DEDICATION

THE ROAD TO LEARNING

Alma Mater

DEAR SCHOOL WE LOVE

Dear school we love, these things we shall remember:
Youth's brave young dreams and friendships deep and
true.

Our hearts will still grow warm in life's December
As we recall the joyous spring we knew;
Our hearts will still grow warm in life's December
As we recall the joyous spring we knew.

Look up, behold! Your banners are far-flinging
And through the years our faith we shall proclaim.
Far though we part, we shall march onward singing
Our songs of praise to glorify your name;
Far though we part, we shall march onward singing
Our songs of praise to glorify your name.

PRESIDENT T. O. WALTON

The Junior Aggie wishes to introduce to the 1940-1941 student body of the North Texas Agricultural College its president, T. O. Walton.

As a junior branch of the Agricultural and Mechanical College of Texas, we are fortunate in sharing with that institution such a president as T. O. Walton.

His life has been one of service and integrity. He is truly a leader of men.

DEAN E. E. DAVIS

Dean Davis, educator and author, has written several books, including a novel of the old South, "The White Scourge." Managing his model farm is his chief delight. Here he raises sheep and grows roses. Fishing is one of his favorite pastimes.

A real friend to the students, Dean Davis has done much for the North Texas Agricultural College during his administration as dean.

CLUB TEAS

Following registration came the teas given by the five girls' social clubs for all the freshmen girls.

It is at the fall teas that the club members do their heaviest rushing of the new freshmen.

INFORMAL INITIATIONS

Freshmen, male, drank gallons and gallons of Arlington mineral water. They had to "duck-walk" and praise Allah.

Freshmen, female, were subjected to all sorts of indignities during Stunt Day. They were forced to remain in the gaze of the lofty upperclassmen and the suffering faculty all day.

LIFE IN THE GIRLS' BOARDING HOUSES

Ingenious N.T.A.C. campus coeds are always "up to something." Reducing, learning new dance steps, keeping the freshmen in line, playing bridge, studying, and just "talking" are the usual thing.

LIEUTENANT-COLONEL MAX G. OLIVER

In June, Lieutenant-Colonel Max G. Oliver will have completed his third year as commandant at N.T.A.C. He has worked tirelessly these three years with but one aim—that of making N.T.A.C. a better school militarily and scholastically. This year he inaugurated a new military training plan which has given each cadet practical field training in conjunction with theory work.

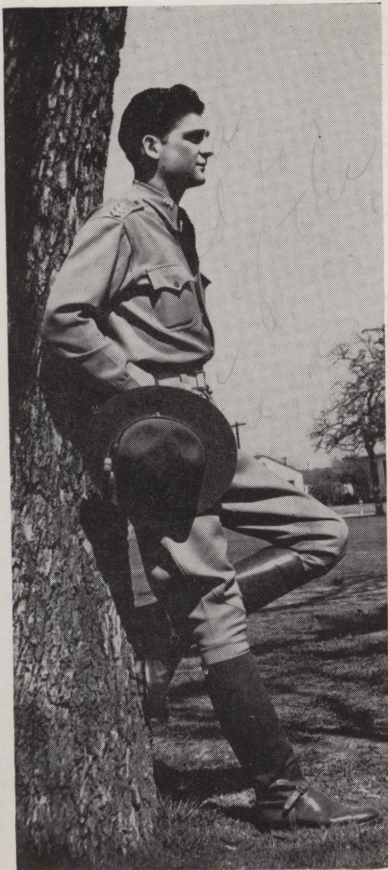

Handwritten notes in cursive script, partially legible, including the words "N.T.A.C." and "military training".

Colonel Cain

From Dallas comes our flying colonel, Don Cain. His military record here is an envious one. He enrolled in 1938 with no previous military training. During his freshman year he attended special military classes. He was made a First Lieutenant and Regimental Plans and Training Officer at the beginning of his second year. In November of the same year he was made a Major and at the final parade he was promoted to Lieutenant-Colonel. He received his Colonel's commission in November, 1940. Faced with the huge task of adjusting 1,200 cadets to new military rules and regulations, Don has served admirably in his capacity as Colonel.

COLONEL DON CAIN
Regimental Commander

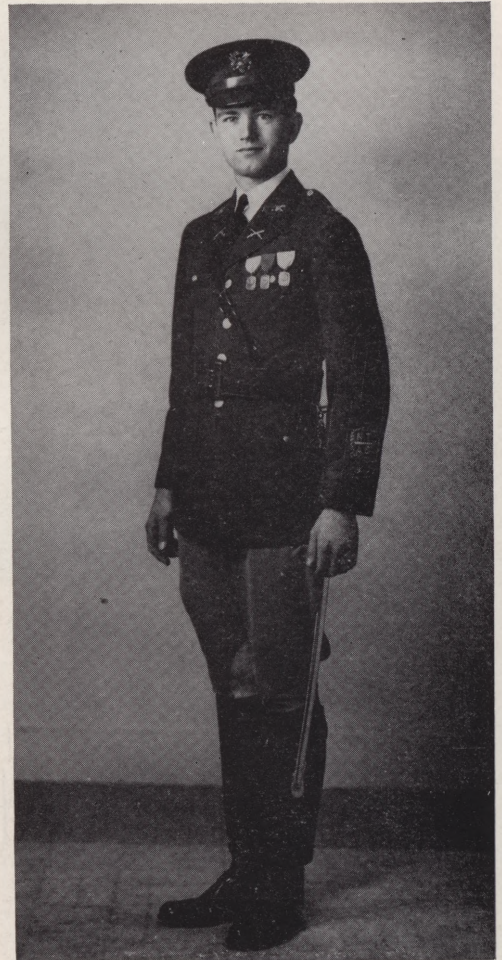

Lieutenant-Colonel James Cunningham
Regimental Executive Officer

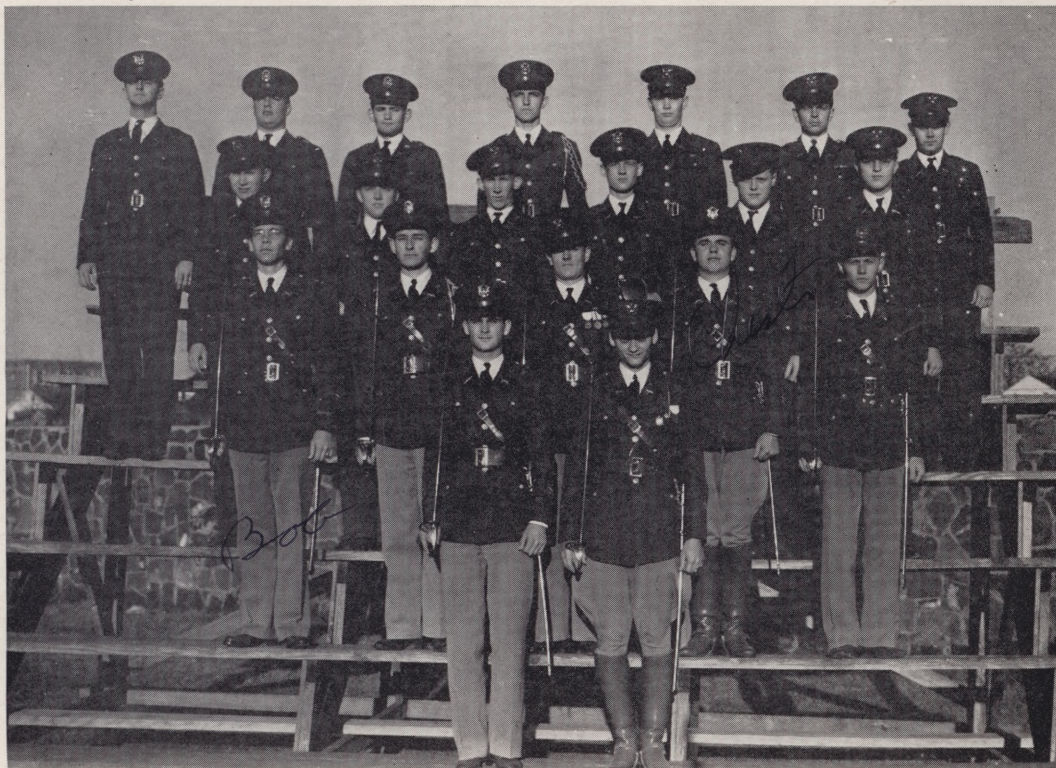

Nickey, a natural born military man, is from Dallas. He was selected as the best drilled freshman cadet in the regiment in 1939. Promotion for Nickey came fast his second year. By midterm he was made Lieutenant-Colonel and regimental executive officer. Member Student-Faculty Committee. . . Royal Escort in the Coronation. His passion for anything red is evident in his choice of Buicks.

Jim Cunningham came to N.T.A.C. in 1938 from Whitesboro. In the fall of 1939 he advanced rapidly to the position of Captain of Company A. He became a Lieutenant-Colonel in November, 1940 and was assigned as regimental executive officer. President of K.K.K. . . Vice-President of the Officers' Club. . . Royal Escort in the Coronation. . . Jim has an aptitude for business administration, his major.

The Coronation

The night of St. Valentine's Day ushered in Sweethearts on Parade. To the strains of "Will You Remember" from *Maytime* the Coronation occurred amid a setting of red hearts trimmed with white frills. Down the aisle marched the sweethearts of the various campus clubs, the princesses and their royal escorts, the who's who representatives, the visiting royalty, and the King, with his military escort and finally the Queen, with her entourage. Cadets with that "something about a soldier" look . . . glamorous gowns and beautiful girls . . . sweet music and laughter . . . in short the '41 Coronation.

He likes to sing as was evidenced by his apparent enjoyment of his own excellent rendition of Ko Ko in the spring operetta, "The Mikado." Travel and the glamour of stage life have always appealed to Fred. Next year he wants to attend the Chicago Conservatory of Music.

WHO'S WHO

ANNOUNCER

Pause for student identification. . . Jack Baker, who has long been interested in speech and dramatics, plans to be a radio announcer. He will not be a novice when he enters the profession, for he already has had radio experience. Black wavy hair and dancing ability may not be stepping stones to becoming a radio announcer, but they help this Kansan to step right along with Texas coeds.

SCRIBE

Besides doing a "bang-up" job as editor of the SHORTHORN, Verner Bee Fry heads the Press Club, writes poetry, plays tennis and ping pong. Another of her favorite diversions is writing letters to herself. Her pet peeve is sarcastic people. She is a day-dodger from Fort Worth and plans to complete her work at the North Texas State Teachers' College at Denton.

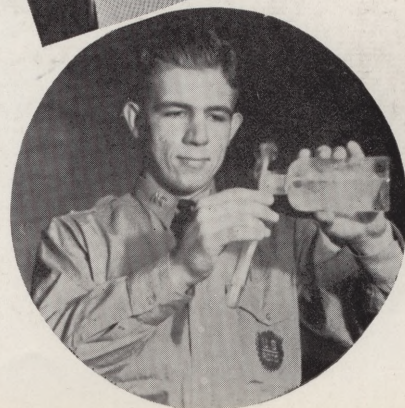

COOK

Although Gloria McCoy was born on April Fool's Day, she's nobody's fool when it comes to cooking. Attractive brunette. . . Avolonte. . . Secretary Home Economics Club. . . Day-dodger. . . She enjoys dancing, playing ping pong, and writing letters. She plans to major in dietetics at T.S.C.W.

DOCTOR

A Dallas day-dodger is Paul Millikin. His interests and duties are well divided, for he is an assistant in the French department, vice-president Pi Mu, member of Phi Kappa Theta, and Officers' Club. "Math-shark" Millikin makes 100's on his math finals and aspires to be a surgeon. Dancing and fishing are his favorite pastimes. He tentatively plans to attend Texas University next year.

WHO'S WHO

BIG SHOT

Don Cain, Colonel, King, president Officers' Club and Aggie Bar, chairman Student-Faculty Committee, is a pre-law major from Dallas. This titled fellow with magazine-ad hair enjoys flying and writing rhymes. Don plans to obtain his law degree from Texas University.

ATHLETE

Wanda Saunders is good in all sports, but she's "the best" when it comes to badminton. Being student assistant for the Physical Education department and treasurer of the La Docena Club are only two of her many activities. She likes to eat at Varsity Hall—whenever she gets an invitation. Medicine is the chief dislike of this Dallas day-dodger. She plans to attend Baylor University.

DESIGNER

Charles Ursell, wavy black-haired student assistant in the Engineering department, is president of the Engineering Society, a member of the Officers' Club, Bull Pen, and O.K.K. Keeping an honor cord for the last three years hasn't prevented his finding time to play and to strum a Hawaiian guitar. He is a boarding student from Corpus Christi whose ambition is to be a designer of technical machinery. A. and M. is his choice in scholastic institutions but blondes from Dallas are his choice in the feminine line.

NURSE

Ray Leonard is an Arlington brunette with a flawless complexion. A sweet disposition and excellent grades are among her assets. She wants to be a nurse and to attend the University of California. A general academic major, student assistant in the English department, and a member of Phi Kappa Theta, Ray collects glass pitchers.

WHO'S WHO

WIND-JAMMER

Hamilton Moffett is eighteen years old, a day-dodger from Lancaster, and an agriculture major. He is the executive officer of the band and plays first clarinet. He wants to work for the Government in the Bureau of Agriculture. Next year he plans to go to A. and M.

STATISTICIAN

To be a statistician in the field of education is the desire of Frances Gulledge. She can put the boys to shame when it comes to working trig or calculus. Ping pong, tennis, and swimming are her favorite sports. She is a student assistant in the Education department, a member of S.O.S. and Phi Kappa Theta and plans to attend the University of Texas.

ENGINEER

Pat Rauselbach's swing, whether on the green or on the dance floor, is plenty good. A runnerup in the 1939 Central Texas Golf Tournament and a jitterbug deluxe, Pat is a grader in the Engineering department. He is a member of the Engineering Society, Officers' Club, O.K.K., and T Association.

ACCOUNTANT

John Moore is a student assistant in the Business Administration department, vice-president of the B.A. Club. He likes football and baseball. Music by Glenn Miller and radios by John Moore are his chief delight, however. John's ambition is to get into Pensacola Naval Air Corps. He is from Fort Worth, but lives at the College Farm.

The T.C.U. Freshmen handed the Aggies their first defeat by a score of 14-7. Midway in the third quarter a drive featuring Threat's passing and running ended in an Aggie touchdown when the ball was carried over from the fifteen-yard line. The T.C.U. Freshmen scored twice in the fourth period.

The Aggies again suffered defeat when they met the Paris Dragons. J. B. Smith's continued long punting was a major factor in keeping the score down to 6-0.

The Junior Aggie-Weatherford Coyote game featured Carl Knox and Buford Hudgins in a

passing attack which won the game for the Aggies, 26-14.

The following week Schreiner Institute beat the Aggies 38-0.

The San Angelo Rams handed the Aggies their third defeat in conference play, 7-0.

Playing in Jacksonville, the Aggies beat the Lon Morris Bearcats by a score of 13-0. Although the game was played in freezing weather, the Aggies' passing attack was used to advantage.

Without a doubt the most exasperating job on the campus, editing a Junior Aggie, has its compensations in the hope by the staff that they are accurately recording impressions of this year for future reference.

The hardest part of the task is the constant struggle to create a yearbook that is "different" from previous annuals—a desire impossible of attainment in many ways. In carrying out our theme, which we believe is unique, we have attempted to achieve this end.

With the hope that in some part of the book will lie a particular appeal for each one of you, the staff gives you the 1941 Junior Aggie.

The officer of the day stopped a mess orderly as he was carrying a soup kettle out of the kitchen.

"Here, you," he snapped, "give me a taste of that!"

Obediently he was handed a ladle, and he tasted it.

"Great Scott! Do you call that stuff soup?" he roared.

"No, sir," responded the orderly meekly, "that's dish water."

He: "How many drinks does it take to make you dizzy?"

She: "Two, and don't call me 'Dizzy'."

JITTERBUGGING....REMEMBER?

One, two, three, kick! Ouch! And your neighbor on the dance floor looked at you with pain in his eyes . . . Remember? Jitterbugging began at the Mixer with only a few brave couples daring to start an innovation. With every succeeding dance more students began to get into the swing of this unusual type of "rug-cutting." Jitterbugging just seemed to get into the blood of the daring youngsters at N. T. A. C. It reached a climax during the spring semester when a petition was made up to stop all jitterbugging at formal dances. All sorts of compromises were offered by the student body. Finally at some of the dances, certain areas of the dance floor were assigned to these "more energetic swingers." Jitterbugging was the thing at N.-Tac. dances in 1940-41—Remember?
