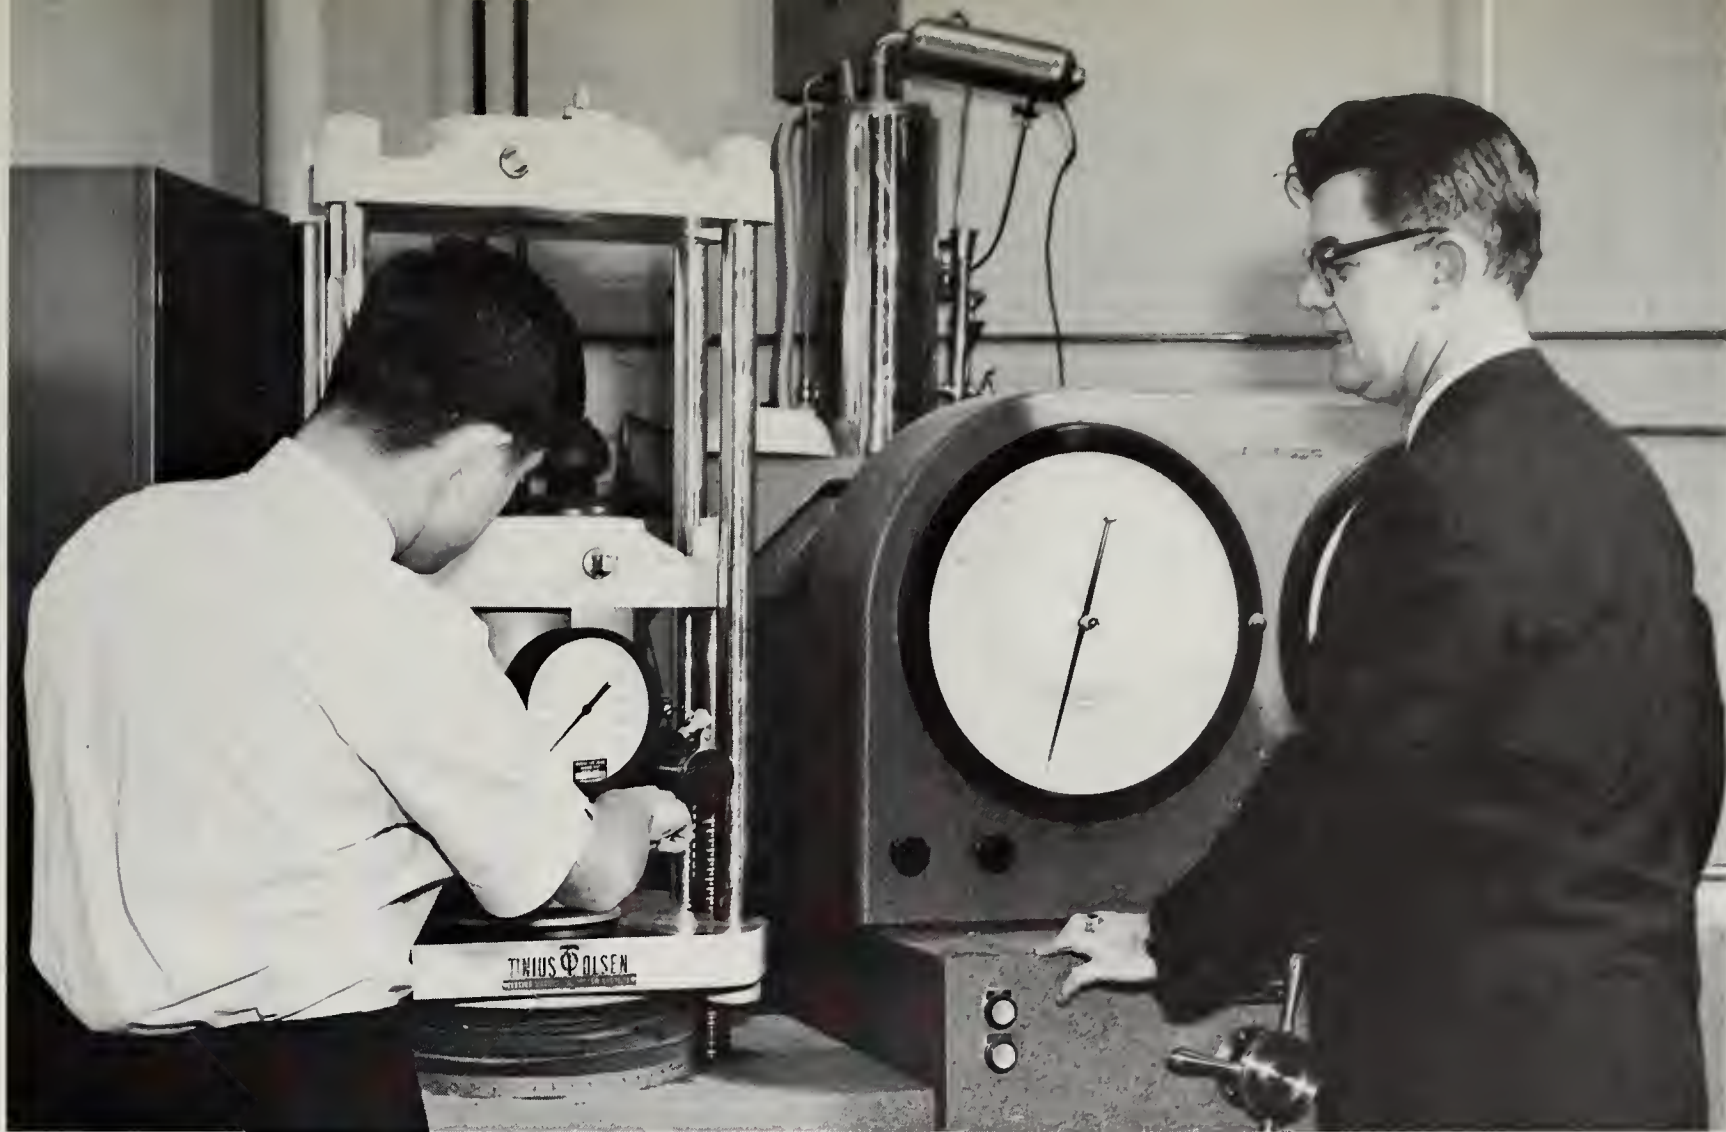

Curtise Clegg, Jr.

Edmond H. Ford,
Head of Technical
Institute Division

Running machinery is a task that technology students must master for a degree.

A student and his professor carefully run laboratory tests on machinery in aeronautical technology to check calculations.

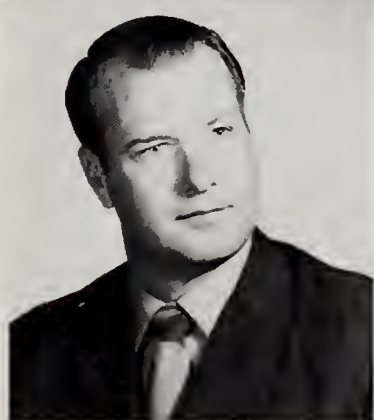

Division Prepares Professional Technologists

The Technical Institute Division designed its courses to prepare young men and women for employment in industry as technicians. Technicians are the link between the engineer and the production department. They are indispensable to industry and usually five to eight technicians are needed for every engineer employed. They do the jobs of working in designs, developing engineering plans, drafting, erecting and commissioning engineering equipment or structures, testing equipment, surveying, maintaining machinery and locating faults, and researching and developing products. The field demands experience and knowledge of a particular branch of engineering combined with the ability to work out the details of a job.

Sam West

The School of Liberal Arts

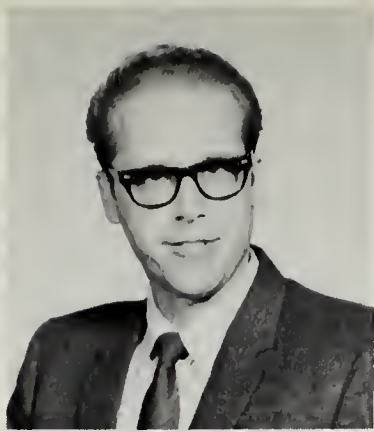

The School of Liberal Arts includes thirteen departments. Ten of these offer the bachelor's degree: architecture, art, English, foreign language, government, history and philosophy, music, psychology, sociology, and speech-drama. The English Department also offers a minor in journalism. The Psychology Department includes an education section offering courses leading to certification in specified areas for teaching in the secondary schools of Texas.

Liberal Arts degrees provide not only professional training, but a widening sense of the importance of such knowledge in life today.

Graduate degrees are offered in English, history, psychology, and social work, under a different school. The Liberal Arts program becomes larger each year as more graduate programs are added.

Art students, like all liberal arts students, are encouraged to use their creative talents as one young person does in this natural sculpture.

Intrfraternity Council sponsor Kent Gardner looks over the "Fraternity City," designed by architecture students and displayed in the engineering building.

Architectural Department Expands This Year

The Department of Architecture has expanded to a degree-granting department in the School of Liberal Arts. The department was started in 1948 as a division of the Civil Engineering Department with a two-year program which was part of a five-year program for a degree. In September of this year they offered a new four-year degree plan leading to the degree of Bachelor of Science. The third-year courses were introduced in the fall of 1969, while the fourth-year courses will be introduced in the fall of 1970.

A proposed fraternity house designed in the architecture class project is exhibited on the sixth floor of the library.

Beverley Wilson judges her perspective before completing a sketch.

Outlining plays a major part in this student's artistic design.

Art Department Develops Creative Talents

The Department of Art offers in its curriculum courses that allow a student to choose an area of concentration from the areas of advertising design, art education, fashion illustration, interior design, painting and sculpture. When degree requirements have been met, the student receives a Bachelor of Fine Arts degree. The department exhibits student work, and each art major must meet the requirement of having work accepted by a faculty jury for a qualifying exhibition in his junior or senior year. The option to receive a teacher's certificate is also available.

A young art student sketches the UT Arlington campus mall.

Education Department Trains Future Teachers

The Department of Education offers a program of instruction suitable to qualify its graduates, in selected majors, for certification to teach in the secondary schools of Texas. By electing the prescribed courses in education, the students may qualify for the secondary teaching certificate. In general, requirements can be met easily as courses can be taken as electives. 18 semester hours of junior-senior level education courses, including six semester credit hours in student teaching, are required. Students are approved individually for the program.

Dr. James D. Cleckler,
Program Supervisor

English Department Develops Literary Appreciation

The Department of English offers students a variety of composition, literature and classic studies. Over 165 credit hours of courses are taught under this department, one of the largest in the school. English, American, Greek, Roman and other literary backgrounds are taught to the students seeking knowledge in major, minor or elective courses. Writings of all periods and ages are presented in novels, poetry and other forms of prose. These are taught in order to present the entire media of literature to its students. Firm backgrounds in literature are established by this department as it strives to present the best in literature in its curriculum.

Dr. Dallas Lacy gives examples to a class during a lecture.

Journalism Opens World of Communication

The Department of English offers a minor in journalism for those students interested in newspaper work, its technical vocabulary and its structure. A history of American journalism is offered and emphasis is placed on the development of journalism in America. All phases of reporting, news editing, copy-reading and headline writing are offered. The student is given a complete look at journalism today and yesterday and given an opportunity to minor in the field.

Maria Mitchell
Dr. Cothburn M. O'Neal

Four Degrees Given in Language Department

The Department of Foreign Languages offers majors in four languages: French, German, Russian and Spanish, with the degree in Russian new this year. There are two plans for degrees, one allowing freedom of choice of electives, the other, concentrating in foreign language and linguistics. The electives for the second plan allow students with special interest in languages to qualify for graduate work in those fields.

In the various foreign languages, stress is placed on being able to read, write, speak and listen to the language equally well. Grammar, composition and literature are presented first in elementary courses and as separate courses for advanced students.

Bleary-eyed Spanish students attend eight o'clock class.

Putting to use the principles learned in their government classes, UT Arlington students stage debates on United States Vietnam policies.

Government Department Broadens Political Thought

The Department of Government designed its curriculum to meet the needs of today's citizens and to provide the basic courses for students interested in law. Since most law schools recommend a baccalaureate degree for admission, UT Arlington has designed its studies in government to form a strong degree plan for law students.

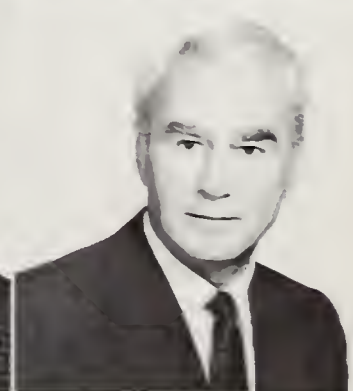

The political systems of the United States and other countries are explored, as are related government courses such as jurisprudence, politics and international law. American political thought is also examined from colonial times to the present.

Dr. Luther G. Hagard, Jr.

Hunter Schimidt, Jr.

Dr. Ivan Taborsky

History and Philosophy Explore Modern Man

The Department of History and Philosophy grants a pre-law degree on completion of the first year of law school. But the main emphasis of the department is on the history of man as a field in itself. The history of the world is explored in various courses as the ideas that men have had are presented in time sequence. American history is studied by eras and decades, and the diplomacy of the United States is explained. All groups, countries, minorities and philosophies are studied.

In philosophy, the major trends of thought are examined and their development traced. The influences of philosophy are tracked through history and their relation to literature and man are shown.

Dr. Sandra Myres explains a point in one of her lectures.

Department Instructs in Every Phase of Music

The Department of Music offers courses in music literature, music theory, music methods, applied music and in ensembles and organizations. There are seven types of private lessons given, and these lessons are a required part of the music major's curriculum. A music jury composed of members of the music faculty judge the student's progress and evaluate his standing. The department gives all students taking courses a strong background in musical instruments, voice and the music scores these media use. Emphasis is placed on familiarity with part-writing, ear-training and music history. Over 90 hours of music classes are offered in this department and a Bachelor of Arts degree is conferred on its graduates.

Physical Education Department Acquires Degree

The Department of Physical Education administers the courses that are required of all students—physical activity. Since four semesters are required, the students are recommended to take classes in a variety of activity. The aim of the department is to develop men and women who are healthy and who enjoy sports. Activity classes are held in basketball, volleyball, tennis, bowling, golf, gymnastics, swimming and other activity sports particular to men or women, including fencing, modern and folk dancing, weightlifting and tap dancing. Other activities for women are archery and physical conditioning.

This year UT Arlington's physical education program was approved by the UT Regents for a bachelor of arts degree in the field of physical education.

Girls practice their modern dance exercises before beginning dance routines.

DeWitt Easterling performs gymnastics on rings in the gym.

T. J. Tinker

Department Presents Theories and Research

The Department of Psychology offers over 78 hours of courses in the science that treats mental phenomena, their classification and analysis. Psychology is mostly experimental, causing the courses to deal with the theory and research of certain factors of human life. Behavior senses, motivation, personality and applications of human problems are explored. Methods of developing research are also taught to the psychology students to develop their techniques of analyzing problems.

The Life Science building, completed this spring, houses the psychology lecture classes, which sometimes remove to the building's shady lawn during summer school terms.

A young professor of psychology questions his pupils about decisions and the factors that influence them.

Adjacent Centers Instruct Classes in Religion

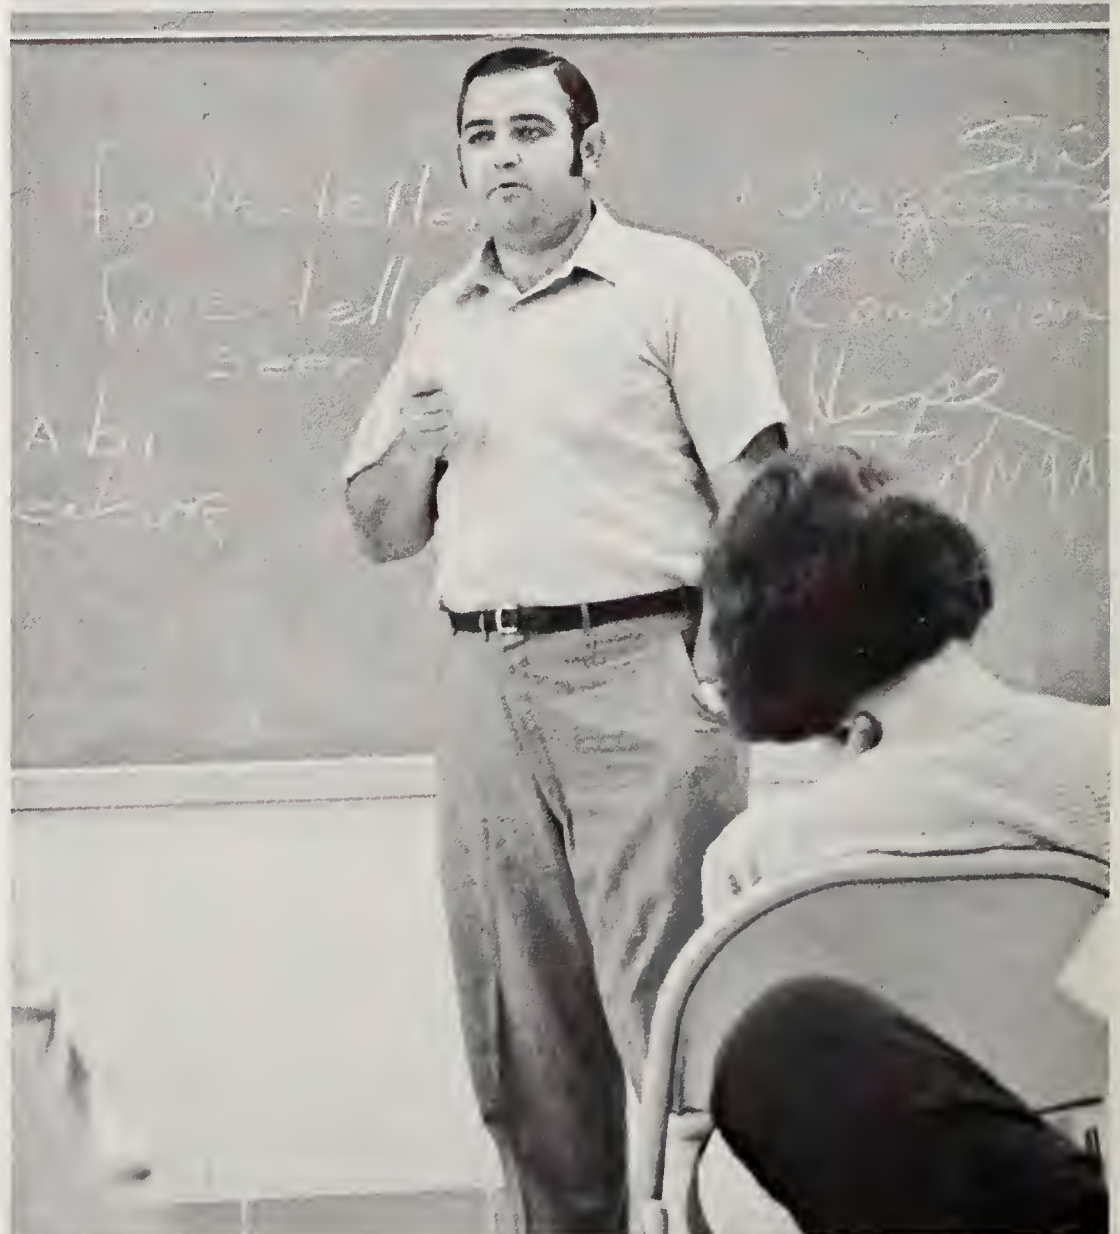

Religion courses are taught at church centers adjacent to the campus with no expense to the university. They are accredited by the university, although only nine hours of religion may be taken for credit. Among the religious organizations participating in religion courses are the Church of Christ Bible Chair, the Newman Club, the United Campus Christian Fellowship, the Wesley Foundation, the Baptist Student Center, and the Canterbury House.

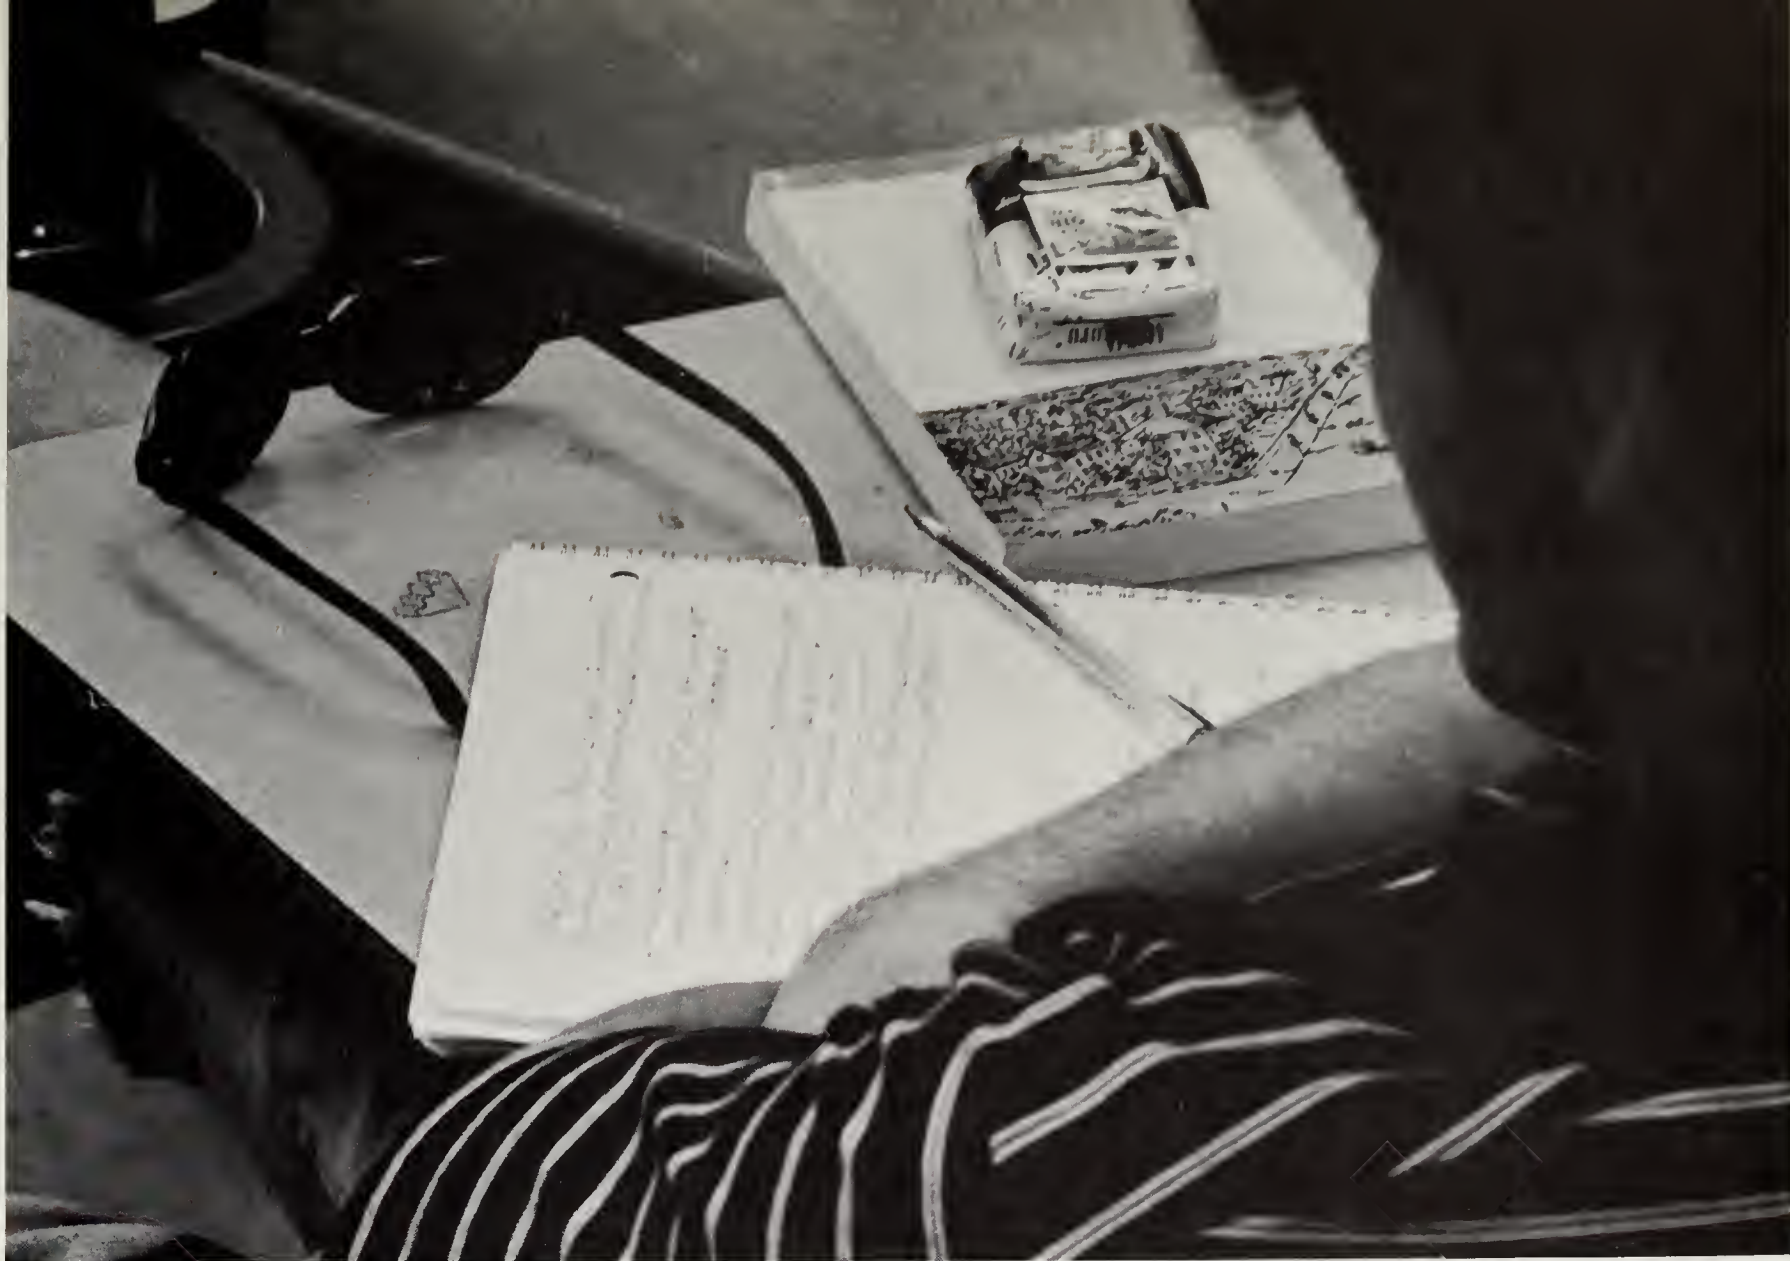

The Church of Christ Bible Chair conducts religion classes.

Paul Philips, Bible Chair Director, lists some points to remember for his Bible study class.

The Baptist Student Center Director, Dan Boling, questions his pupils.

Sociology demands the entire attention of this young student as he abandons his note-taking to listen to an interesting lecture.

Sociology Interprets Culture and Personality

The Department of Sociology offers over 99 hours of classes and introduces all forms of sociology. A scientific approach to the analysis and explanation of culture, personality and social organization is developed. The emphasis is placed upon the natural development of social processes. The community, the family, industry, cities, small towns and minorities are investigated as well as anthropology courses. The influences that cause stability and those that upset it, and personal social habits, are analyzed in many of the courses in this department which offers major and minor courses of study. The department offers a degree in Bachelor of Arts.

Blaine T. Williams, head of the Department of Sociology, cites an example for his sociology students during a lecture.

Plays Produced in Speech-Drama Department

The Department of Speech-Drama offers Bachelor of Arts degrees in two fields. The Department includes 45 hours of speech and 34 hours of drama in its curriculum and introduces all forms of rhetoric. In the first classes, fundamentals stress the individual's development of speaking abilities. Advanced courses are offered in interpretation, announcing, directing, acting and the history of drama. In drama, the Little Theater course gives students an opportunity to participate and perform in campus plays.

Margaret Cameron

Nita Cox

Charles Proctor

Charles Proctor distributes scripts to students acting in a play.

Drama students rehearse onstage for a Little Theater play production.

The School of Science

The School of Science, including the Departments of Biology, Chemistry, Geology, Mathematics and Physics, offers courses of study leading to bachelor of science degrees. Mathematics offers an additional degree of bachelor of arts.

The objectives of the courses of study are to give the graduates a strong grasp of the fundamentals of their fields, to arouse curiosity, to integrate the field into today's world, and to develop skills and communication of ideas and methods.

The Science School offers graduate study in biology, chemistry, mathematics and physics. These fields also have specialized areas within the specific department in which graduate work may be done. Graduate students also work as lab assistants to the researchers.

A chemistry student probes the mysteries of a crystal with the aid of a microscope.

Biology Prepares Students for Medical Field

The Department of Biology offers Bachelor of Science degrees in biology for pre-medical and pre-dental students. It also offers courses for students interested in medical technology, pharmacy and nursing. A teaching certificate in biology can be earned if the necessary education courses are taken as electives. Over 85 hours of biology are offered and courses vary from general biology to bacterial physiology. A summer school field course is offered in research projects for seniors who are interested. The course utilizes the biology data previously learned.

A biology student prepares a frog specimen for dissection.

Botany students carefully draw and describe the various dried plants in the display cases during a laboratory session.

Dr. Donald R. Martin,
Chairman of Chemistry
Department

Dr. John T. Murchison,
Assistant Dean of Science

Carl W. Scharf

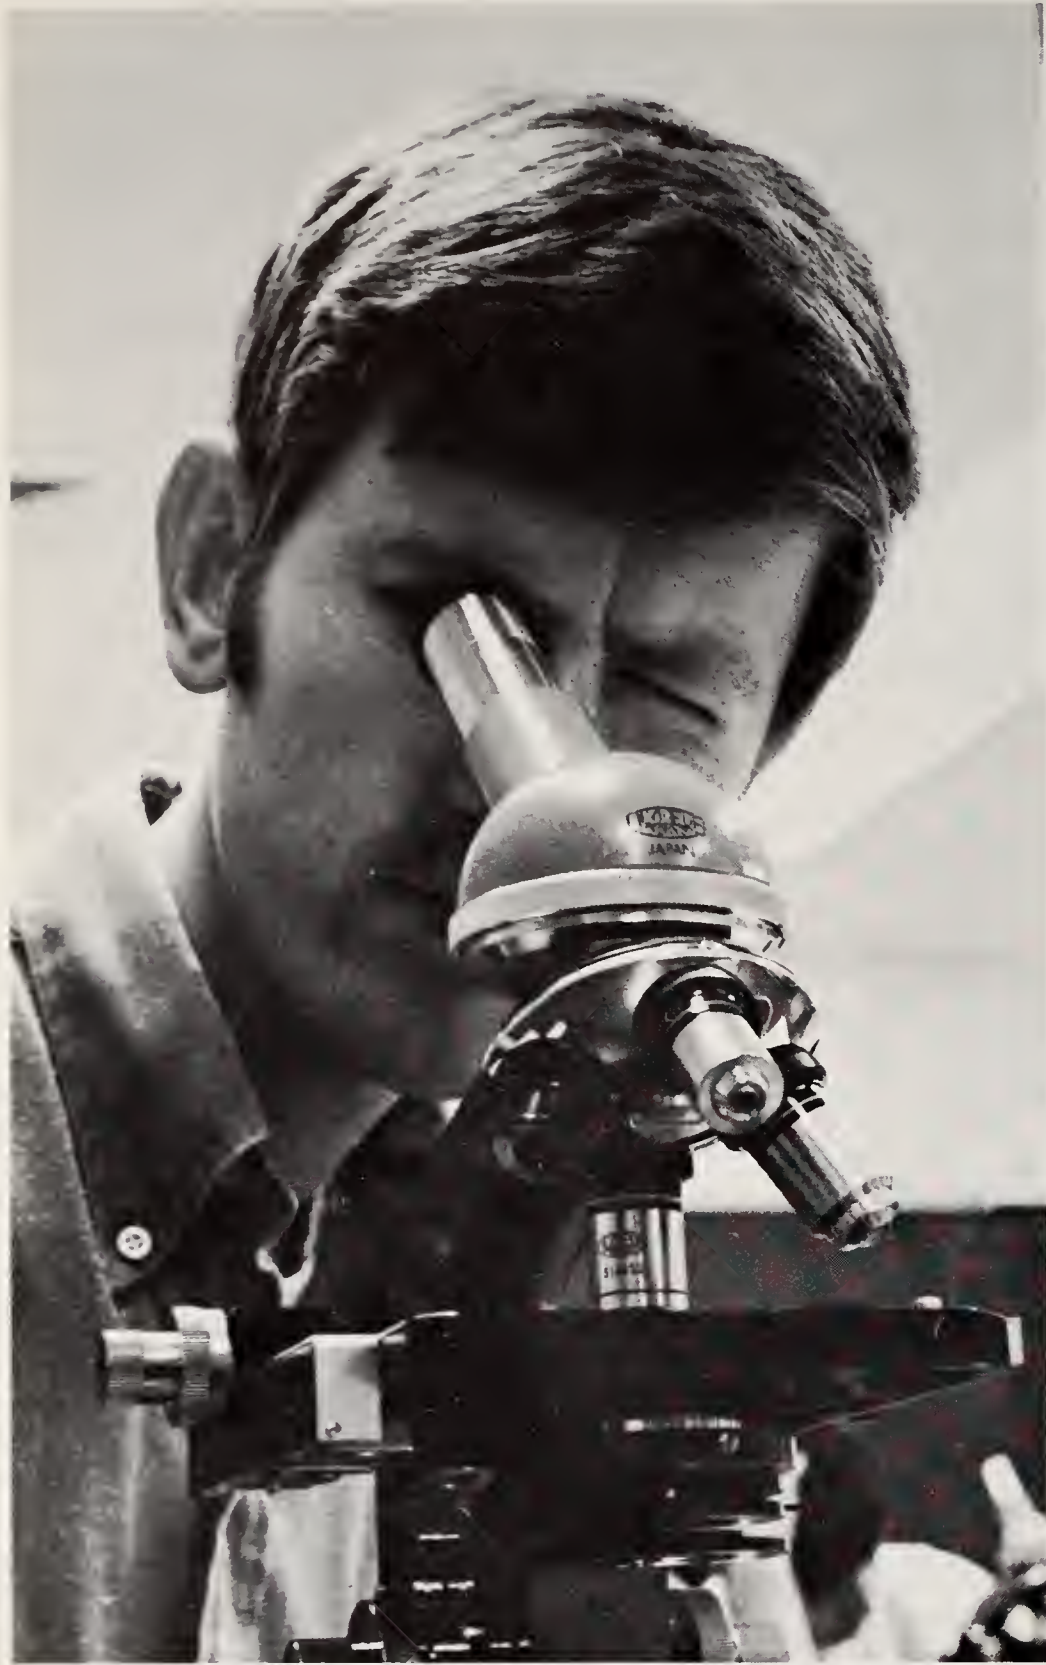

Chemistry Explores Structures of Substances

The Department of Chemistry has a four-year degree program in which over 96 hours of chemistry are offered. Through laboratory classes and theory lectures, the various studies are explored. Introductory courses for students in non-technical programs introduce the fundamental concepts. Emphasis in these courses is in the historical development and practical applications, while technical introductions explain the quantitative aspects of chemistry in basic topics such as the structure of matter and the changes it undergoes.

A student's test for an acid-base pH neutralization illustrates the necessity for precise laboratory techniques.

Chemistry Investigates Complex Chemical World;

A chemistry student observes the different aspects of a chemical substance.

Courses offered by the Department of Chemistry vary from introductory to indepth studies. Advanced chemistry courses explain the intricacies of chemical solutions and their reactions. Equilibria, thermodynamics, kinetics, electrochemistry, thermochemistry and nuclear chemistry are explained in physical chemistry courses. In organic chemistry, the numerous hydrocarbon structures and their reactions are introduced. Still further advancement links these types of chemistry together in a working natural scheme. The department offers a Bachelor of Science degree.

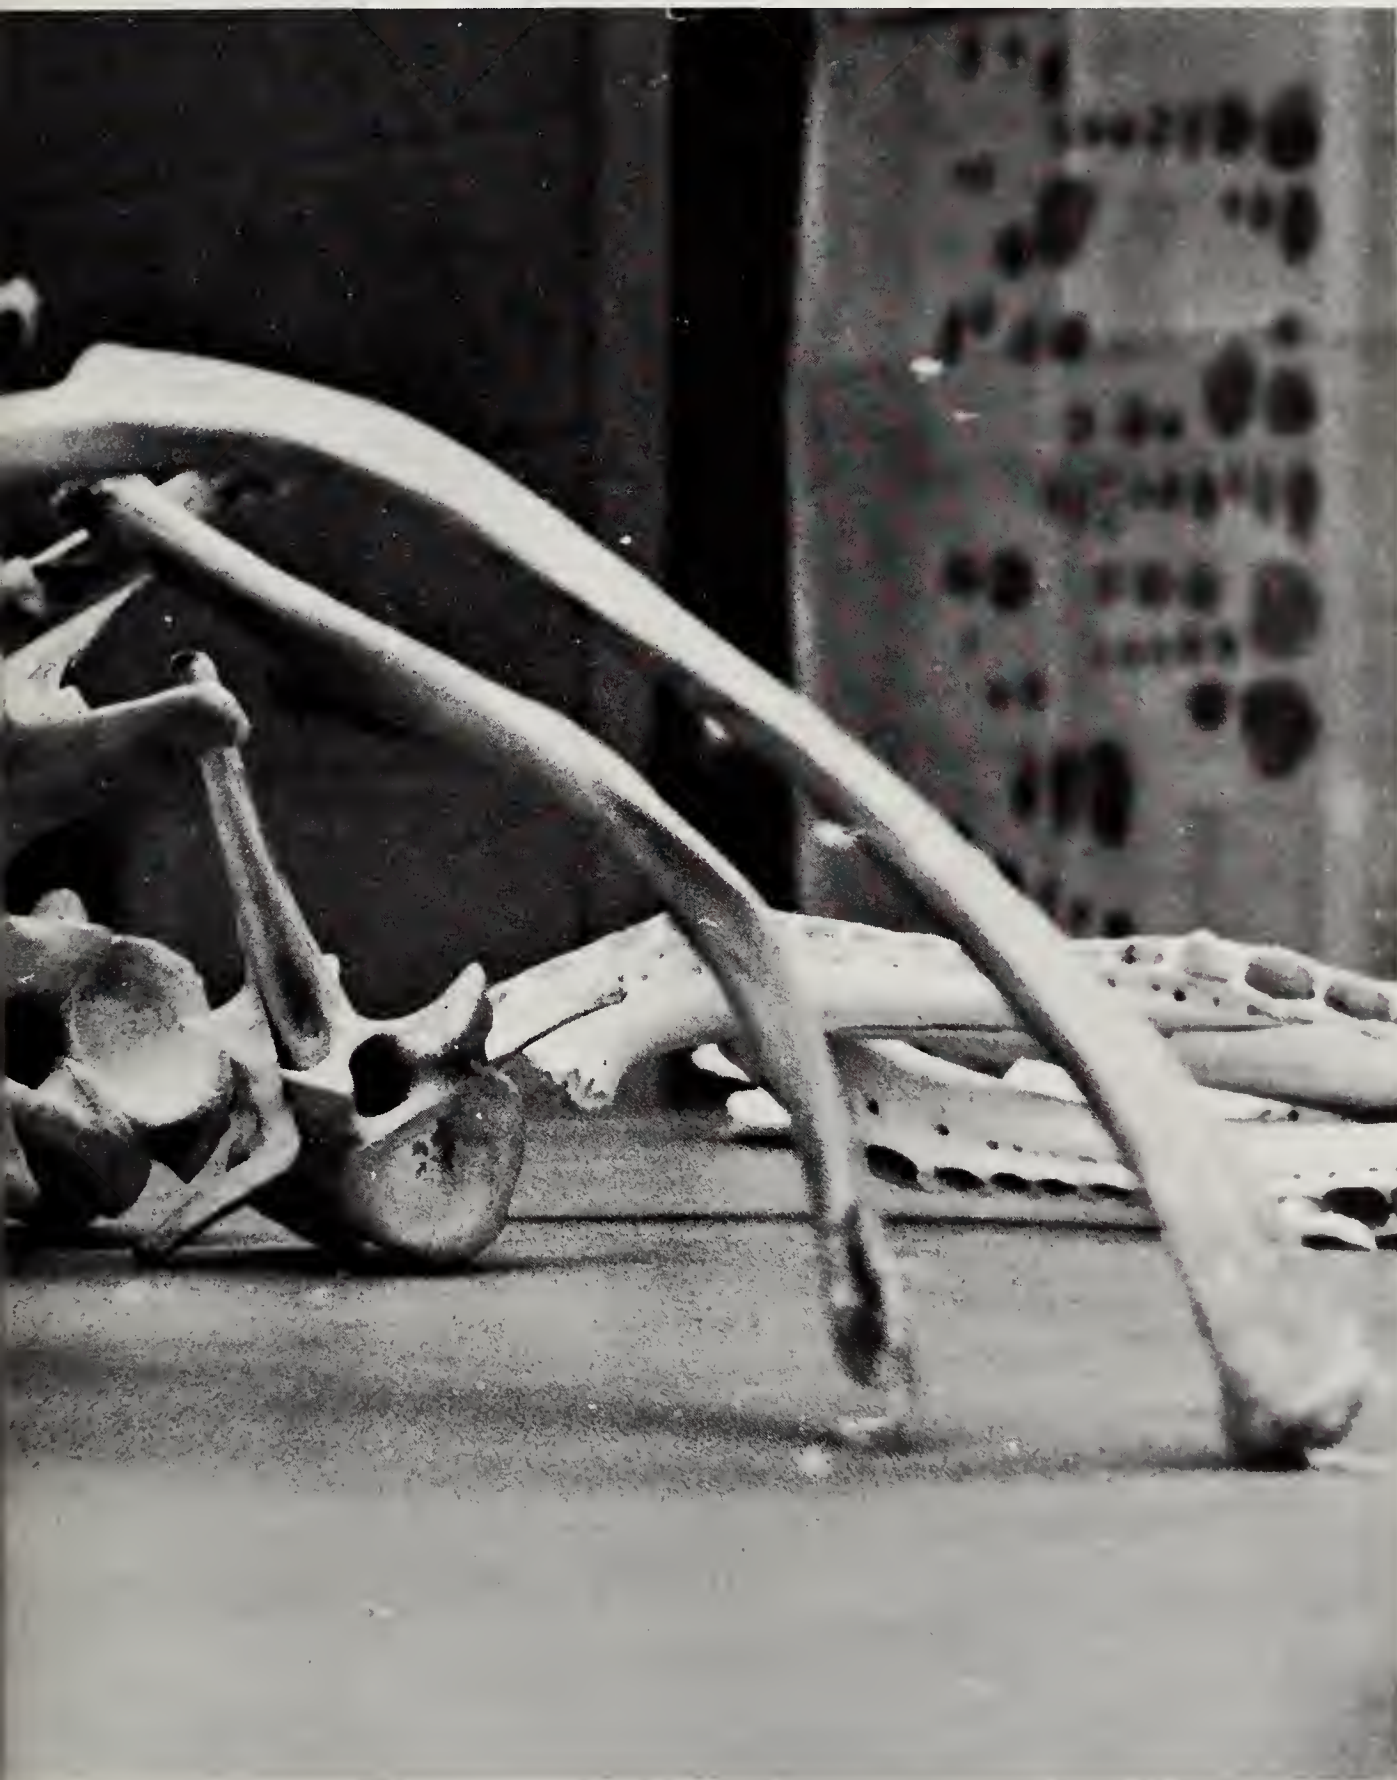

Geology Department Studies Rocks and Bones

The Department of Geology offers courses in the study of minerals, rocks, geological processes and structural geology. In advanced courses, petrology, paleontology, sedimentation and stratigraphy are introduced and examined. The department has a curriculum of over 56 hours in geology and offers a Bachelor of Science degree.

In the summer of this year, the department dug up the bones of an elephant buried on UT Arlington property. The bones will be used to compare fossils.

Dr. Charles F. Dodge

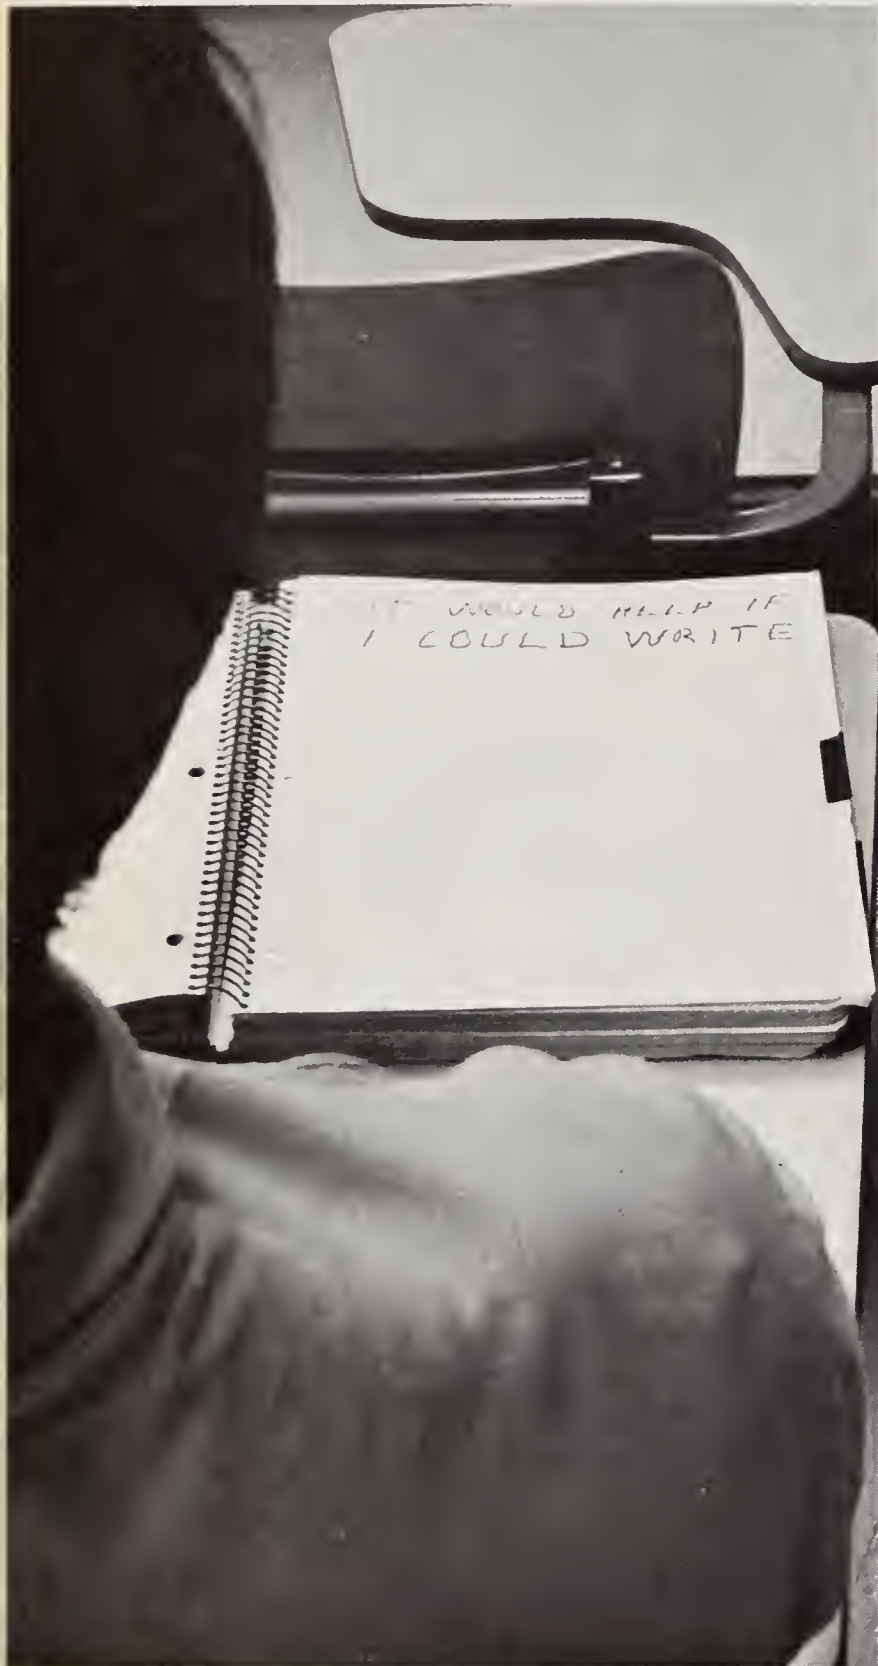

Donald F. Reaser

Animal fossils found in the earth are compared with more recent bones to determine the sources of decay

Mathematics Department Offers Varied Courses

The Department of Mathematics offers over 100 hours of courses and two degrees. A Bachelor of Arts degree, as well as the Bachelor of Science, is offered in this department. Mathematics is explored from algebra and the binomial theorem to numerical methods and special topics.

Math classes rarely demand strict note-taking, as illustrated by one student's almost-blank notebook.

Physics Explores Various Physical Phenomena

The Department of Physics offers over 67 hours of courses in its curriculum. It has instruction in physics from introductory courses to quantum mechanics. The 14-member department strives to give the students a complete knowledge of physical phenomena and reactions. It offers a Bachelor of Science degree for those students that complete a major program of study in physics.

Monroe G. Cheney

Dr. L. M. Diana

R. J. Marques,
Assistant Dean of Science

Physics students measure lens distances and check answers during one laboratory session.

The School of Social Work

The School of Social Work is a graduate school for social workers. It is new for UT Arlington and is one of only four such schools in Texas.

The school runs on two basic approaches to social work; one, direct community service and the other, administration and research. The students learn general information the first year and specialize in one field the following year. Laboratory courses are held in various social agencies in the Dallas-Fort Worth area.

Arlington graduated its first class of 24 students this spring.

One of the social work graduate students acts as a counselor at an Arlington elementary school.

Students Assist Dallas-Ft. Worth Agencies

In the administrative approach to social work, field instruction in community agencies is used to strengthen the student's skills and at the same time help the agencies to improve their services to the communities they serve.

Students have served at the Hope Cottage in Dallas, the Dallas Community Center, the U.S. Public Health Service Clinical Research Center and the Community Council of Greater Dallas. Nine of the graduate students in the first class of 24 chose to specialize in administration, research, and planning.

Social work students gather to discuss one of the social research courses.

Graduate School of Social Work Grows Yearly

UT Arlington's social work program grew from 26 students and eight faculty members in the first year of operation to 60 students and 16 faculty members this year.

Although only 24 students are graduating this spring, about 100 will be enrolled next fall with a class of 60 students entering the school at that time.

The director of the UT Arlington Graduate School of Social Work is Dr. Fernando G. Torgerson. He was appointed three years ago to start the program after the Texas Legislature established and funded the first graduate social work program in North Texas. Dr. Torgerson was also named Tarrant County Social Worker of the Year this spring.

Sister Mary Venard enlists the aid of Dr. Peter Gaupp in her research.

DAIRY LABORATORY

RESEARCH

Wilmeth Campaigns for Soviet Institute

Col. James D. Wilmeth is continuing a seven-year campaign to establish an Institute of Soviet Studies at the University of Texas at Arlington.

Col. Wilmeth, an assistant professor of foreign languages, served with the American Embassy in Moscow for several years.

"Since war between the United States and the Soviet Union is the least likely thing to happen as both sides seem to have chosen co-existence to no existence at all, conflict between these two nations is taking place in all other areas of human activity," says Col. Wilmeth.

"Ideas are the weapons. Language is the means for delivery. Men buy ideas only by rationalizing in their own language. Volkswagens are sold here, but the sales pitch is not in German. To influence a man you must talk his language.

"The development of Soviet experts is just as important to this nation as the development of space scientists and engineers.

"The main problem we face in establishing a Soviet Institute is indifference to the fact that the Soviet challenge to the United States is one which calls for better solutions than we have found at present. The way to improve the solution is to understand the problem."

R. B. Boley, assistant professor of the Biology Department, is currently involved in a study of the "Microbia 1 Flora of Small Mammals." Professor Boley has previously worked with intestinal flora and gophers in his bacterial ecological research which is sponsored by the Research Corporation of New York and the University of Texas at Arlington School of Science.

Col. Wilmeth hopes to create an Institute of Soviet Studies to further knowledge and understanding of the Soviet Union.

Dr. Gustav Anguizola laboriously researches American political trends in Latin America.

Dr. Thomas Cogdell and his assistant test a solution for carbon.

Dr. Cogdell Studies Molecular Orbital Theory

Research conducted by Dr. Thomas J. Cogdell and sponsored by the Robert A. Welch Foundation of Houston may affect the theory of molecular orbitals.

Dr. Cogdell said he is concentrating on the synthesis and acetolysis of 3,5-Cycloheptadienylmethyl Fosylate in his investigation "Orbital Symmetries and Anchemric Assistance." The research is a study of the reaction rates of conductivity of the solutions. Gas chromatography is being used in the study.

Dr. Cogdell had previous experience in this area as a result of his thesis work. Working with Dr. Cogdell is Gary Ruggles, senior Welch Undergraduate Fellow.

In a decade when United States foreign relations have been under increasing criticism, a UT Arlington professor of history is defending American politics in Latin America in his study, *A Biography of a Canal: The Canal Question in the Twenty-first Century*.

Dr. Gustav Anguizola, continuing four years of re-

search into the subject, has published five previous articles on the canal issue, among them "The Negro and the Building of the Canal" and "The Unratified Treaty of 1926."

Dr. Anguizola comments, "The results so far have given me a genuine satisfaction that past trends and current events have justified our previous research. I hope that the federal government may some day anticipate ahead of time problems such as those which have affected the Canal and thus can prevent their happening."

The American Negro community is being studied by sociologist Joyce Williams, whose research will be the basis for her doctoral dissertation at St. Louis' Washington University.

"We are investigating the effects of white suppression, Negro leadership, and the change and development of political character in the Black community by studying specific community issues," says Mrs. Williams.

Dr. Cothburn O'Neal studies a brochure in his research to formulate a contemporary linguistics handbook for today's college students.

Professor Studies Modern Linguistic Methods

A handbook designed to "help students find their way around in contemporary linguistics publications" is being prepared by Dr. Cothburn M. O'Neal, professor of English at UT Arlington.

Drawing on some twenty years experience in linguistics research, Dr. O'Neal is correlating several recent approaches to English language study.

Thus far Dr. O'Neal has developed a syntax (a study of the way words are arranged to form phrases) which he has used for five years. More recently he has compiled a phonology (a study of speech sounds) and a morphology (a study of the system of word-forming elements and processes). A previous work, an inductive grammar of English, will be incorporated into the linguistics handbook.

Among the innovations Dr. O'Neal has devised for his study is a "Typit," a typewriter with individually mounted symbols for typing phonetic transcriptions.

Dr. O'Neal has taught at UT Arlington since 1938. He is noted for his popular as well as his scholarly writings.

Taped interviews with North Africans are being used by Dr. Leon B. Blair in his three-year study of attitudes

and events in the revolutions which overthrew French colonial rule in North Africa.

Dr. Blair said, "I am especially interested in the attitude of North Africans toward the United States as a result of American support of the French colonial position.

"Our research is being used to open the way for a study of the role of the Liberation Army in North Africa."

Dr. Blair, an assistant professor of history, has one book under contract with the University of Texas Press; a second manuscript, in French, is being typed. He has also written several magazine articles on African studies.

An electron clock which is capable of measuring one 10-billionth of a second is part of the apparatus being used by Dr. John McNutt in his study "Positron Annihilation Studies in Gases."

"We are investigating the formation of cavities in gases which are positronium induced," said Dr. McNutt, an assistant professor of physics. "We are using positron annihilation lifetime methods (annihilation of matter with anti-matter). We believe we have observed this cavity formation in CH_4 ."

Positrons Used to Study Liquid's Structures

Dr. L. M. Diana is utilizing positrons in his research entitled "Use of Positrons and Positrons from ^{36}Cl Chlorine to Study Liquid Structure."

Dr. Diana is using high speed electronic equipment for coincidence detection in this investigation which is sponsored by the UT Arlington University Organized Research Fund.

Dr. Diana is an associate professor of physics.

A scholar whose background in Africa and her history includes three research trips to Africa is investigating "West Indians and the African Revolution."

Dr. Van Mitchell Smith is examining the West Indian's role in the emerging nationalism which Africa has experienced during the last two decades.

"I am still in the material-gathering stage," says Dr. Smith. "I plan to analyze the writings of West Indians. Hopefully I can come to a deeper understanding of contemporary developments in Africa and its relations with the rest of the world."

Dr. Smith is an associate professor of history, and has done much to further African studies here.

A social worker is researching social researchers as part of his study to development national manpower and educational policies and procedures for his profession.

Dr. Peter G. Gaupp, an associate professor of the Graduate School of Social Work, is continuing his analysis of the job behavior and occupational requirements in his study "The Social Work Researcher (Part III)." During 1963-68 he conducted a nationwide manpower study of social work researchers.

"We have obtained detailed information on almost 1,000 researchers. We will cross-tabulate and conduct multi-variate analysis on this information," said Dr. Gaupp.

"Thus far we have developed the first nationwide description of role requirements, supports and constraints on research practice. We have identified the researchers as the elite of social work."

Dr. John McCall is preparing his second book on the history of the massive Santa Fe Railway.

Dr. McCall, an assistant professor of economics, was co-author and associate editor of *Iron Horses of the Santa Fe Trail*, a 600-page account of the development of the Santa Fe's locomotives which was published in 1965. The work now in preparation will be titled *The Chief Way*.

"We are tracing the railroad's 100-year history as a passenger carrier, along with the story of the Fred Harvey resorts, hotels and dining facilities which were established for the comfort of the railroad's patrons," said Dr. McCall.

"We have completed the outline, assembled most of our data and have collected several early photographs, many of which have never been published. Now we must begin the writing."

Dr. L. M. Diana, associate professor of physics, is investigating positrons and their influence on liquid structures of ^{36}Cl Chlorine.

Dr. Edwin J. Louis and Dr. R. V. Tsina are post-doctoral fellows in chemistry.

Post-Doctoral Fellows Conduct Researches

Dr. Edwin J. Louis, an assistant professor of chemistry, is researching "Mossbauer Spectroscopy of Alkali Metal Tetrachloroferrates (III)" with Dr. Peter Giradot, dean of the School of Science. The three-year project is sponsored by the Welch Foundation.

Their research is a continuation of Mossbauer Spectroscopy work which was begun in 1967 by Dr. Milan Schara of the Nuclear Institute in Ljubljana, Yugoslavia.

The behavior of gold in compounds is the subject of study for Dr. Richard V. Tsina and Dr. Donald R. Martin, chairman of the Department of Chemistry. Their research is sponsored by the United States Air Force Office of Scientific Research and the UT Arlington Organized Research Fund.

These men are investigating the development of gold compounds which will be stable in water and good electrolytes for gold plating, and which do not expose the person doing the plating to possible cyanide poisoning.

Power systems research is being conducted by Dr. Junichi Toyoda, associate professor of electrical engineering at Tokyo's Seikei University, and Dr. Mo-Shing Chen, under the sponsorship of the City Public Service Board of San Antonio and the Texas Power and Light Company. Dr. Chen is the director of UT Arlington's Power Systems Research Center.

Dr. Toyoda's research involves on-line, real-time computer control of power systems. The results of the research may allow power companies to avoid cascade shutdowns of their systems. Dr. Toyoda has a broad background in power systems engineering, having made the basic research on an optimal forecasting operation of system loads in a bulky power system.

Dr. Mo-Shing Chen, director of UT Arlington's Power Systems Research Center researches computer control of power systems.

Amid the modern architecture of the UT Arlington campus, an unusual visitor appears, serving as a reminder of the area's not-so-distant past.

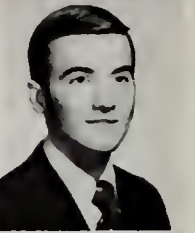

Students required to hurry long distances from far-flung parking lots find refuge from the hot sun along one of the tree-lined avenues bordering the campus mall.

A School Alive . . .

... And Growing to Meet the Future

In including an introduction tracing the school's 75-year history in contrast with the institution of today, for which the editor thanks the UT Arlington Archives, the 1970 *Reveille* staff hoped to create a book telling the story not only of one year in the history of a university, but also that of a school's lifetime of progress and change. In accomplishing this, the *Reveille* will have met one of the challenges of a 75th anniversary year.

The other challenge to be met is the test of time, for it is time that gives a yearbook value. So in the 75th anniversary of the materialization of Edward Emmett Rankin's dream, we hope that both yearbook and university may reflect the message,

"Past Growth and Future Hope"
