

THE UNIVERSITY OF TEXAS
AT ARLINGTON

Date: June 28, 2004

From: Institutional Animal Care and Use Committee

To: Dr. Jonathan A Campbell
Biology

Title of Protocol: *The Amphibians/Reptiles and their parasites of Mexico-A Megadiverse Country*

Protocol Number: A04-023

This protocol replaces protocol number: A01-006

The Institutional Animal Care and Use Committee (IACUC) considers this research study to be consistent with the recommendations in *The Guide for the Care and Use of Animals*, the Animal Welfare Regulations, and the Public Health Service (PHS) policy. The IACUC has approved this study, and your official approval date is **June 24, 2004**. This approval is effective for a period of 3 years, *pending submission and approval of annual reports*.

The United States Department of Agriculture (USDA) and the PHS require you to submit annual reports for review by the IACUC. **Your annual report is due on the anniversary date of IACUC approval of your study. Failure to submit an annual report on or before the anniversary date of the IACUC approval of your study will result in automatic termination of the protocol.** If automatic termination occurs, you will be required to cease all activities with animals used in your study and to submit a new protocol for review and approval. If your protocol has expired and you continue to use animals, this is considered a violation of federal regulations that govern the use of animals in research. Such violations must be reported to the federal government and to university officials. Termination of your research and your funding by the government and/or the university may occur.

Any modifications made to the protocol must also be reviewed and approved by the IACUC before implementing. In addition, approval by the appropriate authority at a collaborating facility is required before animal subjects may be used.

If you have any questions related to this research or the IACUC, you may contact me at (817) 272-1302 or the Office of Research at (817) 272-2105. For more information regarding IACUC procedures and applicable forms, please see the Research Compliance website at http://www2.uta.edu/ogcs/Research%20Compliance/Animal%20Subjects/Animal_Subjects.htm.

Sincerely,

Michael R. Roner, Ph.D.
Assistant Professor, Biology
Chair, Institutional Animal Care and Use Committee

AMENDMENT TO IACUC ANIMAL PROTOCOL

IMPORTANT NOTE: The United States Department of Agriculture (USDA) and the PHS require you to submit proposed significant changes regarding the care and use of animals in ongoing activities for IACUC review and approval *before* implementing the changes. **Failure to obtain IACUC approval of a modification to your protocol could result in suspension of the study that was previously approved, if the IACUC determines that the activity is not being conducted in accordance with the original approved protocol.** If this occurs, you will be required to cease all activities with animals used in your study until further review by the IACUC and the Institutional Official. If your protocol is suspended and you continue to use animals, this is considered a violation of federal regulations that govern the use of animals in research. Such violations must be reported to the Federal government and to University officials. Termination of your research and your funding by the government and/or the University may occur.

INSTRUCTIONS: Please complete and submit this form (typed) to the Office of Research Compliance at Box 19188 or fax to 817-303-9178. If you have any questions, please contact the Office of Research Compliance at 817-272-3723 or Dr. Michael Roner (IACUC Chair) at 817-272-1302.

General Information

IACUC Protocol #	<u>A04-023</u>	Original Approval Date	<u>June 24, 2004</u>
Principal Investigator	<u>Dr. Jon Campbell</u>	Dept	<u>Biology</u>
E-Mail	<u>Campbell@UTA.edu</u>	Phone (Office)	<u>Box # 19498</u>
Project Title	<u>The amphibians + reptiles + their parasites of Mexico</u>		
Today's Date	<u>5 Oct 2005</u>	Funding Agency	<u>NSF DEB # 06423610</u>

Nature of Requested Changes

Please check the nature of your requested change (check all that apply and complete the sections indicated):

- Change of project title (*Complete Section A*).
- Change of funding agency (*Complete Section B*).
- Change in number of animals (*Complete Section C*).
- Change and/or addition of procedures (*Complete Section D*).
- Change and/or addition of animal species (*Complete Section E*).
- Change of personnel (*Complete Section F*).

* All changes require the completion of Section G, "Assurance and Signature."

Section A: Change of Project Title

Proposed Title Change _____

Section B: Change of Funding Agency

Name of New Funding Agency _____
